You can also watch the webcast of this meeting via this link [Sussex Police and Crime Panel - Friday 23rd September 2022 10:30am - East Sussex County Council Webcasts \(public-i.tv\)](#)

I also attended a session at the Police Call Centre that takes all the 101 & 999 calls which was an interesting visit providing insight into how these calls are handled and the scrutiny that needs to be undertaken for the Police & Crime Commissioner for Arun District.

In addition, I attended at the end of last week the Firearms Training College for the Police which gave me a real insight into the way we train our Police Officers to use various firearms and taser guns and how they prepare and cope with the potential for any chemical spillage incident.
