AUDIT & GOVERNANCE COMMITTEE

29 July 2021 at 6.00 pm

Present: Councillors Clayden (Chair), Chapman (Vice-Chair), Bennett, Chace, Goodheart, Haywood, Oliver-Redgate and Staniforth

195. WELCOME

The Chair opened the meeting and welcomed Members of the Committee, the Public and Press, and Officers participating in this meeting of the Audit & Governance Committee, noting that it was the first in person since the easing of restrictions.

196. APOLOGIES FOR ABSENCE

Apologies for absence had been received from Councillor Northeast and Councillor Tilbrook.

197. DECLARATIONS OF INTEREST

There were no Declarations of Interest made.

198. MINUTES

The Minutes of the meeting held on 25 February 2021 were approved by the Committee.

199. PUBLIC QUESTION TIME

The Chair confirmed that no questions were submitted for this meeting.

200. START TIMES

The Chair proposed that start times for the Audit & Governance Committee meetings for 2021/22 be 10.00am. This was seconded by Councillor Chapman.

After a short debate, the proposal was put to the vote and there being an equality of votes, the Chair used his casting vote in favour of the motion.

Audit & Governance Committee - 29.07.21

The Committee

RESOLVED

That its start times for meetings for 2021/22 be 10.00 am.

201. COMMITTEE TERMS OF REFERENCE

The Chair invited the Interim Monitoring Officer to present his report, who introduced the Terms of Reference for the Committee. He explained that as the Council had transitioned from a Cabinet form of governance, to a Committee form of governance, the first meeting of the Committee in the municipal year consisted of going through the Terms of Reference. This was for Members to see what the Terms of Reference of the Committee were, for clarification to be sought, and for any suggestions for change that Members had to be taken to the Constitution Working Party (CWP).

There were no questions from Members.

The recommendations were then proposed by Councillor Chapman and seconded by Councillor Bennett.

The Committee

RESOLVED – that

- 1) the general Terms of Reference for Committees in Part 3 paragraph 3 of the Constitution be noted, and the specific Terms of Reference of this Audit and Governance Committee as established by Full Council on 19 May 2021 as set out in part 1 and Part 2 of Appendix 1 be further noted.
- 2) the schedule of Audit and Governance Committee meetings set out in the Calendar of meetings attached be noted.

202. RESPONSE TO ERNST & YOUNG ON ANNUAL ASSURANCE LETTER REGARDING GOVERNANCE ARRANGEMENTS

The Chair invited the Internal Audit Manager to present his report, who explained that each year as part of the preparation for their annual audit, the Council's external auditors, Ernst & Young LLP, requested information from the Chair of the Audit & Governance Committee, as well as the Section 151 Officer and the Internal Audit Manager.

There were no questions from Members.

The Committee agreed that they had received and noted the response sent to the external auditors by the 2020/21 Vice-Chair of the Committee.

203. AUDIT PLANNING REPORT

The Chair invited the Associate Partner, Kevin Suter and the Audit Manager, James Stuttaford, from Ernst & Young LLP to present the Audit Planning Report.

The Associate Partner explained that the plan was being presented to the Committee later than normal, and it usually would have been presented in March. This was due to a backlog that had been created by the Coronavirus pandemic. Changes to last years timetable had occurred and the deadlines had all moved backwards. They had also had difficulties auditing in the current environment. They had a large backlog, an issue that was affecting all public sector auditors. He advised Members may be interested in the Public Accounts Committee's recent summary of the issues and challenges facing public sector audit. They had to take a very difficult decision, which he recognised would be unpopular, to prioritise audits and schedule those according to when they had resources available. They had decided to schedule their major local audits first, which maximised their contribution to the National Audit Office. They would then schedule the smaller audits afterwards. He explained they had moved the audit back to November this year.

The Audit Manager drew attention to page 29, the Audit Strategy for the year. He noted that most risks on file remained the same as in previous years. One of significant risks in the previous year was the valuation of land and buildings, due to Covid-19 and lockdown, which led to the expert valuer recording a material valuation of uncertainty in the report. This year the risk has been reduced, it was maintained at an inherent risk due to property plant and equipment valuation still representing a significant balance in the Council's accounts, and there was an inherent estimation of uncertainty involved. The pension liability valuation remained an inherent risk. A new area of focus was around the accounting for Covid-19 relating to grant income. This was because it was a significant amount of money that had been passed down to the Council, and was a new area of accounting for this year. He also highlighted Value for Money arrangements which had changed slightly for this year. On page 41 it noted there was a new 2020 Code of Audit Practice, which had resulted to a change in Value for Money arrangements. Instead of giving a Value for Money conclusion, there would now be a Value for Money commentary. They would be supplying this in the Auditors Annual Report instead of the Annual Audit Letter.

