Sussex Biodiversity Report (Appendix 9)	47
Chapter 10 – Call For Sites 2023	

Executive Summary

Authorities Monitoring Report (AMR)

Local Authorities are required to produce an Authority Monitoring Report (AMR) under the Localism Act section 113. This legislative requirement is prescribed under Regulation 34 of the Town and Country Planning (Local Development) (England) Regulations 2012, which clarifies that the AMR is the main mechanism for assessing the performance and effects of Arun's development plan and the timescales set out in the Local Development Scheme (LDS). The AMR therefore, forms critical evidence and feeds into emerging Local Plan preparation for Arun Local Planning Authority Area. The South Downs National Park authority (SDNP) is the planning authority for that part of Arun District which falls within the SDNP boundary.

The Act requires Councils to publish this information direct to the public at least yearly in the interests of transparency.

It should be emphasised that the following Chapters and analysis of baseline land use monitoring data in the AMR is retrospective and only covers the reporting year which is 1 April 2022 to 31 March 2023. However, where necessary and appropriate, contextual updates may be provided beyond the land-use data monitoring period (e.g. on plan making performance or any other bespoke studies and evidence that is published in time for AMR publication).

The AMR for the monitoring year 2022 - 2023 and future AMRs will reflect the policy position and development strategy of the adopted Arun Local Plan (July 2018) which forms part of the statutory development plan within the local planning authority area (i.e. those areas of Arun District which fall outside of the South Downs National Park Authority).

The Arun Local Pan 2018 is more than 5 years old. It is being updated to address underperformance in housing delivery and to improve the sustainability and viability of development.

The authority declared a Climate Change emergency in January 2020 and the aspiration to deliver a zero-carbon target by 2030 for the authority and wider district. This will require a significant uplift in the performance of the development plan's carbon reduction, energy efficiency, green energy, climate change mitigation and adaptation policies. Performance on these matters will be picked in the AMR as plan making progresses.

Arun District Council published its fourth Infrastructure Funding Statement (IFS) on 21 September 2023. While this is outside of the AMR monitoring period - The Town and Country Planning (Local Planning) (England) Regulations 2012 - Regulation 34 requires the IFS to be reported as part of the AMR. A Chapter 8 with links to the published IFS and appendices is therefore, included.

Chapter 1 - Background, Arun Local Plan Update, Gypsy and Traveller Site Allocation DPD

Introduction

- 1.1 The AMR monitors the current Arun Local Plan 2011-2031 (adopted July 2018) and plan making performance including the delivery of a Local Plan update 2023-2041 and a Gypsy & Traveller Development Plan Document 2018-2031.
- 1.2 The Housing Delivery Test (HDT) is normally published each February in 2019, 2020, 2021 and 2022 however, the Government did not publish the latest figures in February 2023 as anticipated and published them at a late stage in December 2023 instead. This may have been due to changes to the National Planning Policy Framework (NPPF) (published in December 2023).
- 1.3 The authority declared a Climate Change emergency (15 January 2020) and set out an aspiration to deliver a 'zero-carbon' target by 2030 for the authority with the help of other stakeholders. The aspiration included the need for the authority to seeking a significant uplift in the adopted plans Development Management policies (i.e., sustainable design, carbon reduction, decentralised/green energy and efficiency, climate change mitigation and adaptation). Performance on these matters will be picked in the AMR as plan making progresses.
- 1.4 The Local Development Scheme (LDS) was recently updated in January 2023 to reflect the revised plan making timetable, confirming the pause to the Arun Local Plan update while updating the timetable and progression of the Gypsy & Traveller and Traveller Showpeople Development Plan Document (G&T DPD). The monitoring period for the AMR runs from 1 April 2022 31 March 2023.
- 1.5 The following section summarises progress made on the preparation of the above documents. This includes the stage the document has reached in its preparation and whether the document is meeting the timetable within the Local Development Scheme.

Development Plan Documents

Arun Local Plan Update 2021-2036

- 1.6 The Arun Local Plan update aims to roll the plan period forward five years from 2031 2036.
- 1.7 As part of the Local Plan update a number of evidence studies have been commissioned including, the Arun Active Travel Study Phase 1 (June 2021), the Visitor and Tourism Accommodation Study (May 2022) and Biodiversity Net Gain Study (November 2022). In addition work was commissioned and completed on the Arun Transport Model Phase 1 Local Model Validation Report (to upgrade the Arun A259 Transport Model to a district-wide model) with West Sussex County Council [Note: although not within the AMR reporting period, it

should be noted that the pause to the Arun Local Plan update was subsequently lifted on 19 July 2023 and the plan period amended to 2023-2041].

Gypsy and Traveller and Traveller Showperson Site Allocations Development Plan Document.

- 1.8 The Adopted Arun Local Plan 2011-2031 sets out the policy and evidence requirement for preparing the separate Gypsy and Traveller Site & Traveller Showperson Allocations Development Plan Document DPD (G&TDPD) which should be in accordance with the requirements of the Planning for Traveller Sites Policy (August 2015). The G&TDPD is a Local Plan looking only at G&T needs and provision and will form part of the statutory development plan for Arun when adopted.
- 1.9 The evidence base supporting the G&TDPD includes the following:
 - Gypsy and Traveller and Traveller Showmen Accommodation Assessment (GTAA April 2019) which importantly, rebases the G&T needs assessment to 2018 and the plan period to 2036;
 - G&T Site Identification Study (G&TSIS April 2019);
 - G&T Sustainability Appraisal reports assessing the emerging DPD and collated on the council's web pages and consultation portal.
- 1.10 Additional evidence has been commissioned to support the plan and will include:
 - G&T Site Delivery Study
 - G&T Access Review (traffic/highway impact)
 - Summary of Flood Predictions
- 1.11 The preparation timetable of the G&TDPD was revised and set out within the updated LDS January 2023. A Regulation 18 (Part 1) Issues and Options consultation took place in the summer of 2019. A regulation 18 (part 2) Draft G&TDPD 'Preferred Options' consultation (six weeks) was completed in the summer 2020. A Regulation 19 (Publication stage) G&TDPD consultation on legal and soundness compliance is scheduled for 6 weeks in Winter 2023.

Community Infrastructure Levy (CIL)

- 1.12 The Local Plan 2011-2031 and the Infrastructure Capacity Delivery Plan (IDP 2017) identifies what infrastructure is needed within the district over the lifetime of the Plan, when it will be provided, how much it will cost and how it will be funded (e.g., through S.106 monies from Strategic Allocations and proposed Community Infrastructure Levy funding for other off-site infrastructure). On 1 April 2020 Arun became a CIL Charging authority and published a CIL Charging Schedule and Infrastructure List.
- 1.13 Under the Planning Act 2008 there is no requirement for SPDs or other supporting documents to be included within the LDS and assessed against the LDS plan making timetable. However, where SPD are prepared and adopted,

they will be listed in this section for comprehensive picture and transparency to ensure that material guidance is provided. No SPD were prepared or adopted in the AMR monitoring period.

Chapter 2 - Neighbourhood Planning

Introduction

2.1 The Localism Act 2011 introduced a new tier of plan-making opportunities for communities, who will be able to prepare Neighbourhood Development Plans, Neighbourhood Development Orders and Community Right to Build Orders. Within Arun, the Town and Parish Councils are the responsible bodies for producing Neighbourhood Development Plans because Arun is parished.

NDP Update and Progress

2.2 The level of interest in neighbourhood planning in Arun District Council remains solid. There are currently 17 'made' plans; all of which are led by a Parish/Town Council or a sub group of the Parish/Town Council and include the following Parish areas:

Area Designation Approved

- 1. Aldingbourne*
- 2. Angmering*
- Arundel*
- 4. Barnham & Eastergate
- Bersted
- 6. Bognor Regis
- 7. Climping
- 8. East Preston
- 9. Felpham
- 10. Ferring
- 11. Ford
- 12. Kingston
- 13. Littlehampton
- 14. Pagham
- 15. Rustington
- 16. Walberton*
- 17. Yapton
- 18. Lyminster and Crossbush*

2.3 There are also 3 Community Right to Build Orders (CRTBOs) made in Ferring. The Community Right to Build Order (CRTBO) is a particular type of neighbourhood development order, meaning that it allows people to propose development in their local area and obtain permission for it, without having to go through a lengthy planning process. A proposal can be developed as part of a full neighbourhood planning process, or on its own. The statutory process is very similar to a Neighbourhood Development Plan and therefore has a referendum after the examination.

^{*}Parts of these parishes fall within South Downs National Park but Arun District Council is the Local Planning Authority for the purposes of the Neighbourhood Development Plans.

2.4 Up to 1 December 2023, there are 17 'made' (adopted) NDPs and 3 'made' CRTBOs in the District.

The following submissions have been received to date and show the current status of each NDP:

Made Plans

1.	Aldingbourne (2 nd Plan)	('made' on 14 July 2021)
2.	Angmering	('made' on 11 March 2015)
3.	Arundel (2 nd Plan)	('made' on 15 January 2020)
4.	Barnham & Eastergate (2 nd Plan)	('made' on 9 March 2022)
5.	Bersted	('made' on 5 November 2014)
6.	Bognor Regis	('made' on 11 November 2015)
7.	Climping	('made' on 13 January 2016)
8.	East Preston	('made' on 11 March 2015)
9.	Felpham (2 nd Plan)	('made' on 17 March 2021)
10.	Ferring	('made' on 14 January 2015)
11.	Kingston	('made' on 11 March 2015)
12.	Littlehampton	('made' on 5 November 2014)
13.	Yapton (2 nd Plan)	('made' on 8 November 2023)
14.	Rustington	('made' on 11 March 2015)
15.	Walberton (2 nd Plan)	('made' on 14 July 2021)
16.	Ford	('made' on 9 January 2019)
17.	Lyminster & Crossbush	('made' on 9 November 2022)

Community Right To Build Orders (CRTBO)

- 1. Ferring CRTBO1 ('made' on 14 January 2015)
- 2. Ferring CRTBO2 ('made' on 14 January 2015)
- 3. Ferring CRTBO3 ('made' on 14 January 2015)
- 2.5 The majority of the plans were 'made' (adopted) prior to the Local Plan being adopted and so the next phase for the parishes is for each to consider monitoring and reviewing their 'made' plan. This roll out of modified plans has already started. Arun District Council is actively encouraging the parishes regarding the need to review their plans in order to fully meet the identified housing need and housing target set out in the adopted Arun Local Plan 2018 (ALP 2018).
- 2.6 The adopted ALP 2018 includes a policy commitment to deliver at least 1,250 homes (as part of the overall housing target of 20,000 dwellings over the plan period) either through preparing a Non-Strategic Site Allocation DPD (NSSDPD) and/or through contributions from reviewed/made NDPs. However, with the update to the Local Plan the NSSDPD was abandoned.
- 2.7 Nevertheless, Neighbourhood Plan reviews and preparation are expected to test the existing Local Plan housing figure and distribution agreed with the council. The current Housing Target in the adopted Arun Local Plan remains the starting point for NDP preparation or reviews until the Local Plan is updated.

