## **2. EXECUTIVE SUMMARY**

- 2.1. The purpose of the report is for this Committee to consider and recommend its revenue budget for inclusion in the 2023/24 revenue budget, which will be considered later on this agenda. This Committee will consider the overall revenue budget for 2023/24 so that it can make recommendations to a Special Meeting of the Council on 1 March 2023 on the budget to be set and level of Council Tax for the District for 2023/24.
- 2.2. In addition, Committees must consider and recommend their draft capital budget for inclusion in the overall capital programme, which will be considered later on this agenda. This Committee will consider the overall capital programme to make a recommendation to a Special Meeting of the Council on 1 March 2023 on the overall capital programme to be set for 2023/24.

## **3. DETAIL**

- 3.1. 2022/23 was the first year of budget preparation under the Committee form of governance introduced to the Council on 19 May 2021. Under Committee governance, Service Committees such as this consider and recommend revenue and capital budgets for the services, they provide to the Committee responsible for budget setting (the Policy and Finance Committee). The Policy and Finance Committee then considers an overall budget to recommend to Full Council.
- 3.2. The Council has undertaken a Zero Based Budgeting (ZBB) exercise during 2022/23 that has reviewed and rebased the Council's revenue budgets and future assumptions. ZBB has given a greater understanding of the information behind budgets and will aid budget processes in future years
- 3.3. The general background to the 2023/24 budget process was included in the Financial Prospects 2022/23 to 2026/27 report to Policy and Finance Committee on 13 December 2022 for approval by Full Council on 18 January 2023. The main points to note are:
- a significant budget deficit of circa £4m for 2023/24;
  - a roll over funding settlement similar to 2022/23 is provided from central government for 2023/24;
  - Council Tax increases by a maximum of £5 per annum or 2.99%, which is currently the maximum allowed for similar District Councils;
  - There is an increase in salary costs in 2022/23 as per the employers' offer;
  - The effect of the government's announcement to reverse increasing National Insurance contributions from November 2022/23 is included;
  - If possible, cash limited sums for goods and services (no inflationary rise) for the period are included, otherwise inflation is provided for;

- A triennial review of the pension fund is due with revised figures required from 2023/24. Preliminary indications have been received and the financial effects of this are favourable and are built into projections;
  - At this stage, no increase in discretionary fees and charges imposed by the Council has been assessed and included in the financial projections.
  - Growth items are not included in service committee estimates. They will be considered as a separate list by service committees. Items agreed by service committees will then form part of the final growth list which Policy and Finance Committee will need to consider when it sets the overall budget. It has been made clear to budget officers that growth requests should be minimised and restricted to those with a significant impact on service provision.
- 3.4. Financial forecasting was difficult due to the COVID 19 pandemic in recent years. However, this has now been largely overtaken by high inflation rates, brought about by various external factors. Budgets have been compiled on the best information available. In addition, where appropriate, central government funding has been applied to mitigate against increased costs and reductions in income.
- 3.5. The Committee's capital programme for 2023/24 is shown in Appendix C. Full Council approved the additional to the capital budget for the LUF Alexander theatre project at its meeting on x.
- 3.6. The basis of revenue budgeting for 2023/24 assumes that current levels of service remain unchanged. Any change arising from the ZBB exercise has been included where appropriate. Any proposed increase in the service level, or other significant new area of expenditure, is treated as uncommitted growth. These items are listed as an Appendix B and are not included in the budgets. If this Committee agrees this list either in full, or in part, it will be considered by this Committee later on this agenda in the context of the overall General Fund budget. The committee has a growth bid for £100k to continue with the programme of carbon reduction initiatives.
- 3.7. The significant budget deficit forecast for 2023/24 has resulted in only essential growth bids being put forward to this committee for approval. Uncommitted growth indicates an enhanced level of base service provision. This is not included in the budgets at this stage. The final inclusion in the Authority's overall revenue budget will be subject to consideration by this committee later on the Agenda before the Council's budget is recommended to Council for approval.
- 3.8. The significant changes in the revenue budget between 2022/23 and 2023/24 are:
- The expenditure on Climate change has reduced by £155k. This is due to the fall out of part of the £200k 2022/23 budget bid for carbon reduction initiatives. However, this is replaced with a bid for £100k for 2023/24 (paragraph 4. 6 above).

## **4. CONSULTATION**

- 4.1. No consultation has taken place with external organisations.

## **5. OPTIONS / ALTERNATIVES CONSIDERED**

5.1. Not applicable.

## **6. COMMENTS BY THE INTERIM GROUP HEAD OF FINANCE/SECTION 151 OFFICER**

6.1. The financial implications are shown throughout the report. Capital spending is susceptible to overrun, delay and increased costs. It is important that close monitoring of both revenue budgets, and the capital programme is in place.

## **7. RISK ASSESSMENT CONSIDERATIONS**

7.1. The risks listed in the Financial Prospects Report 2022/23 to 2026/27 remain relevant. Members may wish to review these alongside this report.

7.2. The main risk in preparing the detailed budgets is that the Council sets an illegal budget (expenditure is greater than income). This will be avoided.

7.3. An inaccurate or illegal budget would cause reputational damage to the Council. This is a risk and the controls and processes in place will avoid this.

## **8. COMMENTS OF THE GROUP HEAD OF LAW AND GOVERNANCE & MONITORING OFFICER**

## Notes

1. The Levelling Up Fund projects have been the subject of previous reports to this Committee.
2. On 6 September 2022, Policy and Finance Committee considered a report 'Strategic Options for the Regeneration of the Regis Centre.' This recommended the inclusion of a sum of £3.750m in the 2023/24 draft capital programme from the Council's resources to fund anticipated additional spending on the project. It should the capital expenditure is shown gross. The project will generate a £1.0m capital receipt.