The Chair invited questions from Members. It was asked what the delay in auditing would mean for the Group Head for Corporate Support and the finance team. The Group Head for Corporate Support explained that the rescheduling of the Audit would use more financial resources at a time when they would be very busy. However, she trusted their working papers would be up to standard and the audit would be completed as soon as possible.

Audit & Governance Committee - 29.07.21

The Chair was disappointed with the delay, however he understood these were difficult times. He noted the additional demands on the Group Head for Corporate Support's department and said she should inform the Committee if there was anything that could be done to assist.

The Committee noted the delay in the scheduled external audit to November 2021, and the remainder of the Audit Planning Report.

204. ANNUAL AUDIT FEE LETTER

The Chair invited the Internal Audit Manager to present his report. He explained that at the February meeting of the Committee, Ernst & Young LLP presented their Annual Audit Letter which advised of additional fees requested for work on the 2019/20 Accounts. The increase had to be approved by the commissioning body, Public Sector Audit Appointments Ltd (PSAA Ltd), and if approved some of the increase would then be applied to the future years fee base. The Committee had expressed its concern at the level of the proposed increase and requested that a letter be sent from the Chair to PSAA as the commissioning body, to express its dissatisfaction with the situation. It was not yet known whether PSAA had agreed the proposed increase, but it was understood that a similar situation would exist at other Councils. In the covering report at page 66, there was also a note about the Independent Redmond Review recommendations which would change the local audit, and transparency of local authority reporting in the future.

The Chair asked whether a reply had been received to the letter. It was thought that a reply had not been received.

Upon the Chair inviting questions from Members, it was suggested that a follow-up letter be sent to PSAA Ltd by the Chair, which was agreed by the Committee.

205. ANNUAL GOVERNANCE STATEMENT 2020/21 AND CODE OF CORPORATE GOVERNANCE 2021/22

The Chair invited the Internal Audit Manager to present his report. He highlighted that the Annual Governance Statement was a mandatory document to accompany the Accounts covering the 2020/21 period. The document was based on the Chartered Institute of Public Finance and Accountancy (CIPFA) framework and had been updated for the year including input from management, CMT and the Leader. The most notable changes related to the delay in the audit of the 2020/21 Accounts; the change to the committee system of governance; changes through 2020/21 in relation to the pandemic. The Internal Audit Manager drew Members' attention to page 85 of the pack. He stated the Council had distributed well over £50,000,000 of Government grants to local businesses under various schemes in operation since March 2020, which had involved a tremendous amount of work by staff in the Revenues section for mandatory grants to ratepayers and in the Economy section for discretionary grants to other business significantly impacted by the pandemic.

The Internal Audit Manager said that in view of the delay in the presentation of the audited Accounts, it was likely that it would be appropriate for some minor changes to be made to the final version of the AGS when it was presented. In addition, at page 109, there were some very minor changes to the Council's underlying Local Code of Corporate Governance.

The Committee noted the Council's draft Annual Governance Statement for 2020/21, pending approval of the final version later in the year.

206. UPDATE ON TENANCY FRAUD

The Chair invited the Neighbourhood Services Manager to present her report, who explained that tenancy fraud was a very common problem for local authorities, and it could be very difficult to detect without specialist investigations, which often involved visiting people in their homes. The post of Fraud Investigation and Enforcement Officer, previously the Housing Investigator, became vacant in January 2020. They had now successfully recruited to the post and were delivering a service, which they were reviewing to develop a robust approach, to detect and investigate all reports of tenancy fraud.

A discussion took place around whether an update report should be provided in 6 months rather than in 12 months. This was proposed by Councillor Chapman and seconded by Councillor Haywood.

The Committee

RESOLVED – that

- 1) the report be noted.
- 2) an update report comes back to the Committee in 12 months, with an additional update report in the February 2022 Committee meeting.

207. TREASURY MANAGEMENT ANNUAL REPORT 2020/21

The Chair invited the Senior Accountant (Treasury) to present her report, who highlighted a few areas in her report as follows:-

- Page 116, the Member briefing held on 13 July 2021, carried out by the Treasury Management Advisor, Richard Bason from Link Group, which she understood Members found informative.
- Page 120 and 125, it mentioned Returns on Investments, which had been challenging due to the low interest rate environment, however investments with CCLA Diversified Fund, introduced to Arun in August 2020 helped the returns.