Government Update

2.8 Department for Levelling Up, Housing and Communities has a Pinterest site that has all the submitted plans. By using the links, it should be possible to get to examiners reports where these have been published. These are a very useful resource. The Pinterest site also gives access to the relevant submission documents (examples of basic condition statements, consultation statements etc.). The site can be found at:

http://www.pinterest.com/nplanning/neighbourhood-plans/

Conclusion

- 2.9 A 'made' NDP will form part of the Development Plan for the District and sit alongside the Arun Local Plan which sets out strategic and development management policies and strategic development proposals. It is critically important for NDP to be prepared and updated in order to contribute towards housing delivery and the housing land supply performance of the authority, ensuring polices are up to date. NDP will therefore, be used by Arun District Council to help make decisions on planning applications received for the area covered.
- 2.10 Arun District Council continues to be one of the lead authorities for neighbourhood planning nationally and amongst Local Planning Authorities with the most 'made' Plans and CRTBOs in the country to date.

For further information please visit: http://www.arun.gov.uk/made-plans

Chapter 3 – Duty to Cooperate

Duty to Cooperate

- 3.1 The Localism Act 2011 (March 2012) requires public bodies to carry out the duty to cooperate on planning issues that cross administrative boundaries. Local authorities are expected to demonstrate evidence of having co-operated with a range of bodies prescribed by the regulations where it is appropriate to do so in order to enable the delivery of sustainable development. Furthermore, local authorities are expected to document the outcome of such co-operation and to identify any unresolved issues.
- 3.2 The National Planning Policy Framework 2023 (paras 24 to 27) sets out the specific requirement for authorities and prescribed bodies to cooperate on strategic matters that cross administrative boundaries, including how any unmet needs may be met elsewhere. The NPPF (paras 35 to 37) also sets out 'soundness' tests for plan making and how this is to be achieved by preparing positive, justified and effective plans and strategies with supporting infrastructure evidenced via effective, and ongoing joint working demonstrated through published Statements of Common Ground. These should be published and accessible online at the earliest stages to inform Regulation 18 draft plan making.
- 3.3 The West Sussex and Greater Brighton (WS&GB) Strategic Planning Board provides a framework for undertaking the duty to cooperate via the 'Local Strategic Statement' or LSS. This body includes Chichester, Arun, Worthing, Adur, Brighton & Hove, Lewes, Mid Sussex, Horsham, SDNPA, West Sussex CC and East Sussex CC. The purpose of the Board is to:
 - 1. identify and manage spatial planning issues that impact on more than one local planning area within CWS&GB area; and
 - 2. support better integration and alignment of strategic spatial and investment priorities in WS&GB, ensuring that there is a clear and defined route through the statutory local planning process, where necessary.
- 3.4 The WS&GB Strategic Planning Board have prepared two successive LSSs. The current version LSS2 (2015) focuses on the strategic issues that are shared across WS&GB or that will impact on the long-term sustainability of the area, providing an overlay for local plans and the business priorities of key stakeholders. Work was initiated to progress preparation of an LSS3 and a Statement of Common Ground by the WS&GB authorities in 2019 and in 2021/22 however, this has been further delayed.
- 3.5 The council has continued to work collaboratively with WS&GB and other bodies to ensure the delivery of strategic priorities across local boundaries, in a co-ordinated way and that shared goals are reflected in the council's Local Plan (e.g. the adopted Arun Local Plan 2018 makes a contribution towards

- unmet housing needs mainly Chichester and Worthing who share a local Housing Market Area).
- 3.6 During the monitoring year (1 April 2022 31 March 2023) the council has held numerous meetings and correspondence with local authorities and other bodies within the Housing Market Area to discuss progress of the Local Plan and evidence base work and cross boundary issues. The following activities have taken place:

Chichester District Council

- 6 July 2022 CDC request for Statement of Common Ground and ADC response letter 26 September 2022
- 10 February 2023 Email with Draft Statemen of Common Ground between Chichester and ADC being worked up (not yet available as it has not been finalised or agreed and is work in progress)
- 7 March 2023 Email ADC with suggested edits to the draft SCG (not yet available as it has not been finalised or agreed and is work in progress)
- 5 March 2023 Email with further suggested changes to the draft SCG (not yet available as it has not been finalised or agreed and is work in progress)
- 28 October 2022 Duty to cooperate meeting Chichester District Council (CDC) and Arun District Council (ADC) on CDC Local Plan cross boundary matters (unmet housing need; A27 and A259 mitigation; employment, Gypsy & Travellers; transport; Nitrate Neutrality; Green Infrastructure)
- 12 December 2022 CDC letter requesting assistance with unmet housing need – including Gypsy & Traveller accommodation – ADC response letter 16 January 2023
- 17 March 2023 ADC representations on CDC Reg 19 Publication plan

Adur & Worthing District Council

- 27 May and 1 August 2022 cross boundary emails re Chatsmore Farm,
 Goring Gap Judgement
- 20 October 2022 Email Inspectors Final Report Worthing Local Plan

Horsham District Council

 7 June 2022 Horsham District Council response to Arun Biodiversity Net Gain Study Informal consultation on Brief

South Downs National Park (SDNP)

- 24 February 2022 Duty to Cooperate meeting the Arun BNG study and the potential bat corridor site
- 17 August 2022 Mapping request Arun commitments/large scale development in Arun within a 5 km zone around the National Park
- 14 September 2022 SDNP email request net additional dwellings delivered in authorities falling within/partly within SDNP
- 16 September 2022 SDNP email DLUC Housing Return data falling within/partly within SDNP

West Sussex County Council (WSCC)

- April November 2022 Arun Transport Apportionment Study liaison emails
- 7 April 2022 email notifying adoption (1 April 2022) of WSCC Local Transport Plan

Planning Policy Officers Group (PPOG)

- 19 January 2022
- 20 April 2022
- 20 July 2022
- 18 January 2023

West Sussex & Greater Bright Strategic Planning Board - 26 April 2022 Planning officer Group

• 26 May 2022 – ADC email response to Draft Statement of Common Ground for the Local Strategic Statement 3 Update (LSS 3)

West Sussex Local Nature Partnership

 19 January 2023 – ADC presentation Arun's Biodiversity Net Gain study evidence base to LNP webinar

Parish/Town Councils

 Workshop – 24 February 2023 National Planning Policy Framework and Community Infrastructure Levy

Utilities

 Southern Water – 24 January 2023 Arun District Council Arun Duty to Cooperate meeting Agenda Water related issues and plan making context

Statutory Bodies

- National Highways 30 June 2022 Duty to cooperate meeting and email correspondence on cumulative impact of Arun developments upon A27; A27 Worthing to Lancing Improvement Consultation – ADC response letter 16 March 2023
- Environment Agency 7 June 2022 Arun Commitment GIS Layers email request and ADC data response; 15 March 2023 Email from JBA consultants preparing Arun SFRA work to ADC and Environment Agency agreeing the basis for ADCs approach to climate change update based on the existing EA models
- Natural England 17 March 2022 Email requesting contact for SCG preparation; 24 January 2023, Duty to Cooperate meeting Water related issues meeting Agenda and plan making context

Chapter 4 – Housing Land Supply

Arun District Council 5-year Housing Land Supply 2023-2028

This Chapter of the AMR sets out the council's assessment of Housing Land Supply (HLS) for the Arun planning authority area (i.e. excluding areas of Arun District which fall within the South Downs National Park – SDNP). The 5-year supply looks forward for the period 2023/24 – 2027/28. The methodology is in accordance with the provisions of the Government's National Planning Policy Framework also taking into account guidance in the Planning Practice Guidance (PPG). It should be noted that the Arun Local Plan (2011 - 2031) which was adopted in July 2018 was prepared largely under the previous 2012 version of the NPPF. The completions and commitments monitoring baseline period for the AMR is retrospective from 1 April 2022 to 31 March 2023.

National Planning Policy Framework

- 4.1 The Government's policy is to significantly boost the supply of homes as a key objective (Paragraph 60 NPPF). This includes a requirement that local planning authorities should identify and update annually a supply of specific deliverable sites to provide five years' worth of housing against their housing requirements.
- 4.2 The NPPF sets out how authorities measure their previous 3 years housing delivery performance against the housing policy requirement or local housing need; and looking forward, how to calculate a 5-year housing land supply:
 - Local housing need (previously called the Objectively Assessed Housing Need or OAN) is now calculated according to the Government's Standard Housing Methodology (SHM¹ which uses Households growth based on the ONS 2014 Population Projections) unless there are exceptional circumstances to justify any alternative approach. The SHM applies a baseline 10-year annualised projection for any plan period which is then is uplifted to account for local affordability ratios (e.g. where average house prices exceed 4 times the local average earnings to house prices ratio). However, this is 'capped' at 40% if a Local Plan is up to date (i.e. adopted or reviewed in the last five years).
 - The Housing Delivery Test (HDT) measures performance over the previous 3 years and is expressed as a percentage of the Local Plan housing target or local housing need divided by the number of housing completions.
 - Where plans are more than 5 years old and housing polices have been reviewed and have yet to be updated, then the SHM local housing need figure must be used.
 - The HDT is the basis for calculating an authority's 'buffer' for calculating a 5year housing land supply.
 - Calculating a 5-year housing land supply (5 YHLS) places emphasis on clearly evidenced 'specific deliverable sites' that are available in the right locations now, that can be developed within 5 years.

