

APPENDIX 1 - Angmering Sports Hub Public Consultation Results

The following questions (1-5) relate to the existing Palmer Road recreation ground:

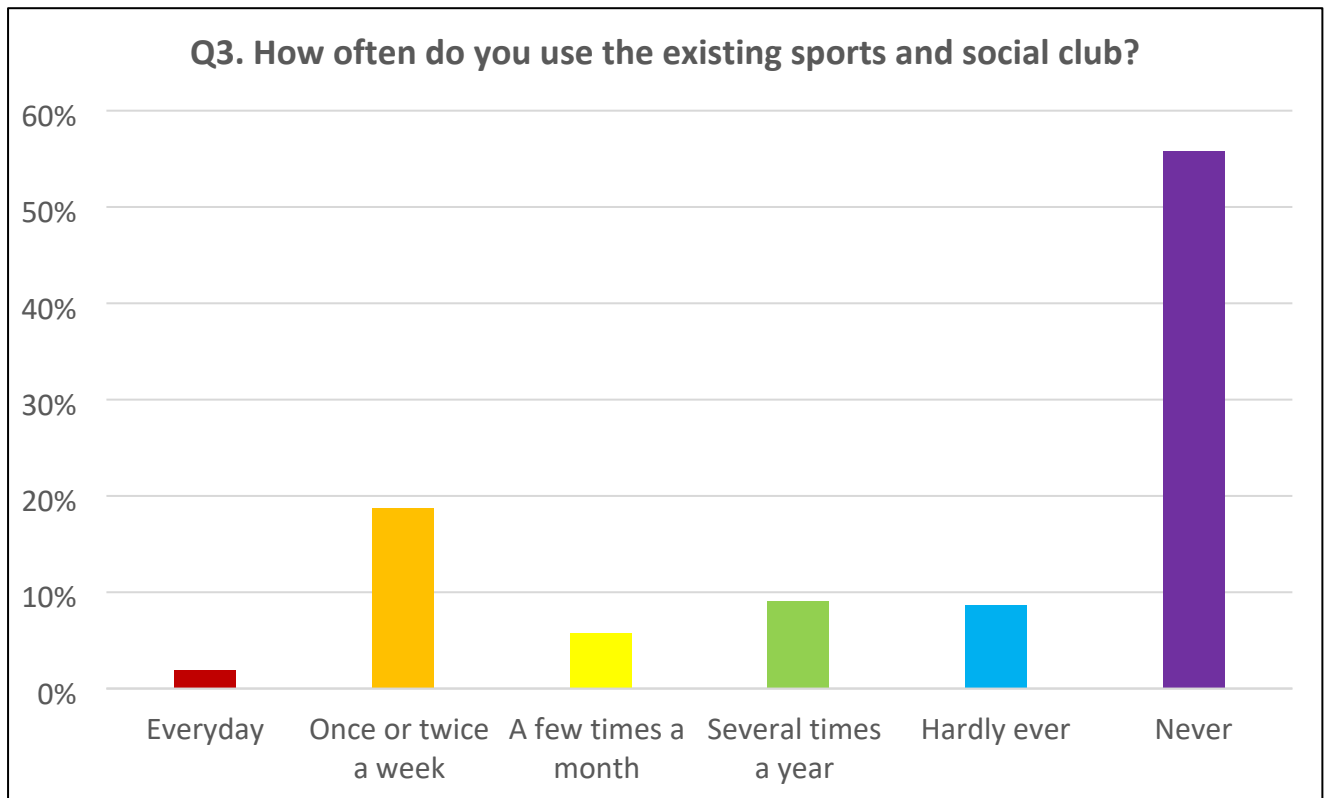

1. How often do you currently use Palmer Road recreation ground?

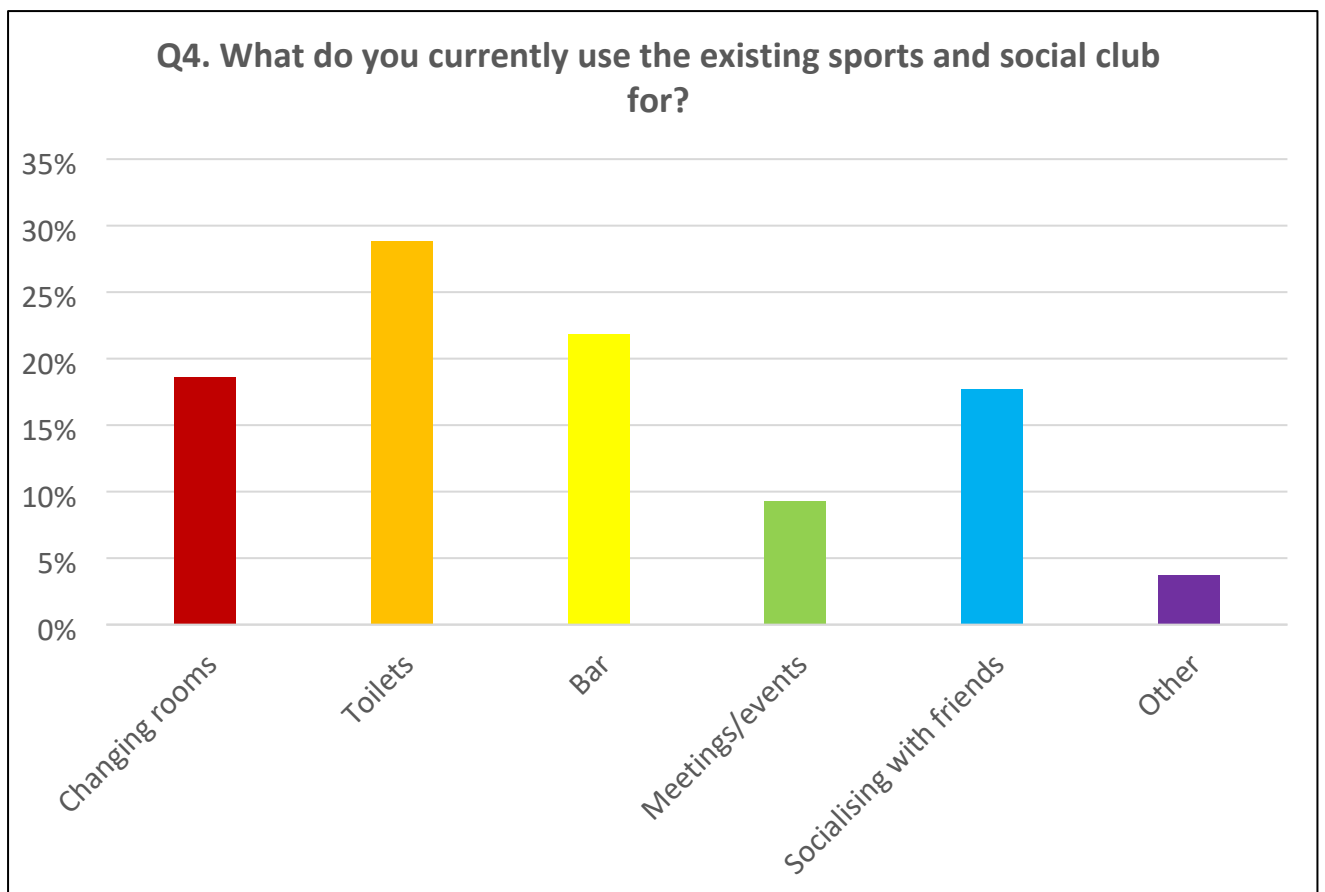

