## ELECTORAL REVIEW SUB-COMMITTEE

#### 25 March 2013 at 6.00 pm

Present:- Councillors Chapman [Chairman – on Election], Bower, Mrs Brown, (substituting for one of the Conservative Vacancies) and Nash.

## 7. <u>ELECTION OF CHAIRMAN</u>

The Sub-Committee

RESOLVED

That Councillor Chapman be elected Chairman for the meeting.

#### 8. <u>APOLOGIES FOR ABSENCE</u>

Apologies for absence had been received from Councillors Dendle and Gammon. The Sub-Committee noted that Councillors Chapman and Charles were acting as their substitutes.

#### 9. <u>DECLARATIONS OF INTEREST</u>

The Monitoring Officer has advised Members of interim arrangements to follow when making declarations of interest. They have been advised that for the reasons explained below, they should make their declarations on the same basis as the former Code of Conduct using the descriptions of Personal and Prejudicial Interests.

#### Reasons

- The Council has adopted the Government's example for a new local code of conduct, but new policies and procedures relating to the new local code are yet to be considered and adopted.
- Members have not yet been trained on the provisions on the new local code of conduct.
- The definition of Pecuniary Interests is narrower than the definition of Prejudicial Interests, so by declaring a matter as a Prejudicial Interest, that will cover the requirement to declare a Pecuniary Interest in the same matter.

Where a member declares a "Prejudicial Interest", this will, in the interests of clarity for the public, be recorded in the minutes as a Prejudicial and Pecuniary Interest.

There were no Declarations of Interest made.

#### 10 <u>MINUTES</u>

The Minutes of the meeting held on 27 September 2012 were approved by the Sub-Committee as a correct record and signed by the Chairman.

#### 11. FINAL RECOMMENDATIONS FROM THE LOCAL GOVERNMENT BOUNDARY COMMISSION FOR ENGLAND ON THE ELECTORAL REVIEW OF ARUN DISTRICT COUNCIL

The Local Government Boundary Commission for England published its final recommendations on the review of Arun District Council on 26 February 2013. All Members of the Council had been provided with a copy, including the relevant maps. The recommendations from the Commission had been attached to the agenda.

The Chairman asked the Sub-Committee if it had any views that it wished to express with regard to these final recommendations.

The Sub-Committee agreed that although a reduction in Council size from 56 to 54 Councillors was not massively different the review had been a useful exercise to undertake. Despite this, criticism was made about the consequential parish changes as these created Parish wards that were no longer coterminous with the District wards. The Sub-Committee accepted that although nothing further could be done to change the final recommendations, the concerns expressed over the Town and Parish warding arrangements should be formally placed on record via these minutes. There was also concern that these changes could confuse the electorate.

Further concern was expressed with regard to the recommendations for Littlehampton which saw changes to include 3 new wards. Similarly, the changes for Bognor Regis saw an increase in wards from 4 to 6. Other comments made focused on the belief that the Commission through these recommendations had demonstrated its objective to try and remove single Member wards. The final arrangements for Angmering & Findon and Arundel & Walberton were cited as such examples as they both saw a merger into combined wards.

The Head of Democratic Services confirmed that the next stage for the Commission would be to lay a draft Order with these changes before Parliament which would confirm that the changes would come into force at the next District and Town and Parish Elections in May 2015. She agreed with the views expressed by the Sub-Committee in that there would now be a lack of coterminosity between Parish and District wards which would make the election process a real challenge.

It was outlined to Members that with the current priorities facing the Election team in preparing for the County Election, there had been insufficient

#### Subject to approval at the next meeting

time to look fully at the implications but that little could be progressed about what needed to be done until the final Order was confirmed by Parliament.

Following some further discussion, the Sub-Committee noted the Electoral Commission's final recommendations on Electoral Review for Arun District Council.

#### 12. <u>FEEDBACK ON THE POLICE AND CRIME COMMISSIONER</u> <u>ELECTIONS AND POLLING STATION TRIALS</u>

The Head of Democratic Services firstly provided the Sub-Committee with a verbal report back following the Police and Crime Commissioner Elections held in November 2012.