¹ <u>https://www.gov.uk/guidance/housing-and-economic-development-needs-assessments</u>

- 4.3 The NPPF states that LPAs may make an allowance for windfall sites as part of the anticipated supply if they have compelling evidence that such sites will provide a reliable source of supply. This should not include residential gardens.
- 4.4 The NPPF contains further guidance to assess the deliverability and developability status of sites within Annex 2. To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within five years. In particular:
 - a) sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).
 - b) where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.
- 4.5 To be considered developable, sites should be in a suitable location for residential development, with a reasonable prospect that they will be available and could be viably developed at the point envisaged.

Planning Practice Guidance (PPG)

4.6 The Government's streamlined planning guidance was launched on 6 March 2014 and is continually updated. It includes guidance on issues such as the starting point for the HLS, deliverability, developability and dealing with past under- and over- supply. It was last updated in September 2023.

Housing Delivery Test

- 4.7 The results of the Housing Delivery Test for 2018, 2019, 2020, 2021 and 2022. (published by the government the following year) are: -
 - 91% November 2018
 - 68% November 2019
 - 61% November 2020 (Published 19 Jan 2021)
 - 65% November 2021 (Published 14 Jan 2022)
 - 61% November 2022 (Published 19 December 2023)²
- 4.8 The HDT is the percentage measurement of the 'Total net homes delivered over a three-year period' divided by the 'Total number of homes required over a three-year period' (Housing Delivery Test Measurement rule Book July 2018):

² https://www.gov.uk/government/publications/housing-delivery-test-2022-measurement

Housing Delivery Test (%) = $\frac{Total \text{ net homes delivered over three year period}}{Total \text{ number of homes required over three year period}}$

- 4.9 For areas without a recently adopted (or reviewed) Plan (i.e., more than 5 years old) the 'minimum annual local housing need' figure (described above) will be used. Transitional arrangements clarify that because a rolling three-year HDT was not in existence before 2018 the 'minimum local housing need figure', is replaced by household projections for the years 2015-16; 2016-17; 2017-18.
- 4.10 Arun adopted a Local Plan in 2018 the Arun Local Plan 2018 (ALP 2018) covering the period 2011-2031. Policy H SP1 'The Housing Requirement' sets out the 5-year annualised whole plan target which includes an element of unmet need from neighbouring local authorities.
- 4.11 The housing requirement figure for Arun is based on the adopted 'stepped housing trajectory' based on the above. However, for the purposes of this AMR, the five-year housing land requirement is calculated based on the Government's Standard Methodology (SM) using the 'local housing need' figure for Arun District. The reasons for this are set out under para 4.21 below.
- 4.12 There are consequences for not meeting the HDT and the 5-year housing land supply as set out in the NPPF, which relate to the application of the 'presumption in favour of sustainable development' (para. 11d). Failure in either case will trigger NPPF para 11d. The HDT sets specified percentage thresholds where the housing requirement calculation would trigger para 11d such that applications should be granted, unless such a decision would conflict with the policies, protected assets and designations of the NPPF or that the adverse impacts of doing so would demonstrably outweigh the benefits weighed against the NPPF as a whole.
- 4.13 Following annual publication of the HDT, the following percentages thresholds against the housing requirement will determine if a local authority passes or fails the HDT over a three-year period and the consequences of not doing so:
 - November 2018 where housing delivery falls below 25% the 'Presumption in favour of sustainable development' will apply immediately.
 - November 2019 where housing delivery falls below 45% The 'Presumption' applies.
 - November 2020 where housing delivery falls below 75% The 'Presumption' applies.
- 4.14 The NPPF sets out further penalties against higher percentage thresholds:
 - November 2018 where housing delivery falls below 95% of requirements the NPPF states that an 'Action Plan' should be published;
 - November 2018 where housing delivery falls below 85% of the requirement the NPPF states that a 20% buffer will be added to the 5-year housing land requirement.

4.15 The published HDT results for Arun District (see para 4.7) required that an Action Plan must be produced; and in 2019 an Action Plan was published and a '20% buffer' was triggered in order to calculate the 5-year housing land supply. The council's annual HDT result has triggered the need for an Action Plan and a 20% buffer to be applied consistently and this won't change until the Government's thresholds (set out above) are achieved.

Housing Requirement

- 4.16 The NPPF advises that strategic policies in Local Plans should, as a minimum, provide for objectively assessed needs for housing (paragraph 11). These policies should provide a clear strategy for bringing sufficient land forward, and at a sufficient rate, to address objectively assessed needs over the plan period, in line with the presumption in favour of sustainable development, including planning for and allocating sufficient sites (paragraph 23).
- 4.17 The housing requirement in Arun is set out in the adopted Local Plan ALP 2018 for the period 2011 2031. The whole plan requirement is set out in Policy H SP1 'The Housing Requirement' which is 20,000 new homes over the plan period (i.e. 1,000 per annum). The 1,000 dwellings pa target comprises the OAN at 919 dwellings per annum and an additional 81 homes per annum to meet unmet housing need over the plan period to 2031. This target contributes toward unmet needs of the local Housing Market Area (HMA) around Arun as well as the greater Coastal West Sussex HMA.
- 4.18 Due to the shortfall in delivery from the beginning of the Local Plan period and lead times required to build-out strategic allocations, it was established at Examination that a 'Stepped Trajectory' would be justified. The stepped housing targets mean a lower figure of 610 would apply for the first 5 years of the plan (2011 2015) rising to; 1,120 for years 6-10 (i.e. 2016 2020); 1,310 for years 11-15 (i.e. 2021 2025); and dropping to 960 for years 16-20 (i.e. 2026 2030).
- 4.19 Arun District Council in January 2020 resolved to update the Arun Local Plan because housing delivery performance fell below plan requirements over two consecutive years (i.e., the material housing policies are out of date). Additionally, the council was unable to demonstrate a 5-year housing land supply and there was a housing market delivery under performance measured by the Government's published HDT.
- 4.20 The PPG (Paragraph: 005 Reference ID: 68-005-20190722) clarifies:

"Housing requirement figures identified in adopted strategic housing policies should be used for calculating the 5-year housing land supply figure where:

- the plan was adopted in the last 5 years, or
- the strategic housing policies have been reviewed within the last 5 years and found not to need updating.

In other circumstances the 5-year housing land supply will be measured against the area's local housing need calculated using the standard method."

4.21 The adopted Arun Local Plan 2018 is more than 5 years old, and the housing policies were reviewed but still need updating. In accordance with the NPPF Paragraph 77 this means that the housing requirements within the Local Plan should be superseded by Local Housing Need (LHN) figure using the Government's Standard Method.

Shortfall/Treatment of past under-provision

- 4.22 There are two basic methods of dealing with past shortfall. It can be met over the five-year period (the "Sedgefield" approach) or over the remaining plan period up to 2031 (the "Liverpool" approach). The NPPF does not explicitly state which method is preferable when addressing shortfall although Planning Practice Guidance states that 'The level of deficit or shortfall will need to be calculated from the base date of the adopted plan and should be added to the plan requirements for the next 5-year period (the Sedgefield approach)'. (Paragraph: 31 Reference ID: 68-031-20190722). The Arun Local Plan 2018 has historically used the Sedgefield approach when it comes to these calculations.
- 4.23 However, given the Arun Local Plan 2018 is now more than five years old, the ALP 2018 housing requirements are now superseded by LHN figure and therefore shortfall against the past ALP 2018 requirements are no longer taken into account as the standard method for calculating LHN factors this in. This is as per PPG guidance (Paragraph: 031 Reference ID: 68-031-20190722) which states:

"Step 2 of the standard method factors in past under-delivery as part of the affordability ratio, so there is no requirement to specifically address under-delivery separately when establishing the minimum annual local housing need figure."

There are a number of other councils who have adopted this approach in terms of not including previous shortfall when addressing housing need requirements for their 5-year housing land supply calculations. These councils include the below listed as:

- Gedling Borough Council³
- Basingstoke and Dean Borough Council⁴

https://www.gedling.gov.uk/media/gedlingboroughcouncil/documents/planningpolicy/amrand5yhlsa/5YLS%202023%20-%20FINAL.pdf

²

https://www.basingstoke.gov.uk/content/page/82274/Authority%20Monitoring%20Report%202023.pdf

- North Northamptonshire Council⁵
- Fareham Borough Council⁶

Five Year Period

4.24 In accordance with the PPG above, for decision making, a five-year housing land supply calculation is therefore, based on the Standard Method LHN figure of 1,373 dwellings per annum for Arun District and is set out in this AMR for the reporting year. The methodology for calculating housing need is set out in the PPG⁷ paragraphs 002 Reference ID: 2a-002-20190220 to 004 Reference ID: 2a-004-20201216 (including worked example 2b which applies to Arun). Guidance on the 5-year supply calculation is set out in paragraph: 022 Reference ID: 68-022-20190722.

Buffer

- 4.25 Paragraph 74 of the NPPF (2023) states Local Planning Authorities should identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their housing requirement set out in adopted strategic policies, or against their local housing need (i.e. SHM) where the strategic policies are more than five years old. The supply of specific deliverable sites should in addition include a buffer (moved forward from later in the plan period) of:
 - a) 5% to ensure choice and competition in the market for land; or
 - b) 10% where the local planning authority wishes to demonstrate a five-year supply of deliverable sites through an annual position statement or recently adopted plan, to account for any fluctuations in the market during that year;
 - c) 20% where there has been significant under delivery of housing over the previous three years, to improve the prospect of achieving the planned supply.

As the 2022 Housing Delivery score published was 61%, the 95% HDT threshold was not achieved for 2022 (even with the reported step increase in housing to 931 net dwelling completions reported for 2022 see Appendix 1 and 2 below). Therefore, the council have assumed a 20% buffer must be added to the requirement figure.