2. What do you currently use Palmer Road recreation ground for?

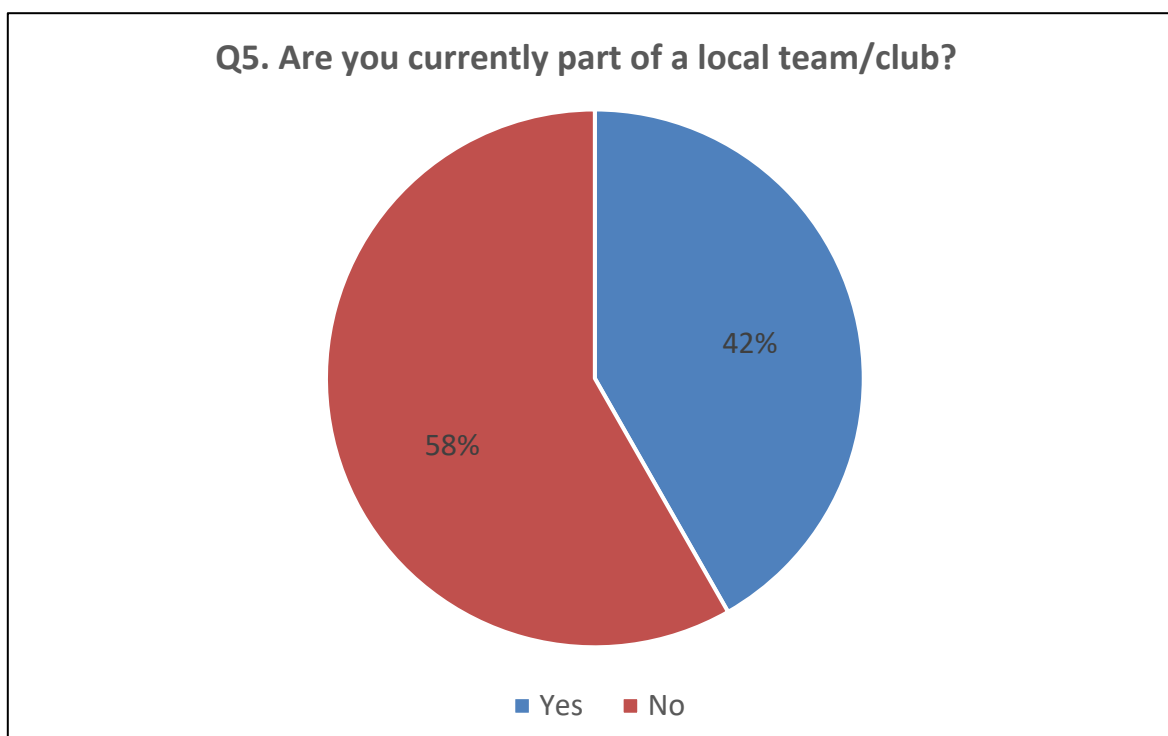

3. How often do you use the existing sports and social club building?

4. What do you currently use the sports and social club building for?

5. Are you currently part of a local team/club?

State which team:

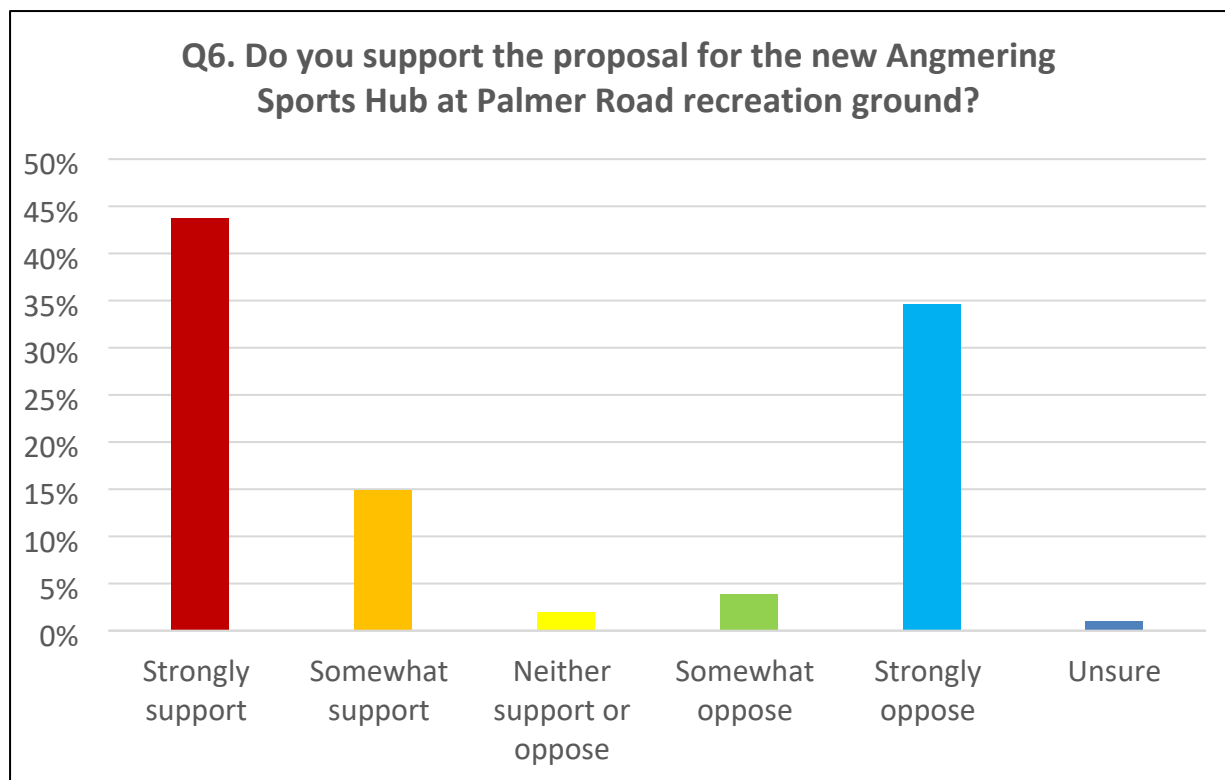

| Response | Number of responses |
|-----------------------------|---------------------|
| Angmering FC | 9 |
| Littlehampton Town Youth FC | 7 |
| Angmering Cricket Club | 7 |
| Worthing Rugby Club | 4 |
| Rustington Otters FC | 3 |
| Littlehampton Cricket Club | 1 |
| Other | 7 |

The following questions (6-8) relate to the proposed sports hub and access:

It is proposed that the new Angmering sports hub at Palmer Road recreation ground will comprise the following facilities:

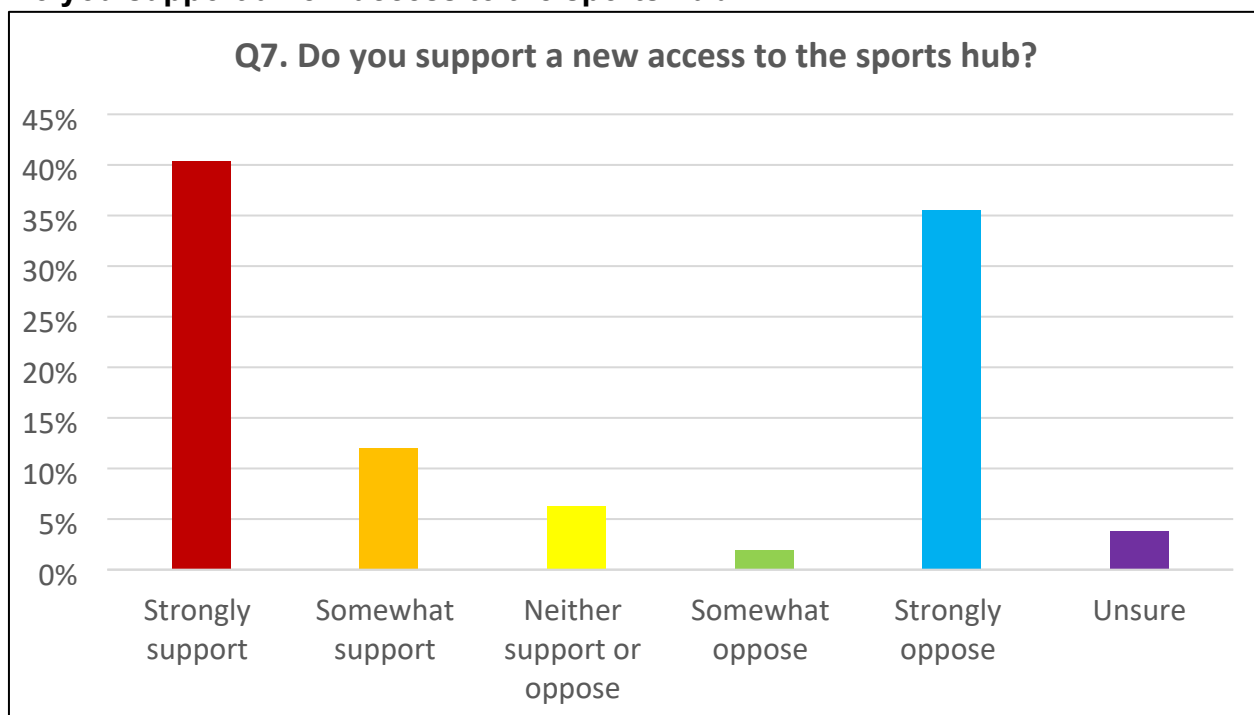

- Community sports hub building
- 3G all-weather pitch with floodlights
- Natural grass pitches for adult and youth football
- Artificial grass cricket wicket
- Multi-use games area (MUGA) for netball, basketball and other sports
- Children’s play area
- Car and cycle parking