Audit & Governance Committee - 29.07.21

There were also additional funds from the Covid Grants, which increased the monetary value on the returns. The rates dropped significantly from the budgeted rates, due to Covid-19. The budgeted rates of 1.26% dropped to an actual rate of 0.86%, however the monetary value was at £550,000 on the budget, but £627,000 had been achieved, which was an additional £77,000. They survived negative rates.

- Page 122 the base rate expectations by advisors in November 2020 was to stay at 0.1% until after March 2024, whereas pre-Covid-19 it was expected to be at 1.25% in March 2023.
- Page 124 the borrowing stood at £44,000,000 with £8,860,000 due to be paid off on 28th March 2022 leaving £35,000,000 million at 28th March 2022.

There were no questions from Members.

The recommendations were then proposed by Councillor Bennett and seconded by Councillor Chapman.

The Committee

RECOMMEND TO FULL COUNCIL – that

- 1) the actual prudential and treasury indicators for 2020/21 contained in the report be approved
- 2) the annual treasury management report for 2020/21 be noted
- 3) the treasury activity during 2020/21 which has generated interest receipts of £627,000 (0.86%), budget £550,000 (1.26%) be noted.

208. HOUSING BENEFIT SUBSIDY CLAIM 2019/20 CERTIFICATION

The Chair invited the Internal Audit Manager to present his report, who explained that Ernst & Young LLP undertook this work on behalf of the Council and reported the results to the Department for Work and Pensions (DWP). In the past they had provided a summary report which has been presented to the Committee. However, they now only provided a technical report to Revenues & Benefits management, a 'summary' then had to be drafted separately by Officers. The results were a credit to the work of the Benefits and Benefits Subsidy staff involved with a small number of minor items being reported. While this had resulted in a small final adjustment to the claim submitted to the DWP and a qualification letter being raised, this was basically a standard for when any errors were noted as part of the certification and, as had been advised to the Committee previously, was not a significant issue in the same way that a qualification from the audit of the Council's main Accounts would be. The Committee's view was sought on whether it wished to receive a similar report each year as it now had to be prepared by Officers, or whether it would be happy that a report was only presented in future if significant issues were identified as part of the certification.

Members expressed the view that whilst it was nice to be able to thank Officers, they understood that time would be better spent only bringing the matter to Committee in future if there were significant issues.

Councillor Bennett proposed that a report regarding the Housing Benefit Subsidy Claim Certification was only presented in future if significant issues were identified as part of the certification. This was seconded by Councillor Staniforth.

The Committee

RESOLVED

That a report regarding the Housing Benefit Subsidy Claim Certification would only be presented to Committee in the future if significant issues were highlighted

209. CHAIR'S ANNUAL REPORT TO COUNCIL

The Chair invited the Internal Audit Manager to present his report. He pointed out that CIPFA best practice was that an annual report was provided to Full Council by the audit committee of local authorities. His report summarised the meetings and activity of Arun's Audit & Governance Committee in the municipal year 2020/21 and it was requested that the Committee agree that it was presented to Full Council. As the 2020/21 Chair was no longer a member of the Council, with the agreement of the Committee it would be presented by the current Chair who was a member of the Committee through the period.

The recommendation was then proposed by Councillor Chace and seconded by Councillor Oliver-Redgate.

The Committee

RESOLVED

To endorse the content of the report and to recommend its presentation to Full Council by the Committee Chair.

210. COUNTER-FRAUD REPORT 2020/21

The Chair invited the Internal Audit Manager to present his report, who highlighted that the Audit & Governance Committee was responsible for the oversight of the Council's counter-fraud arrangements.

Audit & Governance Committee - 29.07.21

The Internal Audit Manager explained that as part of the distribution for Government grants to local businesses for support during the pandemic, there had been mandatory requirements provided by the Department for Business, Energy & Industrial Strategy (BEIS) for pre- and post-payment checks to protect these funds against fraud and to ensure that they were received by the appropriate recipients. This had been a time-consuming exercise across several areas of the Council. This had been against a backdrop where Government had required funds to be distributed to qualifying businesses at pace, with multiple schemes and changing eligibility and requirements through the various lockdowns, tiered restrictions and re-opening periods since March 2020. Although final payments for the last remaining mandatory grant schemes must be made by 30 July 2021, the Additional Restrictions Grant Scheme of Discretionary Payments extended to March 2022, with payments now being made under allowable wider business support schemes as approved by Members at the Economic Committee.

There were no questions from Members.