4.26 The historic performance of Arun District in terms of delivering housing completions is set out in **Appendix 1 - Table 1.** It provides annualised net housing completions for Arun District from 2008/09 – 2022/23. Up until 2011/12 it included sites which would now fall within the Planning Authority of South Downs National Park. From 2012/13 onwards the completions in SDNP are

⁵ <u>https://www.northnorthants.gov.uk/growth-plans-and-policies/assessment-housing-land-supply/assessment-housing-land-supply</u>

⁶ https://moderngov.fareham.gov.uk/documents/s33591/Planning-5%20Year%20Housing%20Land%20Supply%20Position.pdf

⁷ <u>https://www.gov.uk/guidance/housing-and-economic-development-needs-assessments</u>

- excluded from this data. But it should also be noted that the HDT result includes completions in the SDNP.
- 4.27 **Appendix 1 Table 2** shows that completions have averaged 675 pa in the last 5 years which, is an improvement on what was reported last year (i.e. 630 dpa AMR in 2021/22). This performance while increasing sharply in 2022, is still below the Local Plan trajectory target of 1,005 dwellings per annum over the last 10 years (based on the stepped requirement) although if performance in 2022 is maintained over the next few years, significant progress will have been made particularly as there has been a consistently high and increasing level of planning permissions averaging 6,500 dwellings over the last 5 years which have not yet been implemented or completed (of which 5,224 are 'Deliverable').
- 4.28 Appendix 2 details the actual completions recorded in the year 2022/23.

Housing Land Supply Data

4.29 The assessment of Housing Land Supply within the AMR draws on several evidence sources to calculate projected completion rates. The 5-Year Housing Land Supply for 2023/24 – 2027/28 has been prepared using the Residential Land Availability (RLA) data supplied from West Sussex County Council (WSCC) as at 31 March 2023 (the latest available data)⁸. It should be noted that there was not a HELAA call for sites in 2022 and so other data sources (see para 4.31 below) were used to estimate deliverable supply looking forward five years from 1 April 2023. However, in 2023 the council undertook a new Call For Sites Process for a range of uses including Residential, Employment, Leisure & Tourism, Gypsy & Travellers, Biodiversity Net Gain, Renewable Energy during June/July 2023.

Projected completions on large sites with planning permission

- 4.30 For the purposes of assessing the Housing Land Supply 'Large' sites are taken to be sites capable of yielding 5 dwellings or more from the monitoring year 2022/23. This is in line with the most up to date guidance contained within the PPG (Note that Large sites were considered to be 6 or more dwellings, in the AMR 2018).
- 4.31 WSCC surveys all large sites with planning permission for 5 dwellings or more in West Sussex annually and provides a consistent assessment of the status of available sites, in terms of commencement, actual completion, and projected completions. They liaise with the developers of the large sites with full planning permission to gain evidence of when completions are predicted to come forward. This, therefore, provides a reliable basis for such sites being included in the assessment, in the terms of the sites being considered deliverable. As well HELAA records and call for sites data, the council uses planning application data, recent appeal decisions, national published data and case officer knowledge to help calculate the five-year deliverable supply (using a consistent).

20

⁸ https://www.westsussex.gov.uk/about-the-council/information-and-data/data-store/place-data/

methodology on lead in times and build out rate). The sites on which this assessment is based are listed in **Appendix 3**.

Projected completions on Strategic Allocation Sites without Planning Permission.

4.32 The stepped trajectory (**Appendix 4**) shows the predicted build out rates of the strategic allocation sites. This updated build out rate has been informed by the evidence sources outlined in para 4.31 above. The Strategic Allocations and the details of each site included can be seen under **Appendix 4**.

Projected completions on Housing & Economic Land Availability Assessment (HELAA) sites

- 4.33 A general call for sites for housing and employment use was last undertaken for the HELAA in June/July 2021. In 2023 the council undertook a new call for sites 2023 process in June/July 2023. This allowed sites for a range of uses to be submitted including residential, employment, Biodiversity Net Gain, Blue / Green Infrastructure and Leisure & Tourism uses⁹. The HELAA is not to be used for Development Management decisions as the HELAA confers no planning permission status to any site categorised as either Deliverable, Developable or Not currently Developable. Sites may move from one category to another depending on circumstances. It remains a high-level assessment by the authority. The most recent HELAA document and interactive map was produced in January 2022. This can be seen on the webpage here: https://www.arun.gov.uk/helaa-brownfield-land-self-build-registers
- 4.34 For the purpose of this assessment, sites of 5 or more dwellings identified within the HELAA as suitable, deliverable, achievable and within the current built up area are included provided sufficient evidence of deliverability was provided by the promotors see **Appendix 5** for details of sites included.

Projected completions on Made Neighbourhood Plan Sites

4.35 Sites allocated in Neighbourhood Plans that have either been made or that have passed examination (as at 31 March 2023) are included if they are considered likely to come forward within the next 5 years. All such sites have been assessed as deliverable as part of the Neighbourhood Plan process and where up to date evidence was provided – see **Appendix 6** for details of sites included.

Projected Completions & Implementation rates on small sites

4.36 The WSCC RLA survey includes comprehensive information on all planning permissions for residential development of all site sizes and dwelling numbers. From this data it is possible to determine the number of dwellings permitted on all 'small' sites, i.e. sites of less than 5 dwellings, as at 31 March 2023.

⁹ ADC. 2023. Call For Sites 2023 Process. https://www.arun.gov.uk/helaa-brownfield-land-self-build-registers

4.37 These small sites are then categorised as either under construction ('In Course of Erection' – ICE), or not commenced. Sites under construction are assumed to be fully built out within the next 5 years, so these are included in the 5-year supply. Of the sites that are not yet commenced a non-implementation rate is applied (see **Appendix 7**). A list of small site commitments data is set out at **Appendix 8**.

Small Sites Windfall calculation

- 4.38 The NPPF 2023 (paragraph 71) provides for LPAs to make an allowance for windfall sites as part of the anticipated supply if there is compelling evidence that they will provide a reliable source of supply. Any allowance should be realistic having regard to the strategic housing land availability assessment, historic windfall delivery rates and expected future trends.
- 4.39 **Appendix 7** uses the data from the WSCC RLA on dwelling completions on small sites from 2004/5 to 2022/23, specifically excluding development on residential gardens, in compliance with NPPF para 71. This demonstrates that completions on such sites were never lower than 19 dpa and were as high as 147 dpa with an overall average of 70 dpa for the last 19 years.
- 4.40 On this basis it is concluded that it is reasonable to provide a windfall allowance of small sites at a rate of 70 dwellings per annum (the average for the period 2004/5 2022/23) towards the 5-year HLS period. A windfall figure is only included within a year's worth of housing supply when the supply from existing permissions on small sites is less than 70. This ensures that no one year exceeds 70 dwellings as a windfall allowance. As well as **Appendix 7** the table below demonstrates this:

	2023/24	2024/25	2025/26	2026/27	2027/28	Total
Small site	105	74	49	8	1	237
Dwellings						
projected						
Windfalls	0	0	21	62	69	152
allowance						

Housing Land Supply Assessment

4.41 Since adoption of the Arun Local Plan 2018 it is recognised that delivery rates have not been as forthcoming as previously predicted, to enable the completions to come through as anticipated despite the being a healthy overall level of permissions. The reasons for this are covered in more detail by the Action Plan 2019 and the councils updated 'Housing Delivery Test Action Plan 2021'10 but can be summarised as:

¹⁰

- The quality of some of the submissions for major applications has not been of sufficient quality, to allow a timely approval.
- Some applications on strategic allocations which had officer recommendation for approval were subsequently refused at Committee.
- The actual rate of completions is highly dependent on the developers, which is largely out of Local Authority control.
- Developers have not delivered on their previously promoted build out rates.
- Applications on all the strategic sites have not been as forthcoming as anticipated.
- 4.42 There has been some improvement this in 2022/23 with sites receiving planning permission on Strategic Allocations and the supply of promoter's specific site deliverability evidence, (e.g., site housing trajectories). Further progress is anticipated as Masterplans are in place coordinating permissions coming forward to overcome delays experienced from an over reliance on strategic developments (e.g. long lead times from pre-application, planning permission, reserved matters, discharge of conditions and subsequent build out rates and start on site by the development sector).
- 4.43 Additionally, the council commissioned an external consultant to undertake delivery agreements with landowners and developers on 8 sites (1 additional site was put forward by the landowners) in August / September 2023. Of those 9 sites, 4 had outline planning permission and 5 were strategic allocation sites without planning permission as at 31 March 2022¹¹. This resulted in signed delivery agreements being returned including 6 complete proformas, 2 partially complete and 1 uncompleted proforma. This contained estimated projected housing trajectories to boost the requirement of delivery evidence to meet Category B of the NPPF 2023 Annex 2¹² definition of a deliverable site.
- 4.44 The latest update of the Local Plan Housing Trajectory can be viewed at Appendix 9. This shows the actual and predicted dwelling numbers that make up the Housing Land Supply over the whole plan period (2011 2031).
- 4.45 The table below summarizes how the 5-year housing land supply assessment has been calculated using the land supply data sources outlined above against the Standard Housing Method (SHM) in accordance with the PPG (see paragraphs 4.11 and 4.21). The SHM local housing need figure for Arun District is 1,373 dwellings per annum. The SHM already builds in an affordability uplift to address housing delivery performance. The Local Plan backlog/shortfall is, therefore, no longer applied or appropriate. Evidence shows that there has been significant progress in bringing forward planning approvals on strategic sites including a framework of coordinating Masterplans. The Arun Housing Market Absorption Study (December 2022)¹³ considers that this progress should be monitored over the period 2023-2024 to assess a likely step increase in housing

¹¹ Arun Residential Site Delivery Agreements October 2023. Lambert Smith Hampton. https://www.arun.gov.uk/housing-planning-policy/

delivery as a result. Indeed housing completions show a step increase in 2022. Arun has also published HDT Action Plans which have helped to provide policy coordination to tackle the backlog through high level Masterplans including publishing an Interim Housing Statement ('call for sites') and work to secure 'Developer Delivery Agreements' to remove barriers (see para 4.43 above).

4.46 This 5-year housing land calculation indicates that there is a **4.17**-year land supply and includes a HDT buffer of 20% (based on 61% HDT delivery performance).

5-Year Housing Land Supply Table

5-Year Housing Land Supply based on the Standard Housing Method (SHM)- Large Sites Commitments, NP Allocations and HELAA sites all include a 10% slippage reduction.