6. Do you support the proposal for the new Angmering sports hub at Palmer Road recreation ground?

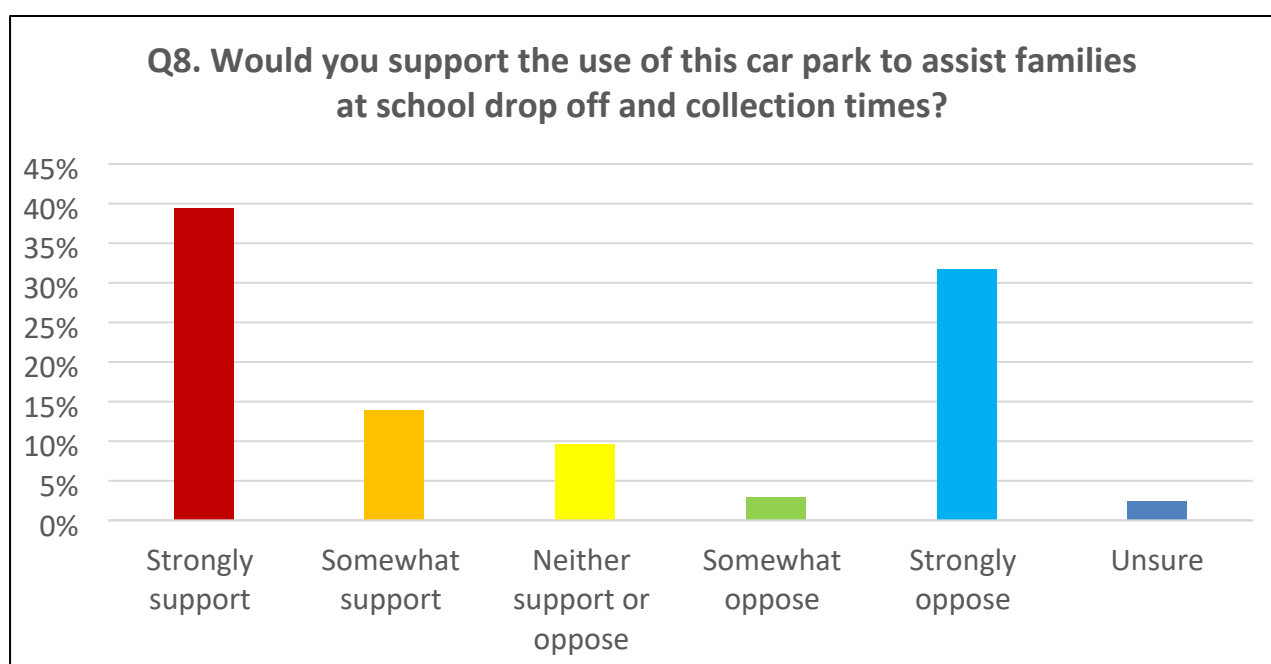

7. The preferred vehicular access to the new sports hub is via the development to the north (Option 1). The alternative option is from Arundel Road via the existing pedestrian access route (Option 2).

Do you support a new access to the sports hub?

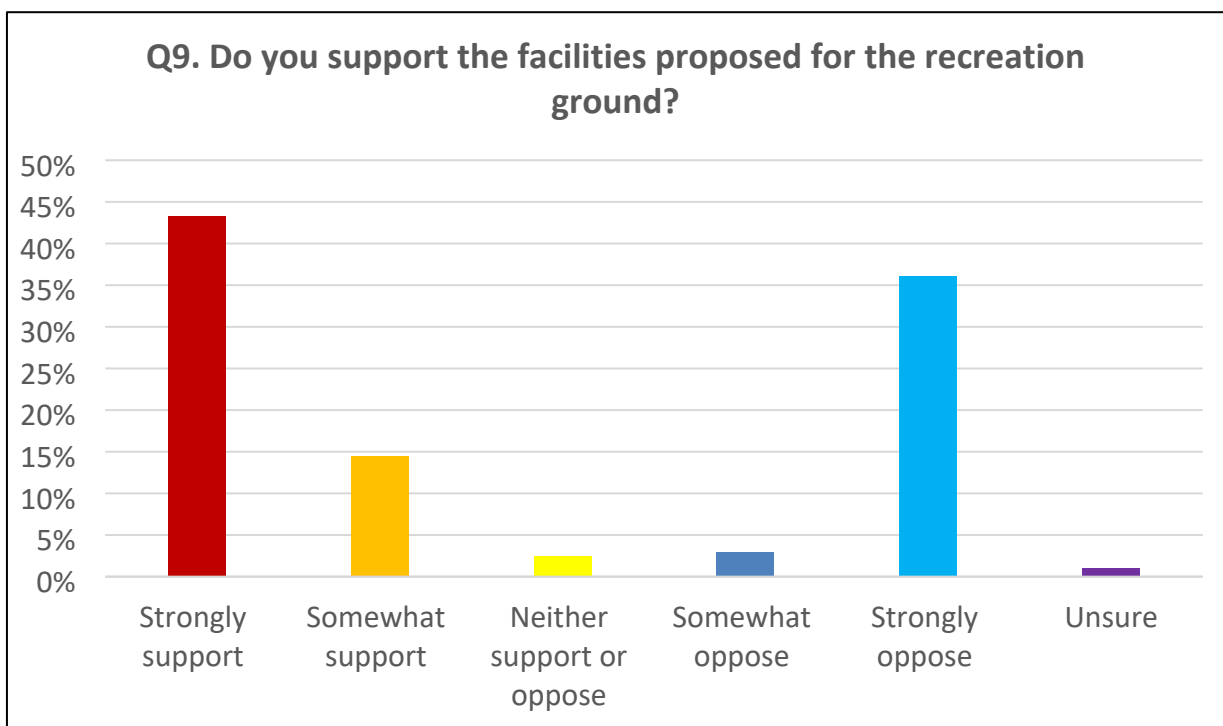

8. It is intended that the car park will be managed by Arun District Council. Would you support the use of this car park to assist families at school drop off and collection times?