211. INTERNAL AUDIT ANNUAL REPORT & OPINION 2020/21

The Chair invited the Internal Audit Manager to present his report, who highlighted that the Audit & Governance Committee had oversight on the work of internal audit and this annual report summarised the work of the section through 2020/21. Through the Covid-19 period, staff had been working to support other areas of the Council, such as on completion and scrutiny of financial returns and on grants checking. Because of this there was less true audit work undertaken in 2020/21 and CIPFA had provided a national instruction that where internal audit functions had been affected in this way then a limitation of scope comment should be applied to the audit opinion, covered on page 183. Whilst it was felt that overall governance and risk management had been covered through the period, there had been less work on the control environment, although no significant concerns had been raised by CMT/senior management in respect of their areas. CIPFA also recommended that self-assessments on both internal audit and the audit committee were maintained. These had been updated, discussed with the Chair and were presented for the Committee's information as Appendices 2 and 3.

There were no questions from Members.

212. REVISED INTERNAL AUDIT PLAN 2021/22

The Chair invited the Internal Audit Manager to present his report. He provided background to his report and explained at the February meeting the Committee had been presented with an outline audit plan reflecting the 2 Full Time Equivalent (FTE) staff available at that time, with the caveat that should there be any significant change then a revised plan would be provided. The senior auditor had moved within the Council from April 2021 and the revised plan now reflected the current 1 FTE. The focus would therefore be on mandatory and other key work pending the consideration of options for

resourcing the section going forwards for a decision by senior management. Although this effectively currently halved the amount of time available, there should still be more work undertaken on the control environment than in 2020/21 as the Covid-19 support grants, etc. work was winding down as we moved out of most of the restrictions.

There were no questions from Members.

213. PROGRESS AGAINST THE AUDIT PLAN

The Chair invited the Internal Audit Manager to present his report. He outlined that the report was a summary of work undertaken against the high-level audit plan.

This was noted by the Committee.

214. UPDATE ON THE COUNCIL'S USE OF POWERS UNDER THE REGULATION OF INVESTIGATORY POWERS ACT 2000 (RIPA)

The Chair invited the Internal Audit Manager to present his report. He explained that it was a requirement of the Investigatory Powers Commissioners Office (IPCO) that the appropriate oversight body at the Council should be kept informed of the Council's arrangements in respect of the Regulation of Investigatory Powers Act (RIPA). There had been no use by the Council of powers under RIPA that would require the approval of a Magistrate in the 2020/21 municipal year.

There were no questions from Members.

The Committee noted that the Council did not make any use of its powers under RIPA in the 2020/21 municipal year.

215. INFORMATION / ADVISORY DOCUMENTS RECEIVED

The Chair invited the Internal Audit Manager to present this item. He summarised the Council participated in an annual fraud survey conducted by CIPFA and the most recent results had been published in its Fraud & Corruption Tracker Report. A link to this on their website was provided for Members. The Council monitored these reports for new fraud areas or trends.

216. WORK PROGRAMME

The Chair explained that the Audit & Governance Committee meeting on 7 October 2021 had been removed from the calendar prior to Committee noting the calendar dates, as it was thought this meeting would not be required. This Committee meeting date was now required to be reinstated as, in line with the Council's Constitution, the organiser of the Paghams Petition had asked for the Audit &

Audit & Governance Committee - 29.07.21

Governance Committee to review how the Council had dealt with the petition. This would therefore be added to the Work Programme for the meeting on 7 October 2021.

Clarification was sought on the Paghams Petition being brought to the Audit & Governance Committee. It was confirmed by the Chair that this was for the Committee to review the processes, and to look into whether these processes had been followed correctly, and whether the Constitution had been appropriately applied. Details of the actual Petition and decision would not be discussed. The Monitoring Officer would provide a report, and the findings would be discussed at the Committee meeting on 7 October 2021.

It was noted that some Council Members had questioned whether it was appropriate to accept petitions that were moved as part of a planning application, which was something that needed to be discussed, and recommendations needed to be made on how petitions that touch on concern of planning application would be treated in future.

The Chair then Invited the Internal Audit Manager to present the Work Programme to the Committee. He explained that as has been advised by the Chair, the meeting of 7 October would now be reinstated for the Paghams Petition item, and as per the update from the external auditors at an earlier agenda item, a Special meeting would be added in January 2022 to consider the Accounts and the auditor's report. The date for this had yet to be agreed, but once finalised he would circulate an updated version of the workplan to members of the Committee. As decided earlier in the meeting, there would be an additional update on tenancy fraud at the February Meeting, and an annual report on this at the July meeting next year.