The main issues for the Sub-Committee to note related to the very low turnout which was 14.8% within Arun, slightly below the 15.1% national figure. The most common reason for not voting, from those surveyed by the Electoral Commission, had been down to a general lack of awareness with 55% of respondents stating that they knew nothing at all or not very much about what the elections were about. Late legislation had also caused issues for the Electoral Services team who only knew how much funding was being provided 3 weeks before the election timetable commenced. Feedback received from candidates nationally outlined that there were difficulties experienced in getting the 100 signatures needed and in raising the £5k deposit required.

No issues had been raised in the Council's arrangements at Arun with the Council meeting the Returning Officer's performance standards in most part. The Head of Democratic Services informed members that there was an outstanding issue about the postal vote statement used which might result in the Council being marked as below performance. This issue was ongoing.

The Head of Democratic Services then verbally reported on the Polling Station trials that had been undertaken and explained that reviews had taken place in instances where premises were no longer available and for others where the Sub-Committee had been keen to amalgamate stations rather than maintain lots of smaller ones. These trials had been undertaken for the November Police and Crime Commissioner Elections and a table illustrating the current position and feedback received was circulated at the meeting.

The Sub-Committee was advised that other than Poling, it was proposed that the trials continue for the County Council Elections on 2 May 2013 and in view of the low turnout experienced in November. The trials in place had been supported from consultation undertaken with Ward and County Councillors but that limited feedback had been received from electors as to whether they felt that the arrangements had worked or not.

The Head of Democratic Services outlined that for Poling it was proposed that a polling station be located in the village in view of the deep concern expressed about only being able to vote in Arundel. With the help of the owners of Fairplace Barn it had been possible to identify a way of making the building accessible through using a previously unavailable entrance. This

#### Subject to approval at the next meeting

arrangement would be trialled at the forthcoming Angmering By-Election to be held on 18 April 2013 and then again for the County Elections in May 2013. The outcome of the assessment of the voting figures would then determine what decision would be made as to whether this arrangement would continue or not.

The Sub-Committee was advised that there were 2 new areas where remedial action had had to be taken for the May elections. These both related to polling stations located in Bognor Regis. The table circulated provided the detail relating to these changes which had both been supported by Ward Councillors.

Finally, Members were advised that there was a new requirement to undertake a full review of Polling Stations starting from 1 October 2013 and so the feedback from the County Elections and from the Sub-Committee would be used to inform this.

The Sub-Committee then noted the contents of the verbal update provided and the feedback table circulated at the meeting.

#### 13. <u>ELECTORAL REGISTRATION – UPDATE</u>

The Head of Democratic Services provided the Sub-Committee with a verbal update on electoral registration.

Firstly, Members received an update on the annual canvass arrangements for 2013, as a different timetable needed to be in place due to the preparations for individual elector registration.

Turning to the introduction of individual elector registration, the Head of Democratic Services circulated an information sheet which had been developed by the Cabinet Office. This set out a timetable that needed to be worked to in preparing for and implementing individual Electoral Registration.

The Head of Democratic Services explained the transition to the new system which would be an extremely labour intensive piece of work. She outlined that the implementation plan circulated aimed to help Members understand how much work had to be completed in planning for the new system. Although grant money would be received from the Cabinet Office for this purpose, the amount to be received was not yet known but it was likely that the Election team would have to grow in terms of staffing numbers to ensure that the large amounts of work that would to be undertaken would be completed in time.

Discussion took place on the intention of the process and that it would be interesting to see how individual Electoral Registration might affect the already poor response rate to the annual canvass. The Sub-Committee was doubtful that this change would increase numbers and suspected that it would have the opposite effect.

# Subject to approval at the next meeting

Following some discussion, the Sub-Committee received and noted the updates provided.

(The meeting concluded at 6.30 pm)

#### AGENDA ITEM NO 6

#### ARUN DISTRICT COUNCIL

#### ELECTORAL REVIEW SUB-COMMITTEE – 14 AUGUST 2013

Information Paper

- Subject : Review of the West Sussex County Council Election 2 May 2013
- Report by : Nigel Lynn, Deputy County Returning Officer

Report date : July 2013

#### EXECUTIVE SUMMARY

This report reviews the arrangements within the Arun District for the West Sussex County Council Election held on 2 May 2013.

#### RECOMMENDATION

It is recommended that the report be noted.