А	Standard Housing Method annualised figure for Arun housing requirement 2023/24 - 2027/28 (1,373 x 5)	6,865
В	Plus 20% Buffer (A x 0.2)	1,373
С	Total Requirement 2023/24 - 2027/28 (A+B)	8,238
D	Large Site Commitments (as at 31 March 2023 from WSCC RLA data – Appendix 2)	4,988
Е	Small Site Commitments (as at 31 March 2023 from WSCC RLA data – Appendix 6)	236
F	Windfall allowance (as at 31 March 2023 from WSCC RLA data – Appendix 6)	152
G	Made Neighbourhood Plan Allocations without planning permission as at 31 March 2023 from HELAA – Appendix 5)	170
Н	Deliverable HELAA Sites within built up area	119
I	Strategic Site Allocations (without PP as at 31 March 2023 or	1,210
	committed after 31 March 2023 – Appendix 3)	
J	Total Supply (D+E+F+G+H+I)	6,875
K	5-Year Supply in years (J/C x 5)	4.17

Note: SHM District figure includes a nominal element of need for South Downs National Park.

The site has had a non-material amendment application submitted under BE/85/23/MMA for NMA for inclusion of phasing plan in BE/81/20/OUT - approved 03-08-23. The site was also included in the Residential Delivery Agreements exercise carried out by LSH in August / September 2023. A signed delivery agreement was completed in August 2023 whereby the promoter estimates he promoters estimate that a Reserved Matters application will be submitted in March 2024. Also that construction on site is anticipated to start in Autumn 2024 with the first completions anticipated for late Spring 2025.

Cimping	Gwa // T/YOOT	Horsemere Green Lane Climping	200 0		23	50		23								o o				, v		PRIVATE SECTION	Os-18, a signed section 106 agreement dated 05-09-18, evidence of active engagement with the housebuilder in 2021 (Climping Homes). A Reserved Matters application was submitted under CM/48/21/RES on 31-08-21 and is currently undecided and pending decision to date. The application went to the Sept 2023 planning committee but was deferred. Therefore the council estimate the application will be considered at Dec 2023 planning committee meeting. A site delivery agreement proforma was completed during the LSH Delivery Agreements exercise whereby the developer stated that the delivery of the site is dependent on the reserved matters being approved. The Reserved Matters application has identification of a housebuilder / developer of Climping Homes in partnership with Foreman Homes and VVIID Housing, and the proforma confirms that the above developers have a 'good' track record of housing delivery.

A Reserved Matters application has been submitted under P/139/2/RES on 31-08-22 for RM of P/25/17/0UT for 65 dwellings - pending decision and undecided as at Nov 2023. It is estimated that this Reserved Matters application will be taken to the Dec 2023 Planning Committee. The site has outline permission under P/178/21/OUT approved by being allowed on appeal-conditions 14-12-22. The site has been recently promoted during the Call For Sites 2023 process whereby the promoter has submitted an update form with evidence of an updated housing trajectory. This estimates dwellings completions to come forward

BA11B	Industrial Site & North of Barnham Road 15 Barnham Road (Part of SD5)	Covers part of the Strategic Allocation site SD5. The site has undergone a screening opinion under BN/155/20/EIS for up to 600 dwellings and a care home, where it was decided that an Environmental Impact Statement was required on part of the site 08-02-21. Identification of a housebuilder Barratt Homes. Site Update 2023 - Site has a pending Full application under BN/195/22/PL submitted 04-01-23 for hybrid application of residential parcels for 551 homes and outline with all matters reserved for a care home (C2 Use) - undecided and pending decision at Nov 2023. A site proforma was completed and signed during LSH delivery agreements exercise in Aug / Sept 2023. This anticipates that the construction on site will be made in Spring 2024, with the first dwellings completed in July 2024, both occurring in the monitoring year of 2024/25.		Barnham & Eastergate	Residential		Y	BN/195/22/PL	Yes		551		In	0	63	84	84	84	84	84	68	
18EG2	Barnham Road, Eastergate (Part SD5)	Covers part of the Strategic Allocation site SD5. BN/65/19/OUT for demolition and 10 new dwellings - refused 06- 12-19. Site Update 2021 - owner phoned and gave verbal update that nothing has changed re. site status 11.06.21	Developable	Barnham & Eastergate	Residential				Yes		17		In	0	0	0	0	0	17	0	0	

NEWEG1	SD5/BEW site (Barnham Eastergate Westergate)	Covers part of the Strategic Allocation site SD5. BN/112/20/EIS Scoping Opinion issued by delegated powers - 10.11.20 BEW Framework Masterplan was endorsed 25-11-20. BN/131/21/EIS Updated Scoping Opinion Boundary withdrawn 20 10-21 Site promoted in HELAA site update process 2021 with updated trajectories given. The site has a pending outline application submitted on 04-02-22 under BN/11/22/OUT for up to 1,250 dwellings (C3), Care Home (C2/C3), flexible retail and community floor space (Use Class E), primary school, landscaping and realignment of the A29 and early connection to existing A29 including construction of a new road carriageway, junctions and associated infrastructure. It is estimated to go to Planning Committee Sept 2023. Site promoted in Call For Sites 2023 process with updated trajectories given. Additionally a proforma was completed during the LSH Delivery Agreements exercise in Aug / Sept 2023 outlining an updated housing trajectory and evidence of how the		Barnham & Eastergate	Residential	Y	BN/11/22/OU	TYes	1250	In	0	0	0	75	150	150	150	150	
NEWEG1A	Land South of BEW (Part of SD5)	Covers part of the Strategic Allocation site SD5. Site Update 2021 site was promoted during HELAA update process 2021 with an updated housing trajectory given by the promoter. No planning application yet submitted for this parcel. CFS 2023 updated form received with trajectories given - promoters estimate 1860 for southern parcel now (from endorsed masterplan). Development on this southern parcel is dependent on infrastructure provision of northern parcel new A29 bypass construction. Therefore developable later in plan period.	·	Barnham & Eastergate	Residential			Yes	1860	In	0	0	0	0	0	0	0	0	
NEWA13A	Club, Roundstone Lane Angmering	Strategic Allocation site SD11 - ANGMERING SOUTH AND EAST. Subsite of NEWA13. Entered during Call for Sites 2021. Site promoted in Call For Sites 2023 - site update form received - 22 in yrs 2024-2025 - however yields below to starting yr 5 due to no application yet received and still in use as a rugby club.	Deliverable	Angmering	Residential			Yes	24	In	0	0	0	24	0	0	0	0	
NEWA13	Club, Roundstone Lane Angmering	Strategic Allocation site SD11 - ANGMERING SOUTH AND EAST covers the remaining Roundstone Lane area of the Rugby Club. Site Update 2021: The site is still dependent on the existing Rugby Club being relocated to Sea Lane, Ferring. This re-location of the club has not yet been agreed by the Rugby Club Owners. Site promoted in Call For Sites 2023 - Update form received stating available but site still in use as Rugby Club so may come forward later in plan period.		Angmering	Residential			Yes	226	In	0	0	0	0	0	60	60	65	
125	New Barn Lane/Morells Farm/ Chalcraft Nurseries (Bognor Regis ECO Quarter)	STRATEGIC SITE SD3 WEST OF BERSTED for 2500 dwellings. West of Bersted Framework Masterplan endorsed 01-10-20. The site has undergone a scoping opinion where it has decided at Environmental Impact Assessment had to be required under BE/99/20/EIS relating to 2500 new homes - 15-10-20 Site promoted in HELAA site update process 2021 with updated trajectories given. The site has a pending outline application submitted under BE/134/22/OUT on 03-11-22 for up to 2,200 dwellings (C3), C2, B1/B8/C1/E, E1/F2/Sui Generis - undecided and pending decision. The site has been promoted in Call For Sites 2023 process with an updated housing trajectory given. Additionally the site had a completed proforma returned in the LSH Delivery Agreements exercise in Aug / Sept 2023. This gave evidence of the housing trajectory with completions anticipated by 'Mid-2025' and that the S.106 was being in process of being signed. Chapter 5 - Housing Delivery

Dwellings Completions and Delivery

The table below shows the planned housing targets to 2031:

H1 Plan period and Housing Targets							
Housing target	2011 - 2031						
	20,000						

5.1 Dwellings completions proportion built on Previously Developed Land

5.2 The table below sets out dwelling completion data showing proportion built on Previously Developed Land.

H2(a): Net additional dwellings in previous years

H2(b): Net additional dwellings for the reporting year

H3: New and converted dwellings on previously developed land

H2(a), H2(b) and H3 Indicators	H2 (a&b)	Н3	
Year	Dwelling C	Previously Developed Land* Total	
real	Gross	Net	(Included in Gross Completions)
2011-12	748	722	378 (51%)
2012-13	499	475	136 (27%)
2013-14	384	359	210 (55%)
2014-15	642	601	286 (45%)
2015-16	912	890	284 (31%)
2016-17	659	616	201 (31%)
2017-18	731	704	421 (58%)
2018-19	627	603	387 (62%)
2019-20	558	515	403 (72%)
2020-21	700	673	398 (57%)
2021-22	685	653	409 (59%)
2022-23	946	931	273 (29%)
Total	8,091	7,742	3,786 (47%)

^{*}In previous AMR's this was classed as Brownfield Land however it has been changed to Previously Developed Land in line with the WSCC Monitoring data and NPPF 2021.