(The meeting concluded at 7.12 pm)

ARUN DISTRICT COUNCIL REPORT TO AUDIT AND GVERNANCE COMMITTEE ON 07 OCTOBER 2021

REPORT

SUBJECT Review of Handling of Pagham Petition

REPORT AUTHOR: Solomon Agutu

DATE: 23 September 2021

EXTN: 37432

COMMITTEE: Audit and Governance Committee

EXECUTIVE SUMMARY: Following debate of a petition on 14 July 2021 the Petition Organiser has requested that the Committee reviews the steps that the Council has taken in response to their petition.

RECOMMENDATIONS: Committee

1. RESOLVES that the Petition was dealt with properly.

Background

Part 8 section 4 of the Council Constitution allows any Arun resident to submit a petition provided it includes not less than 10 signatures. A petition may be signed by anyone living or working in the Arun District. Where a petition has received 1,500 relevant signatures or more it will also be scheduled for a Full Council debate. Petitions submitted to the Council must include the name, full postal address, including postcode, and signature of any person supporting the petition.

Following a number of false starts by the Petition Organisers beginning in February 2021, the Petition Organisers eventually submitted a petition consisting of a combination of manual signatures and electronic signatures. Council Officers made arrangements to verify the validity of the signatures. The verification showed that the signatures fell short of the 1500 required for a Full Council debate. The Petition Organisers challenged the count and were requested to resubmit the petition for a recount. On a recount the petition still fell short of the 1500 required for a Full Council debate. The Petition Organiser submitted a complaint which was partly upheld and the outcome was that the petition was to be resubmitted. On a third recount which included submissions of additional signatures the petition reached the threshold of 1500.

The Full Council held a debate on 14 July 2021. On 15 July 2021 the Petition Organiser submitted a request for a review to the Audit & Governance Committee. Paragraph 7.1 of the Petition Scheme provides that

“if you feel that we have not dealt with your petition properly, the petition organiser has the right to request that the Council’s Audit & Governance Committee reviews the steps that the Council has taken in response to your petition. It is helpful to everyone, and can improve

the prospects for a review, if the petition organiser gives a short explanation of the reasons why the Council's response is not considered to be adequate.

7.2 Should this Committee determine that the Council has not dealt with your petition adequately, it may use any of its powers to deal with the matter. These powers include instigating an investigation, making recommendations to a relevant Committee or arranging for the matter to be considered at a meeting of the Full Council

The attached report responds in detail to the request for a review to Audit and Governance Committee. The report addresses the request for review which is attached as an appendix 2. The allegation that information has not been given is countered by the response to the Freedom of Information (FOI) request at Appendix 3.

The response concludes that in substance the Full Council resolution not to revoke the planning permissions was legally sound. The Petition Organisers Statement of Case and presentation at Full Council failed to show that there was a case for revocation. The Council's own QC found the statement of case to be unconvincing.

The report concludes that the process by which Full Council reached the decision not to revoke was procedurally sound.

The report concludes that the complaint about the process of verification of the signatures is not well founded as the Petition Organisers had failed to comply with the requirements of the petition scheme when the petition was being submitted to the Council for verification.

The report finds no fault with the Interim Monitoring Officers presentation at Full Council on 14 July 2021.

2. PROPOSAL(S):

In the course of administering the petition a number of questions arose about the interpretation of the Scheme. The key question was whether the petition scheme should allow any matters concerning Planning. The Interim Monitoring Officer had decided that as Revocation or Modification was dealing with a "permission" not an "application", the revocation petition was valid. In the Course of the administration of this scheme it has been proposed to the Monitoring Officer (MO) that the Petition Scheme should be changed so that no Planning matters at all should be the subject of a petition. There is no legal objection to this proposal. Committee may want to add this proposal as a recommendation to the Constitution Working Party

3. OPTIONS:

1. Do nothing - this option is not available as a decision has to be made
2. Agree the recommendations
3. Agree the recommendations but with the added proposed amendments to the constitution to the Constitution Working Party .

Complaint and request for a review - appendix 2

APPENDIX 1

Response to the request by Pagham Petition Organisers for a review of How the Petition was Dealt with.

What was the Pagham petition About

The Pagham Petition was a petition signed by over 1500 people working, living or studying in Arun, asking for a debate at Full Council to consider revoking four outline Planning permissions in Pagham. In other words, to remove the planning permissions from the developers.

Has the petition been debated by Full Council?

Yes. There was a debate at Full Council on 14 July 2021 to consider revoking or modifying the planning permissions and so the wishes of the petitioners were realised. They successfully exercised their right to have debate on a subject of their choice debated by Full Council in public.

What was outcome of debate.