#### 1.0 INTRODUCTION

- 1.1 Elections were held for all 71 electoral divisions of West Sussex County Council [WSCC] on 2 May 2013. Within Arun, we were responsible for managing arrangements for the 13 electoral divisions of:
  - Angmering & Findon
  - Arundel & Wick
  - Bersted
  - Bognor Regis East
  - Bognor Regis West & Aldwick
  - East Preston & Ferring
  - Felpham
  - Fontwell
  - Littlehampton East
  - Littlehampton Town
  - Middleton
  - Nyetimber
  - Rustington

- 1.2 Since the election, a review has been undertaken of our project management approach, how things went on polling day itself, and the arrangements for the verification/count to help with future election planning. Feedback has been sought from the County Returning Officer's Team at WSCC, internal teams involved in all elements of the election arrangements, Corporate Management Team and from candidates and election agents.
- 1.3 No significant issues of concern have been raised and generally the feedback has been positive from all those consulted. 1 complaint was received from a voter which has been investigated and responded to. This positive view reflects the Electoral Commission's recently published report on local elections held in England and Anglesey on 2 May 2013. Their research with voters shows very high levels of confidence with 97% of polling station voters and 96% of postal voters saying they were satisfied with their experience of voting.

#### 2.0 ELECTION PLANNING

- 2.1 This was the first time for some years that the West Sussex County Council election had been managed as a single election, so there was less complexity. We were working to the direction of the County Returning Officer, Tony Kershaw and arrangements were coordinated across West Sussex with the aim of providing a consistent approach to all candidates; and standardising election notices published.
- 2.2 As in previous years, we followed a detailed project plan process to minimise risk and ensure that the key deadlines in the election timetable were met. This included trialling some new arrangements with postal votes and at the count as part of our planning for the May 2015 elections when we will be managing a combined Parliamentary, District and Parish election. We were also working to ensure that we met the performance standards set by the Electoral Commission which now involve regular checks of progress.
- 2.3 Our plans were extended following a request for a parish by-election in the Rustington East Ward of Rustington Parish Council. This had minimal impact on our planning arrangements.

#### 3.0 RAISING ELECTOR AWARENESS

- 3.1 As in previous years, we adopted a public awareness campaign using the local media and Council's website to highlight the key stages in the election timetable. This aimed to raise awareness with prospective candidates of the process to be followed in standing for election; and to encourage electors to register to vote or choose to vote by post or proxy.
- 3.2 All the relevant statutory notices were also published on the Council's website, at the two Receptions at the Arun Civic Centre and Bognor Regis Town Hall and on the relevant Parish noticeboard. We also published the results live to the website throughout the count.

#### 4.0 FACTS AND FIGURES

- 4.1 To promote information on standing for election, we held a briefing in February 2013 for prospective candidates and election agents. We had 27 attendees at this session.
- 4.2 There were 56 candidates for the 13 electoral divisions, compared with 51 in 2009. Across West Sussex, 317 candidates stood for the 71 electoral divisions, compared with 282 in 2009.
- 4.3 The number of voters and postal voters was similar to 2009. Turnout was lower this year to 2009. Comparisons are shown below:

	2013	2009
Total eligible voters	114,292	113,276
Postal & Proxy Postal voters	14,410 [12.6%]	14,974 [13.2%]
Turnout	31.58%	39.12%

- 4.4 The percentage return of postal votes within Arun was 64.9%. This is similar to the postal vote turnout for England at 67%.
- 4.5 The overall lower turnout may have been due to this being a single election. In 2009 the WSCC election was combined with the European Parliamentary election. Comparing the highest and lowest figures [which are the same divisions as in 2009]:
  - **Highest** East Preston & Ferring at 36.64% [compared with 46.08% in 2009]
  - Lowest Bognor Regis East at 24.43% [compared with 30.19% in 2009]
- 4.6 The turnout across West Sussex was 29.96% compared with 38.72% in 2009. The 2013 figure compares with the turnout across England of 30.9%.