The table below shows Affordable Dwellings Delivered and Total Dwellings delivered:

Year Ended	Affordable dwellings (net)	Total dwellings (net)	% of Total Dwellings
31 March 2012	280	722	39%
31 March 2013	164	475	35%
31 March 2014	30	359	8%
31 March 2015	128	601	21%
31 March 2016	166	890	19%
31 March 2017	102	616	17%
31 March 2018	104	704	15%
31 March 2019	111	603	18%
31 March 2020	65	515	13%
31 March 2021	181	673	27%
31 March 2022	99	653	15%
31 March 2023	263	931	28%

The table below shows Affordable Dwellings Delivered gross built and net built per parish (From 1 April 2022 – 31 March 2023):

Parish	Gross Built	Net Built
Aldingbourne	4	4
Angmering	46	46
Barnham & Eastergate	97	97
Bersted	9	9
Pagham	13	13
Walberton	61	61
Yapton	33	33
Grand Total	263	263

The table below shows Dwellings Completions gross built and net built per parish (From 1 April 2022 – 31 March 2023):

Arun District Ward / Parish	Gross Dwelling Completions	Net Dwelling Completions
Aldingbourne	47	46
Aldwick	1	1
Angmering	121	121
Arundel	3	3
Barnham	75	75
Bersted	30	30
Bognor Regis	52	49

Climping	11	10
East Preston	2	2
Eastergate	116	115
Felpham	9	7
Ferring	4	2
Ford	0	0
Kingston	0	0
Littlehampton	92	90
Lyminster	0	0
Middleton on Sea	3	1
Pagham	67	67
Poling	0	0
Rustington	1	1
Walberton	177	176
Yapton	135	135
Grand Total	946	931

Self-build and Custom Housebuilding

- 5.3 As required by the Self-build and Custom Housebuilding Act 2015 (as amended by the Housing and Planning Act 2016), the council has held a Self-build and Custom Housebuilding Register since February 2016. This is a register of individuals or groups of individuals who are seeking to acquire serviced plots of land in the district to build their own houses. A redacted version of the register as at 31 March 2022 can be seen on the council's website. https://www.arun.gov.uk/helaa-brownfield-land-self-build-registers
- 5.4 The 2015 Act (as amended by the Housing and Planning Act 2016) places two duties on local authorities which are the 'duty to grant permission' and the duty as regards registers'¹⁴.
- 5.5 The Self-build and Custom Housebuilding Act places a Duty upon the Local Planning Authority to give suitable development permission to enough suitable serviced plots of land to meet the demand for self-build and custom housebuilding in their area. The level of demand is established by reference to the number of entries added to the council's register during a base period. At the end of each base period, the council has 3 years in which to permission an equivalent number of plots of land, which are suitable for self-build and custom housebuilding, as there are entries for that base period¹⁵.
- 5.6 The base periods of the self-build register are from 31 October to 30 October annually. This period falls outside of the AMR base monitoring period. Therefore, this AMR will report up to 30 October 2023.
- 5.7 To fulfil duties to maintain the Register, planning officers at the council have been negotiating the need for plots for self or custom build housing with developers operating in the area¹⁶. As a result, there has been one permission in Bersted (BE/148/20/OUT) (approved by being allowed on appeal 12-04-22) which has included provision within the section 106 planning obligation, a requirement to provide 5% of the dwelling plots as self-build plots. It is anticipated that when the developer works up the design of the whole scheme this is likely to equate to about 11 plots.
- 5.8 Monitoring of planning applications has found that 22 plots have been granted planning permission suitable for self or custom build housing between 31 October 2021 and 30 October 2022. This is 11 plots identified from Community Infrastructure Levy (CIL) exemptions and 11 plots as part of the application identified above under BE/148/20/OUT.

¹⁴ PPG. 2019. 'Self-build and custom housebuilding' Paragraph: 023 Reference ID: 57-023-201760728 https://www.gov.uk/guidance/self-build-and-custom-housebuilding

¹⁵ PPG. 2019. 'Self-build and custom housebuilding' Paragraph: 023 Reference ID: 57-023-201760728 https://www.gov.uk/guidance/self-build-and-custom-housebuilding

¹⁶ PPG. 2019. 'Self-build and custom housebuilding' Paragraph: 025 Reference ID: 57-025-20210508

- 5.9 The Register currently has 44 individuals and 1 association of individuals as at 30 October 2023. There were 6 new entries of individuals added to the register and 0 new associations of individuals.
- 5.10 Monitoring of planning applications found that 13 plots were granted planning permission suitable for self or custom build housing between 31 October 2022 and 30 October 2023. This comprised of 4 plots identified from the planning permission BN/25/23/OUT for 4 No. self-build dwellings approved 06-09-23 (approved after the monitoring period of this AMR) and 9 plots identified from CIL exemption notices.

Chapter 6 - Commercial Land Delivery

The tables below refer to commercial data provided by West Sussex County Council as at 31 March 2023.

Total amount of additional available employment floorspace

Gross and net employment land floorspace completions that are available (or is currently under construction). Retail, leisure, and hotel uses have not been included.

Year Ended	Gross Additional Employment Floorspace (sq Meters)	Net Additional Employment Floorspace (sq Meters)
31 March 2012	3,595	3,217
31 March 2013	3,165	1,163
31 March 2014	2,350	1,490
31 March 2015	20,594	16,775
31 March 2016	25,651	17,293
31 March 2017	77,714	74,687
31 March 2018	118,641	118,558
31 March 2019	6,036	5,659
31 March 2020	5,664	5,052
31 March 2021	16,936	15,438
31 March 2022	2,804	2,495
31 March 2023	21,654	21,654

BD1: Total amount of additional employment floorspace occupied by use class.

Employment Floorspace Type is defined by Use Class Order E g(i), (ii), (iii) and B2 and B8.

The table below shows gross and net floorspace completed. Completed includes completed and available for use or completed and occupied.

Floor Space Type	Gross Additional Employment Floorspace (sq Meters)	Employment Floorspace Lost (sq Meters)	Net Additional Employment Floorspace (sq Meters)	Site area (Ha)
E(g)(i) (or Previously B1a): Offices	0	0	0	0
E(g)(ii) (Or previously B1b): Research and Development	0	0	0	0

E(g)(iii) (Or previously B1c): Industrial processes	431	0	431	0.43
B2: General Industry	0	0	0	0
B8: Storage & Distribution	58	0	58	0.15
Grand Total	489	0	489	0.58

BD2: Total amount of additional employment floorspace occupied on previously development land by use class.

This indicator only counts employment floorspace from the total gross floorspace identified in BD1 (above), which is on Previously Development Land (PDL). This is shown in table below.

The table below shows total amount of additional employment floorspace occupied on previously development land by use class

Floor Space Type	Gross Additional Employment Floorspace (sq Meters)	Employment Floorspace Lost (sq Meters)	Net Additional Employment Floorspace (sq Meters)	Site area (Ha)
E(g)(i) (or Previously B1a): Offices	0	0	0	0
E(g)(ii) (or Previously B1b): Research and Development	0	0	0	0
E(g)(iii) (or previously B1c): Industrial processes	0	0	0	0
B2: General Industry	0	0	0	0
B8: Storage & Distribution	58	0	58	0.15
Grand Total	58	0	58	0.15

BD3: Employment land available by use class

Employment floorspace type is defined by Use Class Order E g(i), (ii), (iii) and B2 and B8. This includes available sites, sites with planning permission and sites under construction. This is shown in table below.

The table below shows employment land available by use class

Floor Space Type	Gross Floorspace (sq Meters)	Floorspace Lost (sq Meters)	Net Floorspace (sq Meters)	Site area (Ha)
E(g)(i) (or previously B1a): Offices	0	0	0	0
E(g)(ii) (or previously B1b): Research and Development	0	0	0	0

Grand Total	21,528	0	21,528	30.72
B8: Storage & Distribution	20,063	0	20,063	29.28
B2: General Industry	1,070	0	1,070	0.75
E(g)(iii) (or previously B1c): Industrial processes	395	0	395	0.685

BD4: Total amount of completed and occupied floorspace by Town Centre and Leisure use. Town Centre is classed as Bognor Regis and Littlehampton town centres as per the Arun Local Plan 2018¹⁷.

This includes uses defined as Use Class Orders E (a), Retailing, E (c) (i), (ii), (iii), financial and professional Services, E (g) (i) Offices and E(d) Indoor sport, recreation and fitness. This is shown in table below.

The table below shows completed floorspace for Town Centres

Floor Space Type	Gross Floorspace (sq Meters)	Floorspace Lost (sq Meters)	Net Floorspace (sq Meters)	Site area (Ha)
E(a) (or Previously A1): Retailing	110	0	110	0.6
E(c)(i)(ii)(iii) (or Previously A2): Financial and Professional services	0	0	0	0
E(g)(i) (or Previously B1a): Offices	0	0	0	0
E(d) (or Previously D2): Indoor sport, recreation or fitness	0	0	0	0
Grand Total	110	0	110	0.6

¹⁷ Arun Local Plan 2011-2031. (Adopted July 2018). https://www.arun.gov.uk/download.cfm?doc=docm93jijm4n12844.pdf&ver=12984

Chapter 7 - Gypsy & Traveller Site Provision

Gypsy and Traveller and Travelling Showpeople

- 7.1 A revised Planning Policy for Traveller Sites (PPTS 2015) was published in August 2015 and requires that local planning authorities set pitch targets for Gypsies and Travellers and plot targets for Travelling Showpeople (G&T) which address the likely permanent and transit site accommodation needs of travellers in their area, working collaboratively with neighbouring local planning authorities. Using the target figures, the PPTS 2015 requires that local planning authorities identify and update annually a supply of specific deliverable sites sufficient to provide five years' worth of sites. A supply of specific developable sites or broad locations for growth should be identified for years 6 10 and where possible for years 11 15.
- 7.2 The Gypsy and Traveller and Travelling Showpeople Accommodation Assessment (GTAA) published in April 2019 sets out the objectively assessed need for Gypsy & Traveller and Traveller Showpeople families over the period 2018 2036 (see below).
- 7.3 To meet the identified needs set out within the GTAA April 2019 Arun commissioned a Gypsy and Traveller and Travelling Showpeople (G&T) Sites Identification Study published in April 2019 to inform preparation of a G&T Site Allocations Development Plan Document (G&TDPD). It includes a process of identifying and assessing sites against criteria and in response to consultation etc. The G&TDPD preparation has been subject to Sustainability Appraisal (February 2019) so that the proposed allocations to meet identified need is provided in a sustainable and equitable way, similar to the settled population's housing need.
- 7.4 While the G&TDPD is being prepared, the council is committed to ensuring that adequate provision is made for the travelling community in the short term through the development management process. The council considers that the Arun Local Plan (adopted in July 2018) Policy H SP5 and criterion for determining planning applications, provides a sound basis for planning decisions and allowing further pitch provision until the G&TDPD can be finalised and adopted.
- 7.5 It is worth noting that in March 2015 a transit site in Westhampnett, Chichester opened to provide nine short-stay pitches, toilet and shower facilities and an office for the manager of the site. This was delivered by Chichester District Council through joint working with Arun and other district and Borough Councils across West Sussex and other groups. The GTAA April 2019 considered that as there is currently a public transit site in Chichester it is available for transit needs in the first instance to deal with any unauthorised encampments, and that no additional transit provision is required at this time.