The Outcome was that after considering whether to revoke or modify the permissions, Full Council was not persuaded a case for revocation or modification had been made, and decided not to revoke or modify the four planning permissions.

Who submitted the petition?

The first petition was submitted by a Mr Paul Collins. This was rejected as it did not meet the requirements of the petition scheme. It consisted of a hypertext link to a petition website. Council Officers could not see the names or addresses of the petitioners. As Council Officers were not the Petition Organisers, Council Officers had no access to the names and addresses. Although this was explained to Mr Collins this seemed to upset him and he accused Council Officers of blocking the petition.

The second petition was submitted by Mr Rawlins and Mrs Rawlins (The Petition Organisers). This consisted of a dump from the petition website of a list of names and post codes. This was not in accordance with the petition scheme and the Petition Organisers were asked to resubmit the petition in the correct format. The third submission failed to reach the threshold for a Full Council debate and the fourth submission reached the trigger number.

What are the requirements of a valid petition?

The petition scheme requirements are set out in Part 8 section 4 and paragraph 1.2 and paragraph 2 of the Constitution. As follows:

1.2 Any Arun resident can submit a petition provided it includes not less than 10 signatures. A petition may be signed by anyone living or working in the Arun District.

2.0 WHAT ARE THE GUIDELINES FOR SUBMITTING A PETITION?

- 2.1 *Petitions submitted to the Council must include:*
- a) *a clear and concise statement covering the subject of the petition;*
 - b) *a statement about what action the petitioners wish the Council to take; and*
 - c) *the name, full postal address, including postcode, and signature of any person supporting the petition.*

Did the Petition Organisers meet the requirements of the Petition Scheme?

No.

How did they fail to meet the requirements?

It was for the Petition Organisers to demonstrate that the petition scheme requirements in paragraph 2 of the Scheme were fully met. This they failed to do. The petition scheme requirements were not fully met in the following respects:

Choosing the wrong e petition app

The Petition Organisers chose a petition app (*change.org*) which did not address the Arun Petition scheme requirements and it therefore made it very difficult to verify the validity of the signatures. You could not tell whether para 1.2 “*signed by anyone living or working in Arun*” was satisfied.

People resident in Arun

Before submitting any of the petitions the Petition Organisers failed to remove obviously invalid signatures of people not resident in Arun. Taking into account the statement from the Petition Organisers that the petition had been validated by their bookkeeper and that they had kept illegible signatures back, it is surprising that the qualified auditor failed to identify and remove the large number of obviously invalid signatures before submitting them.

People working in Arun

Before submitting any of the petitions, the Petition Organisers failed to identify people working in Arun by reference to their workplace addresses. Taking into account the statement from the Petition Organisers that the petition had been validated by their qualified auditor, it is surprising that the qualified auditor failed to identify by reference to workplace address those people working in Arun. Their response was that it is for the Council to demonstrate that the signatories do not work in Arun. This is a preposterous suggestion. It is clear that if you are relying on *working in Arun* qualification you need to show where your workplace address in Arun is.

In consequence of these failures namely to (1) remove invalid signatories (2) identify work addresses of those working in Arun (3) to identify the study address of those studying in Arun (4) choosing the wrong petition app, the Council had to expend considerable time and resources seeking to validate the signatures. While the Council was doing this the Petition Organisers were wrongfully posting on social media and writing to Councillors that Council officers were preventing them from having their petition dealt with at Full Council.

Summary

The way this petition has been dealt with by the Council was strictly in accordance with the Petition Scheme. This contrasts with the way that the Petition Organisers failed to comply with the scheme in the way it was organised. The first submission was a hypertext link to a proprietary petition app (change.org) which did not address the Arun qualification criteria and had no relevant details. The second submission failed to reach 1500 to trigger a debate. The third submission failed to reach the required number because the Petition Organiser failed to submit all the signatures for a recount as they assumed that the Council would add the new submission to the old submission when what was required was a total recount, in accordance with good practice. As the outcome of a complaint they were allowed to resubmit the whole petition as a fourth submission.

The fourth submission was delayed because the Organisers failed to follow instructions. They were asked to submit hard copies of all the signatures to the post room. They submitted them by email instead. This was rejected by the Council. The final submission still contained many out of area and invalid signatures despite the Organisers now being aware at the fourth attempt at submission that they needed to weed out all out of area signatures.

Revocation

The Council is allowed to revoke planning permissions if it is **expedient** to do so and other material considerations (such as cost to the Council of compensation) is taken into account. In layperson's terms the Council had to carry out a "cost/ benefit" analysis. What was the benefit to the district and what were the costs to the District of the revocation?

