Work is currently taking place on the customer access strategy alongside the digital strategy as it is a key part of improving the Councils services for customers.

During the last year a total number of calls dealt with was 169,463 which was decrease on the previous year's figures. This was assumed to be due to the improvements in the online self-serve services. A total of 37,620 customers visited reception services at both the Civic Centre and Bognor Regis Town Hall. As a result of the Covid-19 pandemic the offices were closed, only allowing service for any person presenting as homeless. A review was now being completed of future access to services provided as a result of the closure. A high

number of visits to the website showed that this method is by which, most customers access the Council services. In particular last year saw the Election pages have a significant increase from 43,187 in 2018/19 to 74,642 in 2019/20. This was due to the local Elections in May 2019 and the General Election in December 2019.

## 7. HEALTH & SAFETY UPDATE

The Group Head of Residential Services introduced her report to the Working Group. She explained that the update set out the progress being made against in respect of health and safety compliance.

Members will remember that in 2018 it was determined by the regulator that the Council could not demonstrate that it could meet its statutory duties. An improvement plan was implemented, and highlighted four major themes that needed attention;

- 1) Systems – systematic approach to health and safety
- 2) Policy and procedures
- 3) Data – is it robust
- 4) Performance monitoring

For the last 18 months the Council had been providing monthly updates to the regulator and it will continue to do so. In respect of the progress that had been made, you see from the report that the Council is making significant progress to ensure that we are on the road to full compliance, from implementation of a new centralised data system to enable improved reporting, to the ongoing restructure of the housing service, additionally the Council had now mobilised contracts across all 7 disciplines in respect of Health and Safety regulations.

The Working Group asked several questions in relation to when it would be expected that the regulator would deem the Council as compliant and therefore no need to report to them so frequently. It was explained that currently the expectation based on the current progress made and the independent review suggest that it would be August 2021, the Council would be in a position to sign off with the regulator.

There was also concern raised in relation to any special provisions to be made for properties with multiple occupation/sheltered housing schemes and the communal areas that were closed due to Covid-19 pandemic and Government restrictions that were put in place. It was explained that the plan now, in line with the easing of Government restrictions was that these facilities were being phased back in.

The Working Group congratulated the Group Head of Residential Services for her team's dedication and hard work particularly throughout this pandemic.

The Working Group noted the report update.