GTAA 2019 UPDATE

- 7.6 The jointly commissioned GTAA 2019 (i.e. with the coastal West Sussex Authorities) assessment assumes that within Arun local planning authority area, supply and demand for the period 2012-2017 net to zero based on identified need and supply. The GTAA assessment then starts from a new 2018 baseline which identifies all current and future need as of January 2018 and rolls forward the assessment period by 5 years from 2031 2036. On this basis, there is no shortfall need to provide for. The baseline date for the study is January 2018 which was when the majority of the site interviews were completed.
- 7.7 Pitch Needs Gypsies and Travellers that meet the Planning Definition In summary, there is a need for 9 additional pitches in Arun over the GTAA period to 2036 for Gypsy and Traveller households that meet the planning definition; a need for up to 3 additional pitches for unknown Gypsy and Traveller households that may meet the planning definition. For information the GTAA April 2019 identifies 13 Gypsy and Traveller households which did not meet the planning definition. This data will be used to inform the Arun Local Plan update and the approach to meeting the special and cultural needs of the population.
- 7.8 Plot Needs Travelling Showpeople
 In summary there is a need for 14 additional plots in Arun over the GTAA period to 2036 for Travelling Showpeople households; a need for up to 1 additional plot for unknown Travelling Showpeople households that may meet the
- 7.9 A Gypsy and Traveller and Traveller Showmen (Regulation 18) Issues and Options consultation was published for a 6-week public consultation (8 July to 2 September 2019). The results of this consultation informed the preparation of a G&T Preferred Sites Allocations DPD (G&TPSADPD) reported to Planning Policy Sub-Committee on 17 December 2019. The Planning Policy Committee agreed that further work be undertaken to resolve objections prior to consulting on a Regulation 19 'preferred options' DPD in the summer of 2020.
- 7.10 Following the G&T 'Preferred Options' DPD consultation, a number of issues addressed in that document were maintained by some stakeholders in their consultation responses which broadly related to: -
 - Site Delivery landscape, heritage and amenity.
 - Highways, access and traffic impact.
 - Flood risk and sewerage.

planning definition.

7.11 Further evidence work was therefore commissioned in 2023 and will be added to the existing evidence base to resolve the issues identified at the preferred options stage consultation and to enable the G&T DPD top progress to Regulation 19 Publication and consultation in the winter 2023.

Note: although outside the AMR reporting period – it should be noted that the G&T DPD Regulation 19 Publication has been issued for legal and soundness consultation for the period 14 December 2023 to 7 February 2024 and details can be found on the web page here: https://www.arun.gov.uk/gypsy-and-traveller-development-plan-document-dpd

Chapter 8 – Infrastructure Funding Statement

Arun District Council's Infrastructure Funding Statement 2022/23.

- 8.1 Arun District Council has published its fourth Infrastructure Funding Statement (IFS 2022/23). This supersedes the IFS published in November 2022. The Town and Country Planning (Local Planning) (England) Regulations 2012 Regulation 34 requires the IFS to be reported as part of the AMR and this chapter, therefore, includes links direct to the published IFS 2022/23 and Appendices to form part of this AMR.
- 8.2 In accordance with the CIL Regulations 2010 (as amended), the council has prepared an Infrastructure Funding Statement (IFS). The IFS 2022/23 reports the council's S.106 income and expenditure and provides an update on the council's Community Infrastructure Levy income for the period 2022/23.
- 8.3 On 9 March 2022, Arun's <u>Infrastructure Investment Plan 2022-2024</u> (IIP) was approved at Full Council. The IIP sets out the shortlist of our priority projects for funding together with a CIL apportionment for each of the 3-year programme. It also includes a baseline (long list) of projects which may secure funding in future years. These lists will be updated in year 3 (i.e. 2024).

Summary Headlines of IFS 2022/23 (figures are rounded):

- £3.359m was received in total in Arun from S106 and CIL Developer Contributions combined in the year 2022/23; of which
- £2.560m was received from S.106 developer contributions;
- £799k was received from CIL liable applications;
- £41.6k was spent on two projects included in our Infrastructure Investment Plan (IIP);
- £2.5m total CIL relief granted;
- £138k was transferred to Town or Parish Councils (details of any expenditure will be detailed in their own IFS);
- £10.320m S.106 was held on deposit as of March 2022 (the budget monitoring report);
- £1.179m in total was spent in 2022/23 or transferred towards projects (further details on the years activity will be found under sections 7 9 of the IFS document).

S.106 Income

- £2.172m is due to be received by the council once triggers are reached, after entering into S.106 agreements as part of the approval of approximately 43 planning applications on development sites;
- £10.320m received from all planning obligations, entered into on or prior to 1st April 2021, has not been formally allocated;
- £1.739m total amount of money (received under planning obligations) which was allocated but not spent in 2020-21 totals;
- 395 affordable housing units on site and 7 new areas of open space and play areas will be delivered in the reported year via the council entering into planning agreements;

- **264** affordable homes were provided and at least **1** areas of open space and play areas;
- Further details on non-monetary contributions are set out in section 8 of the IFS.

S.106 Expenditure

- £1.179m was spent in 2022/23 or transferred to infrastructure projects.
- 8.4 Please find below the web page where the Arun IFS 2022/23 will be found together with a link to the document. The IFS 2022/23 was agreed at Planning Policy Committee on 21 September 2023.
- 8.5 Web page:

https://www.arun.gov.uk/ifs-and-developer-contributions

IFS 2022/23 Document:

IFS (Infrastructure Funding Statement) 2022/23

Chapter 9 – Biodiversity and Sussex Biodiversity Report (see Appendix 9 below)

9.1 Arun District Council will record and monitor the 10% Biodiversity Net Gain (BNG) metric, mandatory for major developments under the Environment Act 2021 and published regulations. An annual register of BNG will record location, amount, habitat type and whether it is onsite or offsite. This data will be provided for the 2023/24 AMR report.

Sussex Biodiversity Report (Appendix 9)

Biodiversity Annual Monitoring Report

Arun District 1st April 2022 – 31st March 2023

06/11/2023

Biodiversity Annual Monitoring Report

INTRODUCTION

The Biodiversity Annual Monitoring Report (AMR) is a product provided by the Sussex Biodiversity Record Centre (SxBRC) to all local authorities in East and West Sussex on a yearly basis. It is a retrospective look at the potential impacts on biodiversity of approved planning applications for the financial year.

WHY THIS DATA MATTERS

The Natural Environment and Rural Communities Act 2006 aims to make biodiversity a central consideration in policy and decision making processes, by placing a legal duty in Section 40 on every public body in exercising its functions, [to] "...have regard...to the purpose of conserving biodiversity." There is an expectation that public bodies when complying with this duty will refer to the list of habitats and species of principal importance in England (Section 41 list). These habitats and species should be treated as material considerations when making planning decisions.

Another key purpose of this duty is to embed consideration of biodiversity as an integral part of policy and decision making throughout the public sector, which should be seeking to make a significant contribution to the achievement of the commitments made by government in its <u>25 Year Environment</u> Plan (Planning Practice Guidance Ref 8-009-20190721).

It is also cemented in the National Planning Policy Framework (NPPF) that the planning system has an environmental role to play that is fundamental to achieving sustainable development. In particular the planning system should:

- Provide net gains in biodiversity (8, 174, 179)
- Take a strategic approach to maintaining and enhancing networks of habitats and green infrastructure (175);
- Plan for the enhancement of natural capital at a catchment or landscape scale across local authority boundaries (175)
- Promote the conservation, restoration and enhancement of priority habitats, ecological networks and the protection and recovery of priority species (179)
- Identify suitable ways of mapping and monitoring biodiversity in local plans (179)
- The preparation and review of all policies should be underpinned by relevant and up-to-date evidence. (31)

The information in this report will help to assess how the local authority is performing at these duties.

SPECIES DATA

Table 3 in this report provides the number of planning applications where designated species data exists within a 200 metre buffer. All species data is from 1980 onwards. The species data are grouped as follows:

European Protected Species (EPS)

The list of European Protected Species is taken from Schedule 2 and Schedule 4 of the Conservation (Natural Habitats &c.) Regulations 1994. It is an offence to deliberately kill, capture, or disturb a European Protected Species, or to damage or destroy the breeding site or resting place of such a species.

Otter records are not included in this report.

A list of European Protected Species can be found here: http://naturenet.net/law/europe.html

Wildlife & Countryside Act (1981) Species

Species included in Table 3 of the Biodiversity AMR are from the following Schedules/Parts of the Act:

Schedule 5 - Wild Animals

- Section 9 Part 1: intentional killing, injuring, taking
- Section 9 Part 4(a): damage to, destruction of, obstruction of access to any structure or place used by a scheduled animal for shelter or protection
- Section 9 Part 4(b): disturbance of animal occupying such a structure or place

A list of Schedule 5 species can be found here: http://naturenet.net/law/sched5.html

Schedule 8 - Plants

A list of Schedule 8 species can be found here: https://naturenet.net/law/sched8.html

Section 41 (S41) Species

Section 41 (S41) of the Natural Environment and Rural Communities (NERC) Act 2006 requires the Secretary of State to publish a list of habitats and species which are of principal importance for the conservation of biodiversity in England.

The S41 list is used to guide decision-makers in implementing their duty under section 40 of the Act, to have regard to the conservation of biodiversity in England, when carrying out their normal functions.

More details about the NERC Act can be found here: http://bit.ly/1Nedj7X

Bats

Bats are protected by European and UK legislation. It is an offence to:

- Deliberately capture, injure or kill a bat
- Intentionally or recklessly disturb a bat in its roost or deliberately disturb a group of bats
- Damage or destroy a bat roosting place (even if bats are not occupying the roost at the time)
- Intentionally or recklessly obstruct access to a bat roost
- Possess or advertise/sell/exchange a bat (dead or alive) or any part of a bat

Notable Birds

The list of 'Notable Birds' has been devised by the SxBRC in collaboration with the Sussex Ornithological Society (SOS). It consists of bird species that are particularly scarce or vulnerable to development in Sussex. The full list can be seen at the end of this report.

