3. DETAIL

3.1. The Council Vision 2022-2026 was approved at Full Council in March 2022. To support the Vision we need a comprehensive and meaningful set of performance measures which allow us to identify how well we are delivering across a full range of services. Two kinds of indicators were agreed at the Policy and Finance Committee on 17 March 2022. The first of these are annual indicators and will

primarily update the progress against strategic milestones. In addition to this 'key performance indicators' (KPIs) will be reported to committees every quarter. These KPIs are known as our Corporate Plan.

- 3.2. A short report and appendix will go to each of the other Committees in the cycle of meetings after each quarter has ended. This appendix will only contain the indicators which are relevant to each Committee.
- 3.3. A full report showing quarterly performance against all indicators (which are measured at that quarter) will go to the relevant Policy and Finance Committee meeting at the end of the cycle of the other Committee meetings. Members of the other Committees will be able to give comments or ask questions about the KPI indicators that are relevant to their Committee and these will be submitted to the Policy and Finance Committee for consideration.
- 3.4. This is the first quarterly report covering performance from 1 April 2022 to 30 June 2022 and will cover only those indicators that are due to be measured at this point.
- 3.5. Please note that the CMT Member shown on the appendix was as of the end of Q1. CMT Members have changed for some service areas following the Group Head restructure which took effect from 4 July 2022.
- 3.6. Thresholds are used to establish which category of performance each indicator is within.

Achieved target	100% or above target figure
Didn't achieve target but within 15% range	85%-99.9% below target figure
Didn't achieve target by more than 15%	85% or less target figure

- 3.7. There are 42 Key Performance indicators. 8 of these indicators relate to this Committee and all 8 are measured at Q1.
- 3.8. This report gives the status of the indicators at Q1, which may be different to the status for June. To view the status of indicators for June please see Appendix A. This appendix gives full commentary for each indicator and notes any action to be taken to address any under performance.