What was the claimed benefit of revocation? - It is very difficult to work out what the Petition Organisers say the benefits of revocation are. The Council examined the Statement of Case dated 15 February 2021 in detail and could not see what the claimed benefits of revocation or modification were - the only benefit claimed was that it would allow the developers to resubmit fresh planning applications and that it would help with the Local Plan Review.

What was the claimed cost of compensation? -The Council also looked at the Statement of Case to see what the Petition Organisers claimed to be the cost of compensation to the Council. They say that in the case of two permissions no compensation would be payable and in the case of the other two permissions limited compensation would be payable. The "limited "amount was not stated or even estimated and yet they felt able to say that the amount could be accommodated within normal Council budgetary procedures.

In short there was no cost benefit analysis by the petitioners in the eight pages of the Statement of Case prepared for them by their representative, who is an experienced planning professional and who incidentally had been Arun's Head of Planning.

On the other hand, the Council could find no benefit for revocation and estimated the cost of revocation to be in the region of over £60m. This was contained in a detailed report supported by advice from an external QC. The documents before Full Council are attached as a link to this report.

Particulars of benefit

In this regard it should be noted that the Petitioners do not say that a revocation of these Outline Planning Permissions will necessarily result in a change to the adopted Local Plan policies (as only a properly conducted Local Plan Review can achieve that aim) but do say that such a revocation would enable the Local Plan Review underway to proceed in a properly conducted manner.

The Petitioners also do not say that revocation is the only manner in which the principle of developing these sites in the manner proposed in these OPPs can be reconsidered as it is always open to the landowners and/or the site promoters to make fresh applications to be submitted for their sites so that such matters can be reconsidered but they currently show no alacrity to do so.

The Petitioners also acknowledge that revocation would not mean that the landowners and/or the site promoters could not make fresh applications for the development of their respective sites so that such reconsideration could take place but only that a

revocation would mean that they have to do so if they wish to continue with their proposals

In other words, the benefit is to allow the Local Plan Review to be conducted properly and to allow reconsideration of the existing outline planning permission when the developers resubmit their planning applications after revocation. In short, it was to allow the community to make representation of support or objection to the planning applications if the applications were resubmitted in the same way. This is a very odd benefit as objectors and supports had already had their say on these applications. The benefit was a second bite at the cherry.

Particulars of Compensation

The petitioners acknowledged that compensation was payable but alleged that In the case of permissions P/25/17 OUT and P/140/16 OUT there is currently no evidence that the landowners have incurred any expenditure that could or would be subject to a claim and that In the case of permissions P/30/19 Out and P/134/16 OUT there is some evidence that the landowners may have incurred some limited expenditure that may or might be subject to a claim but this would need to be demonstrated and would be likely to be limited at this date and certainly not at levels that could not be entertained by Arun District Council within normal budgetary procedures

The Officer report to Full Council was accompanied by comments made by the Developers and their representatives in response to the Petition. The QC for one of the Developers dismissed the Petitioners' reasoning as "muddled and opaque" In relation to compensation the developers gave reasoned argument for their claims. Paghams Homes and Vidid Homes claimed to have spent £600,000 and would make a claim of at least £20m in compensation. There was no way of refuting this.

In the case of Taylor Wimpey, they claimed to have incurred costs of over £400,000 and Hallam Land Management stated by their QC that their claim would be "*well over eight figures*"

Therefore, on a cost benefit analysis, the Council was right not to agree to the revocation. This is not to say that the Petitioners did not have a case. The Petition Organisers failed to make any case at all considering that they had all the time to prepare their case before presenting the petition.

Officers obtained external legal advice to evaluate the advice set out by the Developers and their advisers and to advise the Council. The QC having considered the Statement of Case advised that the Statement of Case had "no sound basis for revocation" and agreed with the reasoning of the Developers' QC. The case for revocation or modification had not been made.

Whether the Interim MO presentation to Council on 14 July was defective in not making reference to modification

The allegation is that the Interim MO *"misled our Councillors purposely with false information and used it as a scare-mongering tac-tic. He failed completely to represent our petition in a fair and unbiased manner and we have the paperwork as evidence to prove it"*.