Rare Species

These species are from the Rare Species Inventory (RSI) devised by the SxBRC in collaboration with local experts. The list contains over 3,400 species, selected on the following criteria:

- All species in the British Red Data Books including all Notable fauna and Nationally Scarce flora and British endemic taxa which have ever occurred in Sussex whether extinct or not.
- Species included in the UK Biodiversity Action Plan (BAP species).
- Internationally rare taxa cited in the Bern Convention, IUCN Red Data lists, or EU Habitats Directive which are not covered by any of the above.
- County rarities.

Bat and bird records are not included in the RSI.

Invasive Non-Native Species (INNS)

An invasive non-native is defined as a species whose introduction and/or spread threatens biological diversity. Section 14 of the WCA (1981) is the principal legislation dealing with the release of non-native species. The list of INNS used in Sussex includes all those listed in Schedule 9 of the WCA and 26 other species not in this Schedule but which pose a particular risk in Sussex. A list of these additional species can be found at the end of this report.

Bird records are not included in the list of invasive non-native species used in this report.

Ancient & Veteran Trees

These records are from the Ancient Tree Hunt (a national survey carried out in 2007/2008) and Tree Register of the British Isles (a charity which collates and updates data on notable trees).

Black Poplars

The black poplar is naturally a tree of wet woodland and forested floodplains. Much black poplar habitat has been drained and cleared in the past, and there are now under 50 mature trees remaining in Sussex.

Statistical breakdown of approved planning applications within designated sites and habitats in Arun District between 1st April 2022 and 31st March 2023. (Excludes applications within the South Downs National Park Authority.)

Produced on 06/11/2023

^{*} This only applies to 'live' Environmental Stewardship Agreements. Environmental Stewardship Agreements include: Entry Level Stewardship, Entry Level plus Higher Level Stewardship, Higher Level Stewardship, Organic Entry Level plus Higher Level Stewardship and Organic Entry Level Stewardship.

All statistics are based on information held at the Sussex Biodiversity Record Centre as at 01/11/23. Note that designated sites may overlap therefore the totals shown in the designated site table do not necessarily reflect the total percentage of the district covered by designated sites. Please inform us if you believe the data shown to be inaccurate.

Table 3. Species Data # (1980 onwards)	Number of records in West Sussex	Number of records in Arun District	No. of planning applications with species records within 200m buffer	% of planning applications with species records within 200m buffer
European Protected species	27573	3513	59	65.56
Wildlife & Countryside Act species	48966	6337	75	83.33
Section 41 species	491249	81404	90	100.00
Bats	22839	2682	58	64.44
Notable birds	238670	38403	88	97.78
Rare species (excludes bats and birds)	74133	11359	76	84.44
Invasive non-native species	15431	969	54	60.00
Ancient Tree Hunt	2695	456	5	5.56
Tree Register	378	10	0	0.00
Black Poplar	17	4	0	0.00

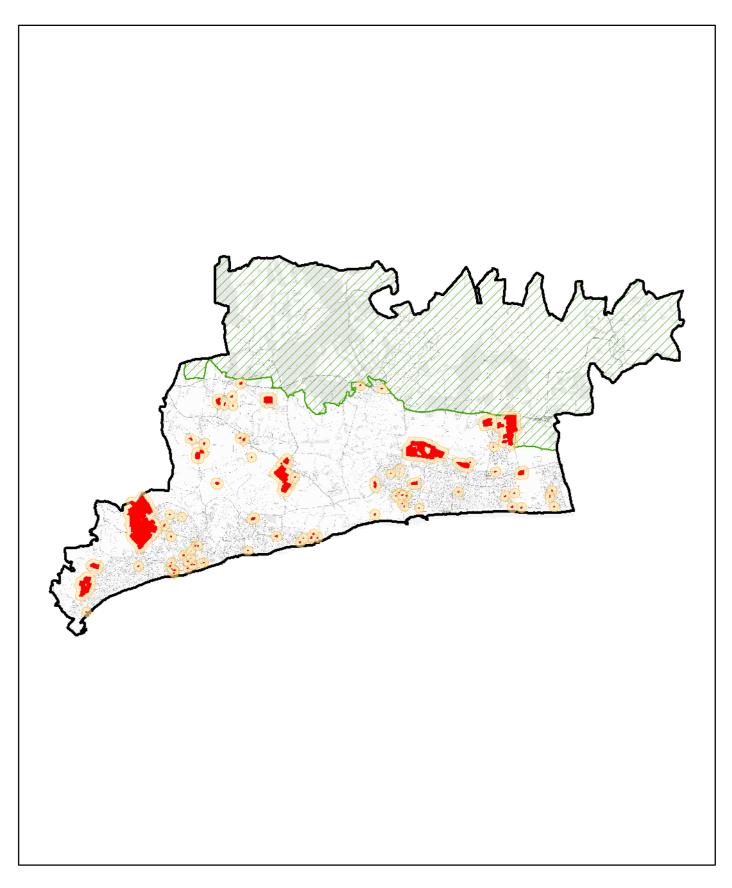

^{*} Changes in habitat extent year on year may well be a reflection of improved datasets and should not be assumed to be habitat expansion or contraction. Many habitat datasets overlap with one another, e.g. lowland meadow may be classed as grazing marsh and recorded in both inventories. "Badger and otter records are not included. Rare species does not include bat or bird records. Some species appear in more than one category. The Sussex Notable Bird Inventory is based on a list of species that are particularly scarce or vulnerable to development in Sussex. Please see species list at end of report for more information. Ancient Tree Hunt and Tree Register of the British Isles datasets include a degree of overlap (i.e on occasion the same tree may be recorded in both datasets).

Planning applications within or abutting designated site, reserve or habitat

(Applications which abut a designation/reserve/habitat appear in this table with area shown as 0.00)

Sussex Notable Bird List

The Sussex Notable Bird List consists of species that are particularly scarce or vulnerable to development. It includes species which are either on the Birds of Conservation Concern Red and Amber lists, NERC Section 41 or Schedule 1 species known to have bred in Sussex, have been recorded in summer and may breed in the future or have vulnerable overwintering populations in Sussex.

These records are not available to the general public due to the sensitivity of the data. The SOS has kindly shared these records with us, with the view that better planning decisions can be made with their availability.

Below is the list of species and the date ranges/criteria for their inclusion:

Species	Record type treated as notable in Sussex
Dark-bellied Brent Goose	All records
Mute Swan	Confirmed or probable breeding or late May - early July records
Bewick's Swan	All records
Whooper Swan	All records
White-fronted Goose	All records
European Greater White-fronted Goose	All records
Greenland Greater White-fronted Goose	All records
Common Shelduck	Confirmed or probable breeding or late May - early July records
Wigeon	Confirmed or probable breeding or late May - early July records
Gadwall	Confirmed or probable breeding or late May - early July records
Teal	Confirmed or probable breeding or late May - early July records
Mallard	Confirmed or probable breeding or late May - early July records
Pintail	Confirmed or probable breeding or late May - early July records
Garganey	Confirmed or probable breeding or late May - early July records
Shoveler	Confirmed or probable breeding or late May - early July records
Pochard	Confirmed or probable breeding or late May - early July records
Tufted Duck	Confirmed or probable breeding or late May - early July records
Scaup	All records
Common Scoter	All records
Little Egret	Confirmed or probable breeding records + roost
Purple Heron	All records
Bittern	All records
Little Bittern	All records
Spoonbill	All records
Black Grouse	All records
Grey Partridge	Confirmed or probable breeding or March - August records
Quail	Confirmed or probable breeding or March - August records
Red-throated Diver	All records
Black-throated Diver	All records
Great Northern Diver	All records
Little Grebe	Confirmed or probable breeding or late May - early August records
Slavonian Grebe	All records
Fulmar	Confirmed or probable breeding records
Balearic Shearwater	All records
Leach's Petrel	All records
Honey-buzzard	Information provided in summary only
Red Kite	Confirmed or probable breeding or March - August records + roost
White-tailed Eagle	All records
Marsh Harrier	Information provided in summary only
Hen Harrier	Roost
Pallid Harrier	All records
Montagu's Harrier	Information provided in summary only
Goshawk	Information provided in summary only
Golden Eagle	All records
Osprey	Mid-May to July records

Sussex Invasive Non-Native Species (INNS)

An invasive non-native species (INNS) is defined as a species whose introduction and/or spread threatens biological diversity. INNS includes those listed in Schedule 9 of the Wildlife & Countryside Act 1981 (WCA) and 26 other species not in this Schedule but which pose a particular risk in Sussex. These additional species are:

Scientific name	Common name
Pseudorasbora parva	Topmouth Gudgeon
Leucaspius delineates	Sunbleak
Amsinckia micrantha	Common Fiddleneck
Centranthus ruber	Red Valerian
Gaultheria shallon	Shallon
Hyacinthoides hispanica	Spanish Bluebell
Nymphoides peltata	Fringed Water-lily
Petasites fragrans	Winter Heliotrope
Prunus laurocerasus	Cherry Laurel
Hyacinthoides non-scripta x hispanica = H. x massartiana	Hybrid Bluebell
Lemna minuta	Least Duckweed
Acaena novae-zelandiae	Pirri-pirri-bur
Lysichiton americanus	American Skunk Cabbage
Cortaderia selloana	Pampas Grass
Quercus ilex	Evergreen Oak
Harmonia axyridis	Harlequin Ladybird
Lilioceris lilii	Lily Beetle
Cameraria ohridella	Horse-Chestnut Leaf-miner
Campylopus introflexus	Heath Star Moss
Trachemys scripta	Red-eared Terrapin
Lithobates catesbeianus	American Bullfrog
Styela clava	Leathery Sea Squirt
Dreissena polymorpha	Zebra Mussel
Dreissena rostriformis bugensis	Quagga Mussel
Lymantria dispar	Gypsy Moth
Thaumetopoea processionea	Oak Processionary Moth

Chapter 10 – Call For Sites 2023

- 10.1 During the Summer of 2023 the council undertook a new 'Call For Sites' process from 21 June 2023 26 July 2023.
- 10.2 The call for sites has identified land promoted for the purposes of HELAA, residential and employment uses, Biodiversity Net Gain (BNG), custom and self-build housing, Leisure & Tourism Uses, Renewable Energy and blue/green infrastructure. These will be reviewed and assessed as part of the Local Plan update.