#### 5.0 <u>FEEDBACK</u>

- 5.1 To assist in the review, meetings have been held with the key staff involved to consider our processes and systems; and the reports made by Presiding Officers from polling day have been reviewed and actioned where required. The analysis has been considered by the Corporate Management Team and no issues of significance have been raised. Where areas for improvement have been identified, these have been included in future project plans.
- 5.2 We also sought feedback from the candidates and agents involved in this election. This sought comments on:
  - the Nomination Process
  - Polling Day
  - Polling Stations
  - o arrangements for the Verification and Count

- 5.3 11 responses were received from over 60 enquiries sent out. The feedback received is set out in Appendix 1. We will be taking on board the comments made about the acoustics at the Arun Leisure Centre in future planning and I can confirm that the floral display was provided at no cost to Arun.
- 5.4 In relation to the comments made about tellers, we followed the Electoral Commission's advice on "do's and don'ts" for Tellers which makes it clear that tellers must be outside of the polling station. All the premises used for polling stations within the Arun District class the whole building as the polling station and, therefore, the tellers were advised that they must remain outside. This was covered in our briefing to candidates and agents; and in subsequent information sent to candidates/agents. I am not aware of any specific complaints that chairs were not provided or toilet facilities not made available, as we instructed our polling staff to allow such facilities.
- 5.5 Where feedback has been received on polling stations, this will be fed into the next statutory Review of Polling Districts, Polling Places and Polling Stations which must be started after 1 October 2013 and concluded ahead of the next Parliamentary election in May 2015.

#### 6.0 <u>PERFORMANCE MONITORING</u>

6.1 We have responded to the Electoral Commission's performance standards submitting the electoral data as requested.

#### 7.0 <u>CONCLUSIONS</u>

- 7.1 The arrangements for this poll ran smoothly and demonstrate the benefits of following a project management approach. They also highlight how important the whole team is to the process not just those in the Democratic Services Team who take the lead and give their considerable commitment to drive the project, but also from the support teams and staff we employ specifically to help on polling day and the count.
- 7.2 It must be accepted that the level of resources required to manage major elections is considerable and growing, and that this does impact on the organisation, particularly over polling day and the count. We have managed this by regular reports to Corporate Management Team so that resource and capacity issues can be reviewed corporately and actions taken where necessary. We are also exploring how to widen our recruitment arrangements by promoting vacancies in future through the Council's website.
- 7.3 The positive feedback we have received will inform our project plan for the next planned election the European Parliamentary Election. The date of the poll for this election has now been confirmed for Thursday, 22 May 2014 within the UK, with the Euro-wide count to be held on Sunday, 25 May 2014. The draft Regulations indicate changes to a postal vote processes that will require a review of our current procedures and additional planning.

#### AGENDA ITEM NO 7

#### ARUN DISTRICT COUNCIL

#### ELECTORAL REVIEW SUB-COMMITTEE – 14 AUGUST 2013

#### Information Paper

Subject : Individual Elector Registration - Update

Report by : Liz Futcher, Head of Democratic Services

Report date : July 2013

#### EXECUTIVE SUMMARY

This report provides an update on the introduction of Individual Elector Registration from 2014 and sets out the plans being put in place for the transition to this new system.

#### RECOMMENDATION

It is recommended that the report be noted.

#### 1.0 INTRODUCTION

- 1.1 The Sub-Committee was briefed at its last meeting on the proposed introduction of Individual Elector Registration [IER], a major change to current registration arrangements. This change allows people to take individual responsibility for their right to register, replacing the existing household registration system. It will be introduced in England from June 2014 following the European Parliamentary Election.
- 1.2 The Cabinet Office is leading on the project and is funding the net costs of the transition to this new registration system. Electoral Registration Officers have received an initial grant in 2013/14 to support the transition and further funding is to be allocated for 2014/15. Arun's grant for this year is £7,895 and we are using this to support our project management of the transition programme and training of key staff. The funding received for the next financial year is likely to be needed to support additional resources in the team both in terms of staffing and printing/postage costs.
- 1.3 Under the Electoral Registration Officer [ERO], Nigel Lynn, we have created a project team comprising representatives of the Democratic Services and Technology Teams to work to the Cabinet Office's project plan.