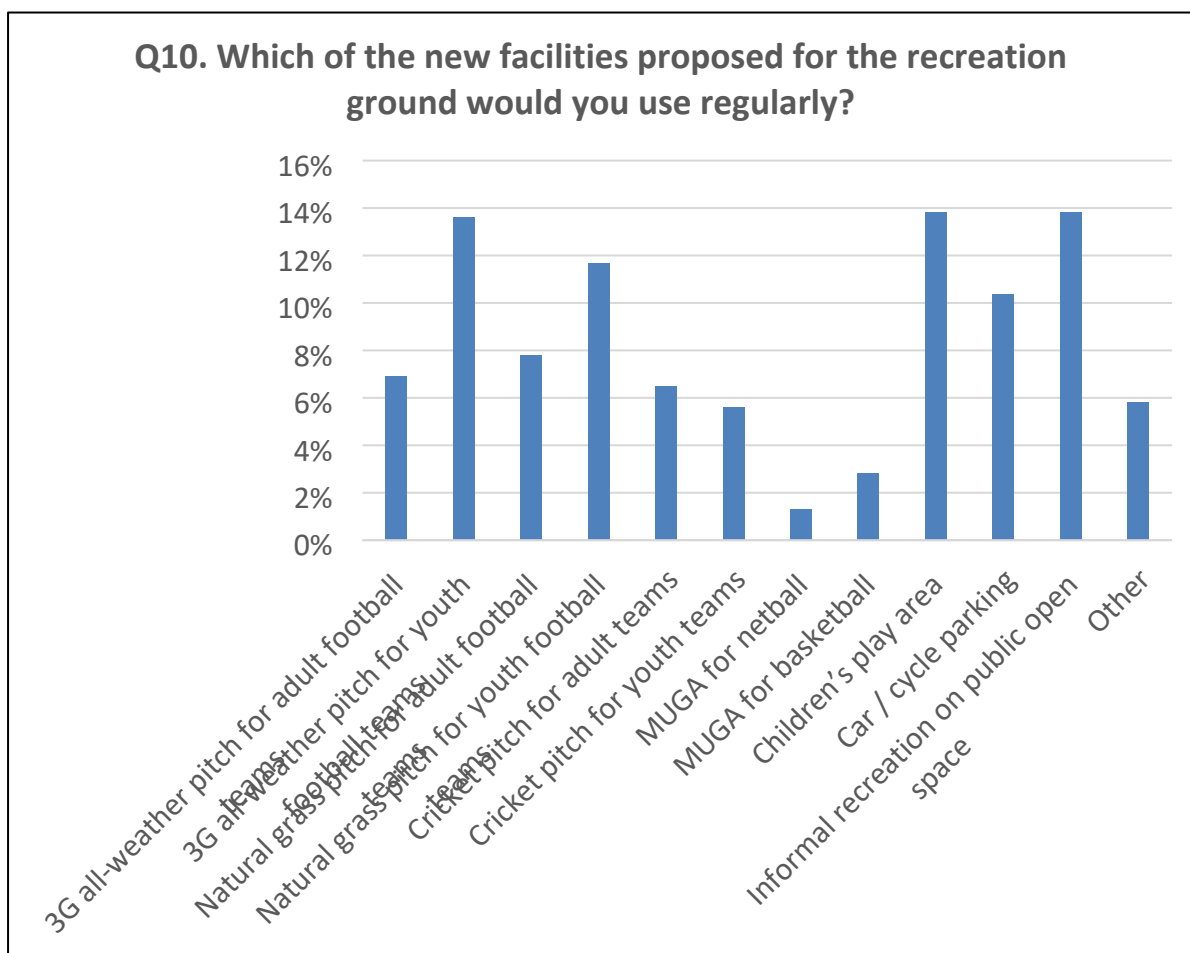

The following questions (9-12) relate to the facilities proposed on the new sports hub recreation ground:

It is proposed that the recreation ground will comprise a 3G all-weather pitch, natural grass football pitches, an artificial grass cricket wicket, MUGA (multi-use games area) for netball, basketball and other sports, children's play area, car and cycle parking.