Firstly the Petition Organiser had five minutes to present their own case and failed to do so. Secondly the MO presentation was not defective in not making reference to modification as the Petitioners own statement of case was about revocations and in the statements below they do not make reference to modification. The action requested by the Petitioner is set out in their statement of case. It says (emphasis added) in the second paragraph

*"The Petitioners have submitted a Petition containing 2000+ signatures in accordance with the due procedures which requests that the Full Council of Arun District Council give consideration to **the revocation** of the extant but unimplemented outline planning permissions P/25/17 OUT, P/140/16 OUT, P/134/16 OUT and P/30/19 OUT"*

The third paragraph of the statement of case says

*"the Petitioners consider that ADC is legally entitled to revoke the OPPs cited and that it would be expedient for Arun District Council to **revoke** some or all of the OPPs cited and the Petitioners reasoning for these conclusions are set out in the remainder of this report."*

The 8th paragraph of the statement of case says

"What the Petition Seeks

*The purpose of the petition is to ensure that the Full Council of Arun District Council give consideration to **the revocation** of the extant but unimplemented outline planning permissions P/25/17 OUT, P/140/16 OUT, P/134/16 OUT and P/30/19 OUT".*

Thus, the MO was mirroring the wording found in the Statement of Case. This allegation is rejected as being spurious.

The second matter for review is that the MO *"continues to refuse to release the disclaimed votes for our perusal and has delayed our ongoing complaint prior to the Ombudsman being involved for so long, he is actually out of time.*

Arun have refused to hand over 1,300 signatures, which they state are unacceptable and not given reasons as to why".

This is denied. On 9 June 2021 the Petitioner submitted an FOI request. On 26 July 2021 the FOI request was returned with the information requested. This showed that contrary to their email of 22 March 2021 which stated that a bookkeeper had validated the signatures there were well over half of the signatures which were out of area and obviously so. These were not just marginally out of area. The list shows signatures from Australia, USA, Southampton, Woking, Brighton, London, Portsmouth etc.

The FOI response is attached as appendix 3.

Dear Mr and Mrs Rawlins

Thank you for your email of yesterday – 19 July 2021.

The minutes from the Council meeting held on 14 July 2021 will be published tomorrow. The minutes will set out the result of the recorded vote and you can also retrieve this information from the webcast of the meeting which can be found using this link: <https://democracy.arun.gov.uk/ieListDocuments.aspx?CId=141&MId=1491&Ver=4>

I have forwarded your email to the Council's information management section in respect of your request to receive information confirming those Councillors that are Planning trained.

I will respond separately to your email of 15 July 2021.

Yours sincerely

Jane Fulton

Dear Ms Fulton,

I refer to my email below dated 15th July, can you please supply me with a list of all Councillors who actually voted or abstained at The Full Council meeting on 14th July regarding revocation or **MODIFICATION** of outline planning permissions together with those who were actually fully trained to do so under your constitution, which clearly you are not adhering to.

Again, I request safe receipt of this email **by return** as we are contemplating expert legal advice and need to act as quickly as we possibly can.

Yours sincerely

Dear Mrs Fulton,

Referring to your email dated 9th June whereby point 7 states, *'If you feel that the Council has not dealt with your petition properly, you have the right to request that the Council's Audit & Governance Committee reviews the steps that the Council has taken in responding to your petition'*, could you please refer the email below to the Councils Audit & Governance Committee on our behalf. If you are unable to do this, could you please send their email address or contact details accordingly.

Finally, please acknowledge the safe receipt of this email, many thanks.

Dear Sirs,

I wish to make a formal complaint on behalf of our petitioners regarding the improper and atrocious manner that Aruns Monitoring Officer dealt with our petition and its representation at the Full Council meeting on 14th July 2021. He has misled our Councillors purposely with false information and used it as a scare-mongering tac-tic. He failed completely to represent our petition in a fair and unbiased manner and we have the paperwork as evidence to prove it. He continues to refuse to release the disclaimed votes for our perusal and has delayed our ongoing complaint prior to the Ombudsman being involved for so long, he is actually out of time.

Arun have refused to hand over 1,300 signatures, which they state are unacceptable and not given reasons as to why. The Monitoring Officer stated on record that the petitioners only wanted the Council to consider revocation only. Absolutely not true. He completely misrepresented our petition statement and final representation statement, which was insisted upon by him. Our statement actually read and included 'Section 97 of the Town & Country Planning Act 1990 (as amended) which reads as follows: 97 Power to Revoke **OR** **MODIFY** Planning Permission'. He did this purposely to mislead the Council members. He also stated on record that the cost for compensation could run to many millions of pounds when in fact, Outline Planning Permission certainly does not have the value that land with Full Planning Permission has. He blatantly supported a figure of around £50,000 a plot, which is so inaccurate, the figure could only have been used to deceive and insure the successful outcome for him and Arun Planning Department.

I request confirmation of this email by return and look forward to hearing from you.

Yours sincerely