#### 2.0 WHAT IER MEANS FOR ELECTORS

- 2.1 Registering to vote under the new system will be straightforward. Each person will be asked to give their name, national insurance number and date of birth. This information will be checked to verify that they are eligible to vote. A key change will be that on-line registration will be possible. A digital service has been created by the Cabinet Office to support on-line applications and to allow checking of applications. The checks will primarily be with the Department of Works and Pensions [DWP], with the Electoral Registration Officer establishing mechanisms for local checks as well, such as Council Tax and Housing records.
- 2.2 To simplify the transition to IER, Electoral Registration Officers will match their existing Register of Electors against the DWPs database. Those people whose entries can be matched will be automatically transferred to the electoral register and do not need to do anything else. Those people who cannot be matched will be invited to apply. This is when they will need to provide the additional information of their date of birth and national insurance number to support their application. For those unable to provide a national insurance number, other forms of identification will be considered.
- 2.3 All new applications to register from June 2014 will be based on the new IER arrangements.
- 2.4 The Electoral Commission will be responsible for raising awareness and publicising IER nationally and we intend to work with the Communications Team to promote this locally. The Commission are already drafting the new registration forms to be used and we hope to learn more about these over the coming months.
- 3.0 <u>TIMETABLE</u>
- 3.1 The table below shows the key stages over the next 2 years that we are currently working to based on the Cabinet Office's project plan:

When	What will happen
June – July 2013	<ul> <li>Confirmation dry run – checking the likely level of data matching on the existing register</li> <li>Review of local matching methods by EROs</li> </ul>
Oct 2013 – Feb 2014	<ul> <li>Last household registration canvass</li> <li>Planning to send up to 3 forms to non-responding properties</li> <li>Register published on 17 February 2014</li> </ul>
June – July 2014	<ul> <li>Information gained from 2013/14 canvass and rolling registration matched against DWP records         <ul> <li>Match – elector automatically added to new register</li> <li>No Match – elector asked to apply to register and to provide date of birth and national insurance number for verification before being added to register</li> </ul> </li> </ul>

#### 4.0 HOW WE ARE MANAGING THE CHANGE

- 4.1 The project team is meeting regularly to monitor progress against the Project Plan and we are also working with the Cabinet Office's Regional Delivery Manager for the South East to ensure that we meet their key milestones. It is an ambitious project plan and relies on changes to our software that the Cabinet Office are developing [and funding] with software suppliers.
- 4.2 We have identified the need for the 2013 household canvass to be as comprehensive as possible to help our electorate through the transition to IER in June/July 2014. The more electors we can get onto the register in the 2013 canvass who will then be subject to the automatic check against DWP records, the fewer follow-up enquiries we will need to do. Based on recent canvass response rates, the existing budget is unlikely to enable to this happen and so a request for a supplementary estimate is being made to the meeting of Cabinet on 27 August 2013. We are seeking additional funding up to £20,000 to cover:
  - S Reintroducing the 1<sup>st</sup> reminder form delivery by Royal Mail rather than canvasser to see if this brings a better response
  - § House to house enquiries to non-responding properties using a new canvasser team
- 4.3 We would ask the Sub-Committee to support this request.
- 4.4 Based on the outcomes of the 1st reminder phase of the canvass, we intend to develop an application for further grant from the Cabinet Office to maximise registration through targeted work to:
  - § Non responding properties
  - S Students, particularly those from Chichester University
  - S Lowest responding areas following the house to house canvass
- 4.5 This will need to be made by 1 December 2013. The Cabinet Office have £4.2M available for maximising registration projects.
- 4.6 Once we receive more information on the Electoral Commission's public awareness campaign and the timing for this, then we will bring a representative of the Communications Team into our project team to explore how we can promote the new arrangements locally.

#### 5.0 <u>CONCLUSIONS</u>

- 5.1 Although we are on track in meeting the Cabinet Office's project plan, we have little information on which to fully comprehend what the introduction of IER will mean to Arun's electorate and how this will need to be resourced. The Cabinet Office fully understand this predicament and hope that pilot work they are undertaking will continue to inform EROs.
- 5.2 The representatives of the project team are to be commended for their efforts to date as it has been a learning curve, which will only continue.
- 5.3 The Cabinet Office are aware of the value that elected Councillors could bring in promoting and encouraging registration in their wards and we will supply any information they provide to help as this is received.

Report date : July 2013

#### EXECUTIVE SUMMARY

This report explains the approach to be taken to the 2013-2015 review of polling districts, polling places and polling stations.

#### RECOMMENDATION

It is recommended that the report be noted.