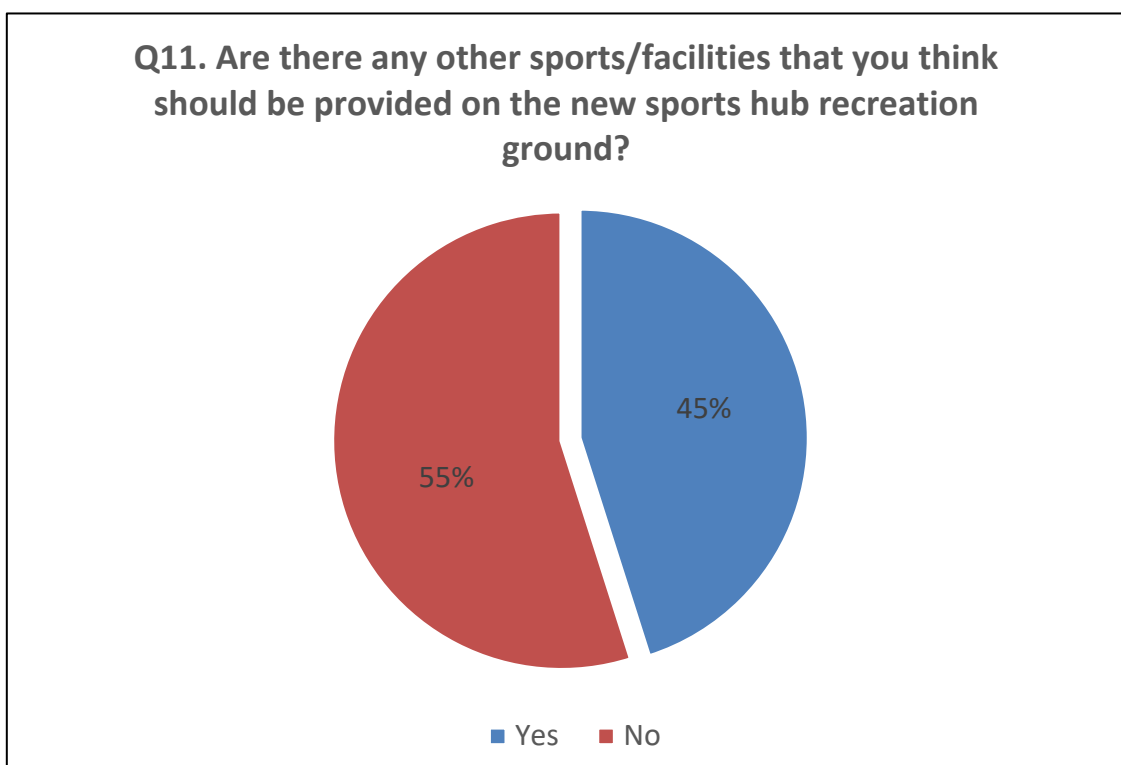

9. Do you support the facilities proposed for the recreation ground?

10. Which of the new facilities proposed for the recreation ground would you use regularly?

11. Are there any other sports/facilities that you think should be provided on the new sports hub recreation ground?

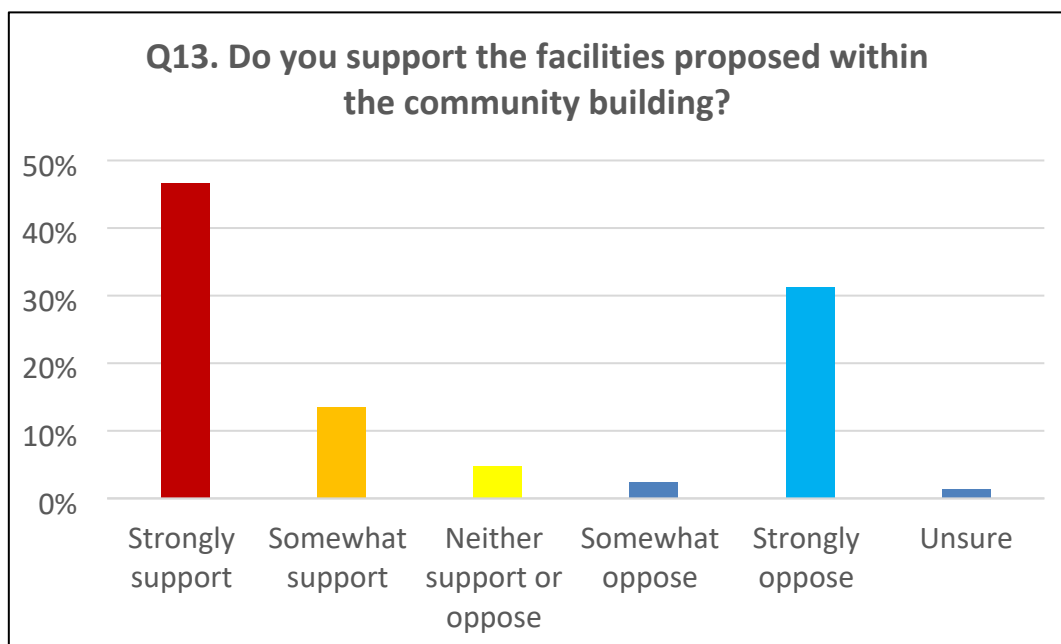

12. Which items of equipment would you like to see in the new play area?

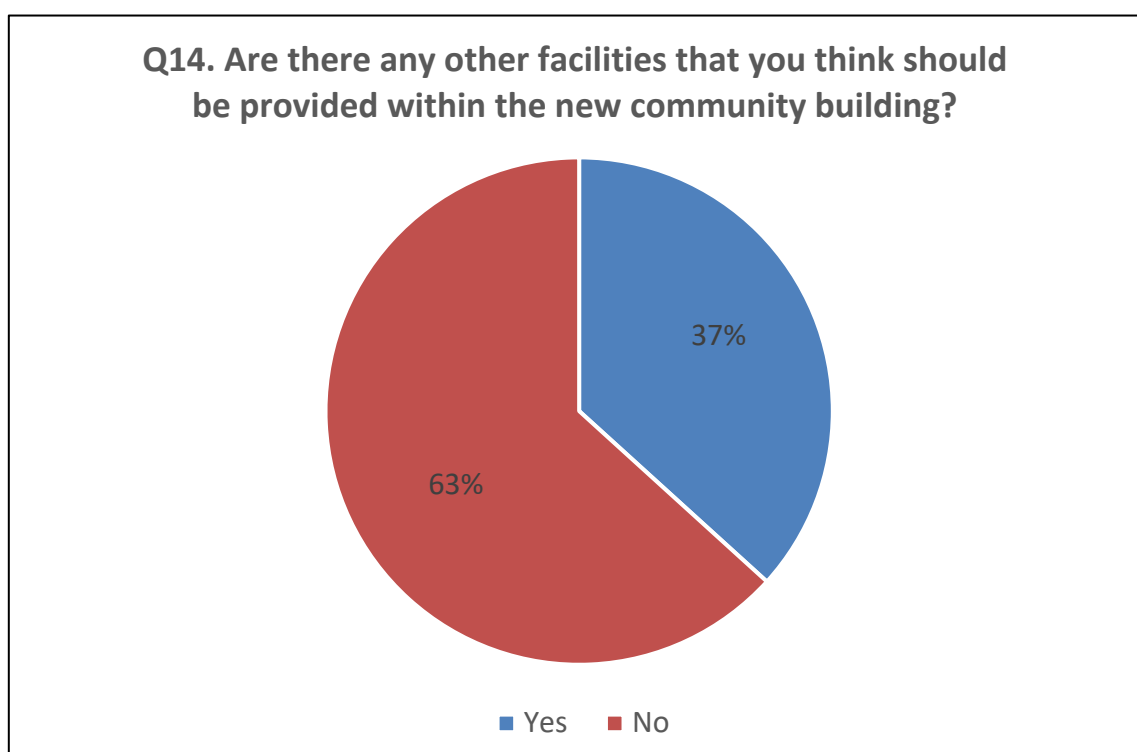

The following questions (13-14) relate to the new community sports hub building:

It is proposed that the new building will include changing rooms, showers, toilets, flexible hall and community space with food and beverage provision.

