2. EXECUTIVE SUMMARY

- 2.1. This report sets out the performance of the Key Performance indicators at Quarter 3 for the period 1 April 2022 to 31 December 2022.

3. DETAIL

- 3.1. The Council Vision 2022-2026 was approved at Full Council in March 2022. To support the Vision we need a comprehensive and meaningful set of performance measures which allow us to identify how well we are delivering across a full range of services. Two kinds of indicators were agreed at the Policy and

Finance Committee on 17 March 2022. The first of these are annual indicators and will primarily update the progress against strategic milestones. In addition to this 'key performance indicators' (KPIs) will be reported to committees every quarter. These KPIs are known as our Corporate Plan.

- 3.2. A short report and appendix will go to each of the other Committees in the cycle of meetings after each quarter has ended. This appendix will only contain the indicators which are relevant to each Committee.
- 3.3. A full report showing quarterly performance against all indicators (which are measured at that quarter) will go to the relevant Policy and Finance Committee meeting at the end of the cycle of the other Committee meetings. Members of the other Committees will be able to give comments or ask questions of officers about the KPI indicators that are relevant to their Committee and these can be referred to the Policy and Finance Committee for consideration if deemed necessary.
- 3.4. The Committee meetings that will receive Q3 KPI reports are as follows:

- 3.5. This is the third quarterly report covering performance from 1 April 2022 to 31 December 2023 and will cover only those indicators that are due to be measured at this point.
- 3.6. Thresholds are used to establish which category of performance each indicator is within.

Achieved target	100% or above target figure
Didn't achieve target but within 15% range	85%-99.9% below target figure
Didn't achieve target by more than 15%	85% or less target figure

Q3 and a column which shows the direction of travel of the status for this indicator.