#### 1.0 INTRODUCTION

- 1.1 The Council is required under legislation to conduct a regular formal review of its polling districts, polling places and polling stations. Previously this was on a 4 yearly basis, however, the Electoral Registration and Administration Act 2013 has revised these arrangements. The new legislation requires that the next review period begins on 1 October 2013 and must be concluded within 16 months ahead of the Parliamentary election in May 2015. Reviews will then need to be undertaken every fifth year after that, beginning on 1 October.
- 1.2 The last formal review was concluded in October 2011, and the Returning Officer, Nigel Lynn, has continued the ongoing review that we have had in place for some years, using feedback from elections and by-elections held.

#### 2.0 CURRENT POLLING STATIONS

- 2.1 Appendix 1 sets out the polling stations used for the West Sussex County Council election held on 2 May 2013. The premises trialled at this election are highlighted in bold.
- 2.2 We have reviewed the feedback received on the trialled premises and the only negative point was that the room used within Jeneses [Community Arts Centre in

Linden Road, Bognor Regis] was not ideal and needed to be closer to the front of the building. This has since been discussed with the keyholder and resolved.

2.3 We have already identified some premises where further investigation of their suitability is required. This is based on feedback from candidates/agents and polling staff from the review of the County Council election. These premises include:

Polling District	Current Polling Station	Issue	Alternative explored
BHAM1	Keystone Centre Eldon Way Littlehampton BN17 7HE	Poor lighting which makes polling station set up difficult and of concern. We also had an issue with the electricity supply on 2 May	Scout Hut [Gordon Hall] Lineside Way Littlehampton BN17 7EH
BHOT1	Edward Bryant School London Road Bognor Regis PO21 1BG	School Governors have made a formal request that we explore an alternative premises due to the disruption closure for polling day has on their term timetable	Laburnam Centre Lyon Street Bognor Regis PO21 1UX
BORC3	Jeneses [Community Arts Centre] Linden Road Bognor Regis PO21 2AS	This premises was trialled for 2013 following the closure of the Royal British Legion. Positive feedback to location; issue with room used and suitability of access.	Existing premises to be continued and agreed with keyholder that the church will be used for next planned election and usage reviewed based on feedback received
BNB1	North Bersted Youth & Community Centre North Bersted Street Bognor Regis PO22 9AD	The premises are in a poor condition and do not have good access. Expensive to hire too. They are now managed by a new organisation and ability to confirm bookings looks to be a possible issue in future.	Holy Cross Parish Church Chichester Road North Bersted Bognor Regis PO21 5AU
BRIV1	St Catherines Church Hall Beach Road Littlehampton BN17 5JH	We were not aware until just before the day of the poll that a different room had been allocated as the polling station. This had accessibility issues that we were able to resolve but the entrance to the room was not ideal.	Existing premises to be continued and keyholder has been asked to ensure that the main hall is made available for future planned elections.

- 2.4 Where an alternative location is being proposed, we have consulted with relevant Ward and County Councillors. Feedback from these consultations will be reported at the meeting so trial arrangements can be put in place for the European Parliamentary election in 2014.
- 2.5 We would welcome the Sub-Committee's views on any other premises that they believe require further investigation as part of the planned review.
- 3.0 <u>APPROACH TO THE REVIEW</u>
- 3.1 The formal Review of Polling Districts, Polling Places and Polling Stations needs to start after 1 October this year and be concluded by February 2015, ahead of the Parliamentary election to be held in May that year. We intend to bring a report to Page 20 of 22

the next meeting proposing the timetable for the review to meet these statutory deadlines and also to address any changes to polling stations that need to be made ahead of the poll for the European Parliamentary Election to be held on 22 May 2014.

- 3.2 The timetable will take account of the work required in response to the proposed changes to warding arrangements for Arun District Council [and consequential parish warding changes] as a consequence of the electoral review. The order that will come into force confirming the new electoral arrangements is due to be implemented from 1 October 2014 so the review cannot be concluded until after this date.
- 3.3 We will also plan to use any feedback received from the outcomes of the European Parliamentary Election to inform this review.
- 4.0 <u>CONCLUSIONS</u>
- 4.1 We are on track to undertake this formal review within the statutory timescales. The work required as a consequence of the electoral review does add considerably to this task and we will be highlighting any concerns about resourcing implications with the Chief Executive and Corporate Management Team.