13. Do you support the facilities proposed within the community building?

14. Are there any other facilities that you think should be provided within the new community building?

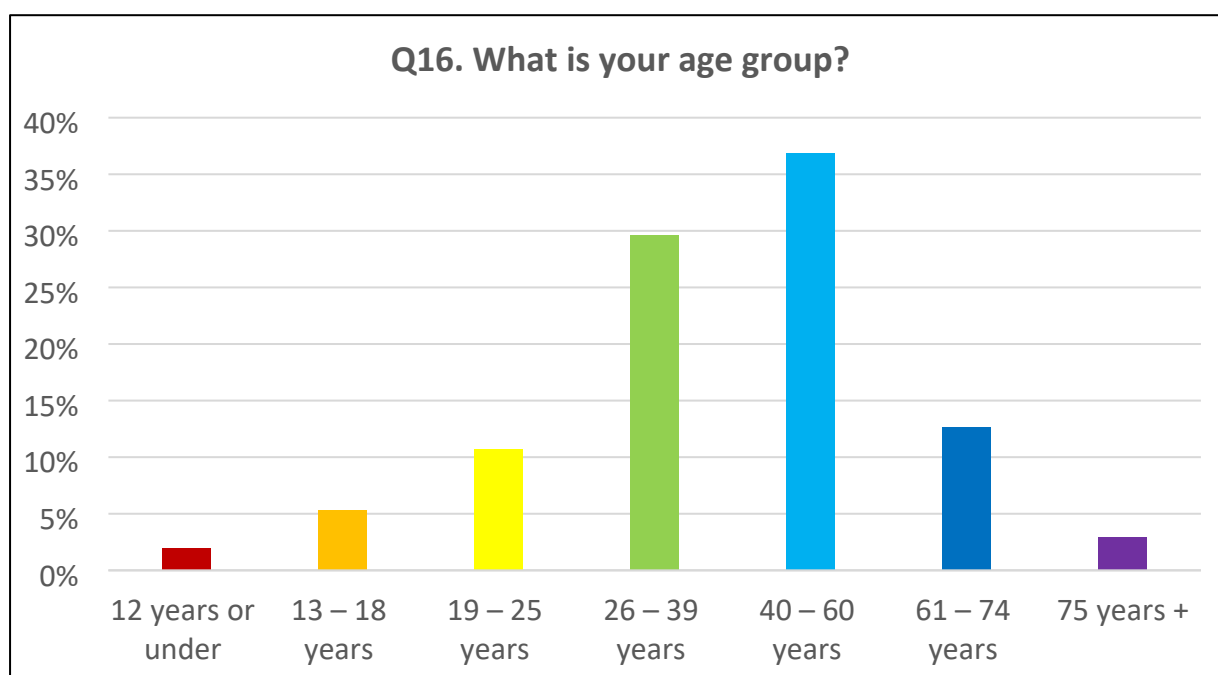

15. Do you have any other comments about the new sports hub proposal?

| Main concerns | Number of responses |
|---|---------------------|
| Impact on residents due to noise/lights | 24 |
| Site layout – issues for cricket matches | 17 |
| Safety of new access route Option 2 /additional traffic | 14 |
| Future site management/security | 9 |
| Site layout – proximity of car park to residents | 9 |
| Site layout – facilities mix | 7 |
| Lack of access for dog walking | 6 |
| Site layout - size of pitches e.g. cricket and 3G | 4 |
| Impact on wildlife | 4 |
| Drainage issues | 3 |
| Oppose the scheme due to cost | 3 |

| Other comments | Number of responses |
|--|---------------------|
| Supportive of scheme e.g. provision of new 3G facility, positive impact on local area, keeping people active | 22 |
| General objections | 14 |

| Additional facilities | Number of responses |
|---|---------------------|
| Racket sports (e.g. tennis, paddleball, pickleball) | 16 |
| Other ball games (e.g. boules, volleyball, netball, hockey) | 15 |
| Gym/outdoor fitness equipment | 12 |
| Cricket nets, grass cricket wicket and storage | 10 |
| Sheltered seating and storage for cricket matches | 7 |
| Athletics track/all-weather surface for walking | 5 |
| Licensed bar | 5 |
| Skate park/ ramps | 3 |
| Swimming pool | 3 |
| Boxing | 2 |
| Exercise classes | 2 |
| Youth club | 2 |
| Snooker/pool table | 2 |
| Public toilets and changing places toilet | 2 |
| Climbing/bouldering wall | 1 |
| Rugby | 1 |
| Sky sports tv | 1 |
| Storage for football teams | 1 |
| Walking football | 1 |

16. What is your age group?

17. Please provide your post code if you are happy to.

(All personal information will be collected and stored in line with General Data Protection Regulations, GDPR)

125 responses:

Angmering (Decoy Drive): 18

Angmering (Palmer Road): 20

Angmering (Arundel Road): 7

Angmering (Other): 34

Poling: 1

Littlehampton: 22

East Preston: 3

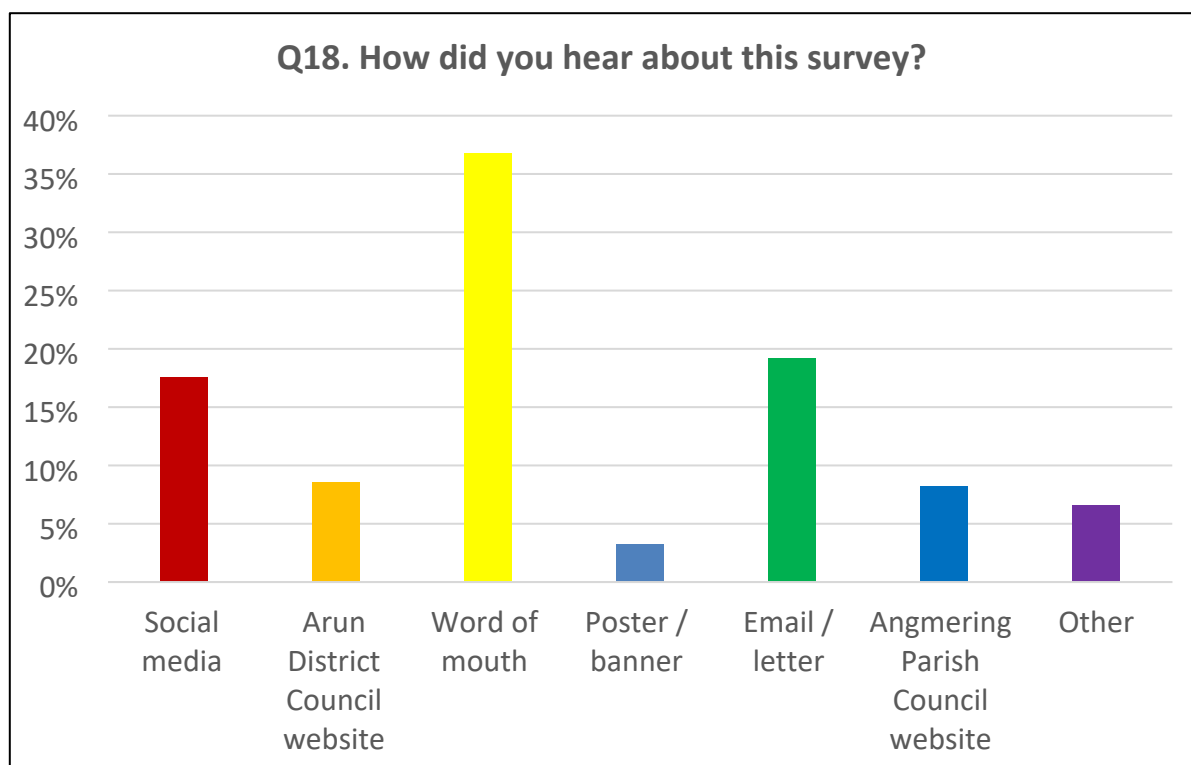

Rustington: 10

Worthing: 10

West Sussex (Other): 2

Brighton: 1

18. How did you hear about this survey?

Feedback from external stakeholders

| Stakeholder | Comments |
|-----------------------------|--|
| Football Foundation | <ul style="list-style-type: none"> • Show pitch dimensions and run-offs and space between pitches. • Review scope to reconfigure the east end of the site to provide pitches with recommended dimensions. • Provide cubicle toilets in changing rooms rather than urinals to allow flexibility of use. • Ensure banked viewing areas do not impede ability to move pitches in future. |
| Sussex Football Association | <ul style="list-style-type: none"> • The Local Football Facilities Plan originally identified the need for 2 3G pitches at this site but has been reduced to one following discussions. If the 3G pitch was increased in size to 100x64m there would be scope to accommodate 2x 9v9 pitches which would help meet the high demand for youth football. • Add recess area on the west of the pitch to avoid moving goals long distances. |
| Sussex Cricket | <ul style="list-style-type: none"> • Pavilion design meets many ECB requirements. • Provide shelter near pitch. • Pitch sizes for adult and junior pitch provided. • Facility vital for local club use. |

| | |
|--------------------------|--|
| Sport England | <p>Approached the following National Governing Bodies (NGBs) for comments and received following responses</p> <p><u>Football Foundation</u></p> <ul style="list-style-type: none"> • Playing Pitch Strategy shows shortfall of 3G pitches, with Local Football Facility Plan identifying need for two full size pitches at Palmer Road. In discussion with ADC this was reduced to one pitch. • Local area has 42 teams who play 9v9 football. Football Foundation preferred pitch size is 91x55m but there are justifications for a full size 100x64m pitch, to allow two 9v9 pitches to be marked out and is therefore recommended. • Plans to allow for 3m run-offs and 2m+ between each pitch. • Mini soccer pitches to the east are undersized. Either reconfigure to allow recommended dimensions or include one pitch with those dimensions. • Banked viewing areas are assumed to be bunding. To be moved from useable areas of playing field. • In pavilion changing consider male toilets match female (replace urinals with cubicles). <p><u>England and Wales Cricket Board (ECB)</u></p> <ul style="list-style-type: none"> • Broadly supportive of the principle but much to be worked through in terms of usage. • Supportive of project subject to detailed design, (including ball strike risk analysis), community usage and maintenance plans. <p>Sport England is happy to comment further as plans are progressed.</p> |
| Freedom Leisure | <ul style="list-style-type: none"> • Consider changing windows in changing rooms to doors to enable access without walking muddy boots into facility. • Retractable wall may not be sufficiently soundproof and limit how rooms can be used together. A solid wall is preferred. • Storage is needed for both rooms. • Allow location for vending machines. • Office to include service desk to welcome customers and take bookings. • To ensure sufficient sockets |
| Angmering Parish Council | <ul style="list-style-type: none"> • In full support of a sports hub on existing recreation ground which should be delivered as soon as possible and with as little disruption to those living around the proposed area. |

| | |
|--|--|
| | <ul style="list-style-type: none">• Access must not be via existing site entrance. Preferred access is option 1 through employment site but would support option 2 with mitigations for traffic flow and sufficient pedestrian footpaths.• Reconsider parking location to remove from proximity to existing properties.• Essential that car parking is available for school drop off and pick up times.• Access for public right of way to be maintained.• Consider sustainability of building and a timber construction.• Storage to be attached to building not around the site.• A 2-storey building would incorporate more community spaces.• Provision of other sports to be included such as cricket practice nets, netball, stoolball, pickle ball, concrete table tennis tables, outdoor gym, accessible sports.• Inclusion of covered stands for seating.• Play area to be open access and design to account of research into girl's use of such spaces.• Consider proximity to South Downs National Park and minimise lighting spill.• Anchor club for the site should be an Angmering based team.• Could commercial area be included in sports hub? |
