Dear Chief Executive,

### **Weekly food waste collections – indicative capital transitional costs for the introduction of weekly food waste collections**

Thank you for your continued engagement with our Collection and Packaging Reforms, including Simpler Recycling. Through Simpler Recycling, we will ensure that people across England are able to recycle the same materials, putting an end to confusion over what can and cannot be recycled in different parts of country; and introduce weekly collections of food waste.

I am writing to provide further detail on the indicative transitional capital funding to fund waste collection authorities (WCAs) for the delivery of weekly food waste collections (subject to Ministerial approval). This will come into effect for households from 1 April 2026, as required under s45A of the Environmental Protection Act 1990 (introduced by the [Environment Act 2021 \(legislation.gov.uk\)](#)). Further details can be found in the [Simpler Recycling Government response](#). Details of the funding are provided in Annex A. If you are due to receive a bespoke transitional arrangement (delayed food waste implementation date) then you will not receive the funding listed until an appropriate point before your bespoke transitional arrangement is due to end. This is to ensure that there is no funding in advance of need.

Please respond to [recycling@defra.gov.uk](mailto:recycling@defra.gov.uk) by 19 January 2024, confirming the bank account (account name, sort code, account number) on header paper, signed by a senior responsible officer or authorised finance officer, to which grant payments should be made. It will not be possible for us to provide capital payments until this has been provided.

This capital funding is intended for the purchase of food bins (this includes internal kitchen caddies, external kerbside caddies and communal bins) and food waste collection vehicles. This funding will be provided through Section 31 grants. Letters will be sent to local authorities this financial year on a non-ring-fenced basis.

The funding has been calculated in collaboration with the Waste Resources Action Programme (WRAP). It has been modelled using a bottom-up modelling approach that has involved creating modules for common service areas, typically operated within each council area. The key modules are kerbside, flatted/communal and remote rural properties. The modules each contain standard groupings to account for contextual and service variation within each council area to reflect the different cost profiles for each housing stock type. The cost values are scaled by the numbers of properties reported in each council area to provide a unique cost allocation for each council. The model accounts for a number of variables including rurality, levels of deprivation, number of kerbside and flatted properties, configuration of flatted properties, food waste yields, vehicle and container unit costs, and average collection round sizes.

To ensure the model is as robust as possible, the assumptions and outputs have been tested with colleagues in the Department for Levelling Up, Housing and Communities, local authority associations and some local authorities before sharing this information with you.

To set this in context, I would like to set out when you should expect all sources of funding in relation to Simpler Recycling. It is our intention that:

- Capital transitional costs, as above, will be funded in the 2023/24 financial year. This funding will be provided to waste collection authorities that need to implement or extend a weekly food waste collection service, either partially or fully.
- Resource transitional funding will be provided from the 2024/25 financial year. This money will be provided to waste collection authorities that either need to implement a weekly food waste collection service partially or fully.

- Ongoing resource/revenue costs will be provided from 1 April 2026 and will be provided to all waste collection authorities, including those that have already fully implemented a food waste collection service.
- We are currently calculating transitional and ongoing resource costs and will be writing to you on these in due course.

If you have any questions regarding this letter, please do not hesitate to contact [recycling@defra.gov.uk](mailto:recycling@defra.gov.uk).

Yours sincerely,
