|------------------------|---------------------------|--------------------------|---|--|--|
| FRIDAY, 28th June 2024 | <del>19.49</del><br>20.05 |                          | Music started on the marquee.   | not early loud but can hear it clearly in my home                  | 6.   |
| "                      | 20.15                     |                          | getting louder & louder.  | * decibel ap. Avg 57 Max 62  | 7.   |
| "                      | 20.28                     |                          |   | can hear it over the top of my TV. now no matter the volume I use. |  |
| "                      | 20.47                     |                          | Not many cars & garden just a couple of groups of people.                 |  | 7  |
| "                      | 20.57                     |                          | * PA. man sounds very drunk now music is hard hear with a heavy bass line |  |  |
| "                      | 21.11                     |                          | * as above but louder.<br>* and louder still heavy pounding bass line.    |  | 7.5  |
| "                      | 21.20                     |                          | * PD.   |  |  |
| "                      | 21.47                     |                          | * Pounding music<br>* decibel meter recording, Max 66.                    |  |  |

21.54

Showing outside marquee.  
21.56 music stopped. I did not sleep despite medication.
