

Annual Governance Statement

2019/20

Scope of Responsibility

The Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. There is also a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of efficiency, effectiveness and economy.

In discharging these overall responsibilities, the Council is responsible for putting proper arrangements in place for the governance of its affairs and facilitating the effective exercise of its functions, including arrangements for the management of risk.

The Council delivers good governance and reviews the effectiveness of these arrangements to meet the requirements of the Accounts and Audit Regulations 2015, specifically:-

- Regulation 6(1), which requires that the Council “must each financial year:-
 - (a) conduct a review of the effectiveness of the system of internal control required by regulation 3; and
 - (b) prepare an annual governance statement”
- Regulation 6(4), which requires the annual governance statement to be “approved in advance of the relevant authority approving the statement of accounts” and “to be prepared in accordance with proper practices in relation to accounts”, to accompany the Council’s Annual Accounts.

(The above, which came into force on 1st April 2015, replace the equivalent Regulations 4(2) and 4(3) from the Accounts and Audit (England) Regulations 2011).

This document is the Council’s Annual Governance Statement (AGS), relating to the internal control environment in place covering the 2019/20 financial year and the period to 31st May, during which the Council’s Annual Accounts are prepared. (Under the changed Regulations, the Accounts are approved by the Council by the end of July, following review by the appointed external auditors. NB – in light of the Covid-19 crisis, this date has been extended by the Government to 30th November for 2020).

The Council’s Governance Framework

The governance framework comprises the behaviours and values, systems and processes, by which the Council is directed and controlled and its activities through which it accounts to, engages with, and, where appropriate, leads the community. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate risk of failure to achieve policies, aims and objectives and can, therefore, only provide reasonable, and not absolute, assurance of effectiveness.

Organisations with good corporate governance demonstrate the capacity to maintain high quality services and to deliver improvement. In 2016, CIPFA published its new *Delivering Good Governance in Local Government: Framework (CIPFA/SOLACE, 2016)*. This applies to Annual Governance Statements for the financial year 2016/17 onwards and the Council has adopted a local Code of Corporate Governance based upon the principles of the new Framework.

Compliance with the Council's local Code of Corporate Governance is considered annually and any issues identified are reported to the Audit & Governance Committee. Internal and external audit also produce reports which consider the adequacy of corporate governance arrangements across the Council.

The Terms of Reference for the Audit & Governance Committee were updated in 2017 as part of the Council's wider Constitution review. These provide clear guidance on its responsibilities, including consideration of all appropriate aspects of corporate governance. Minutes from meetings of the Audit & Governance Committee evidence this and are published on the Council's website.

There is an Annual Governance Statement (this document) which is approved by the Audit & Governance Committee and subsequently reported to Full Council with the minutes of the Committee. The AGS is published to accompany the Annual Accounts, once approved, on the Council's website.

The key elements of the systems and processes that comprise the Council's governance arrangements are shown below, in relation to the seven principles of the CIPFA/SOLACE framework:-

A. Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law

The culture of the organisation sets the foundation for ethical behaviour, staff / Member conduct and the prevention of fraud and corruption, by creating an environment that is based on openness and honesty in all Council activities. The culture is founded upon good organisational performance, external recognition, highly ethical staff and good employee attitude to internal controls.

The Equalities & Diversity framework (and associated Human Resources policies) sets the tone of the Council's respect agenda, with a revised Equality & Diversity Policy adopted in 2014 (to be reviewed in 2020). The Council's Children, Young People and Adults At Risk – Safeguarding Policy, including considerations arising out of the Care Act 2014, was agreed by Members in 2015 (and reviewed in 2017).

As required by central Government, the Council published its first gender pay gap figures in 2018 and this is now repeated annually. Staff and Unison were consulted on the results and an action plan has been progressed to improve the Council's position.

Both staff and Members are appraised of the standards of behaviour expected of them. The Council has incorporated in its Constitution a Members' Code of Conduct and a Protocol on Member / Officer Relations and also has an Employee Code of Conduct (with an updated version adopted in 2019).

With the enactment of the Localism Act 2011, the Standards Board for England was abolished. In 2012, a new local Member Code of Conduct was agreed in response to the changes required from the Act which is consistent with the seven 'Nolan' principles of standards in public life and this was revised and approved by Full Council in November 2017. Conduct of Members is monitored by a local Standards Committee (whose membership includes independent representatives), which also investigates any allegations of misconduct by Members, and responsibilities have been reviewed to align them with the new local Code. The Council has also agreed and progressed changes to the Code and the Local Assessment Procedure from review of the best practice recommendations contained in the Local Government Ethical Standards report (produced by the Committee on Standards in Public Life).

The Council currently operates to a 'Cabinet model', under the provisions of the Local Government Act 2000. The Council's Constitution provides clear guidance on the roles and responsibilities of the Leader, Cabinet portfolio holders, Chief Executive and Senior Officers. This is reviewed by the Monitoring Officer on a regular basis and proposed changes to the Constitution are considered by the Constitution Working Party (of Members), prior to recommending adoption by Full Council. (A diagrammatic representation of how the various stakeholders in the governance process interact is included as Appendix 1 to this document).

At the District Elections held in May 2019, the Council moved to No Overall Control (with Liberal Democrats as the largest party at that time), having previously been under Conservative control. The new Council has now taken the decision to move to a 'Committees' system of governance from May 2021 and this will require significant change to the Constitution regarding the future roles and governance processes.

The Constitution also contains details of the authority's scheme of delegation and Article 12 identifies the roles and responsibilities of Senior Officers of the Council, with specific responsibilities also incorporated into individual job descriptions. The Leader, the Cabinet and the Committee Chairmen and their deputies receive briefings from Senior Officers on a regular basis, including financial, legal and technical advice.

The Council takes the prevention of fraud, corruption and maladministration very seriously and has the following policies in place, which aim to prevent or deal with such occurrences:-

- Anti-Fraud, Corruption & Bribery Policy (updated to include the requirements of the Bribery Act 2011) (updated in 2019)
- Whistleblowing Policy (in respect of the Public Interest Disclosure Act 1998)
- HR policies regarding discipline of staff
- Registers of Interests for Members and staff.

The Council has assessed the risk of fraud in its operations, and the ongoing counter-fraud activities undertaken, against the CIPFA 'Code of practice on managing the risk

of fraud and corruption', the updated 'Fighting Fraud & Corruption Locally' strategy, the UK Anti-Corruption Plan and general / professional best practice. It has adopted a response that is appropriate for its fraud and corruption risks and commits to maintain its vigilance to tackle fraud. An annual Counter-Fraud Report is provided to the Audit & Governance Committee and current / future risks are monitored.

The Council is committed to the highest possible standards of openness, probity and accountability. It has a published Whistleblowing Policy, which aims to encourage Officers, contractors and members of the public to report any instances of unlawful conduct, health and safety risks, damage to the environment and possible fraud, irregularity or unauthorised use of Council funds.

A Corporate Complaints procedure is in place and the forms and guidance are available on the Council's website. Results of complaints which have been investigated are, where appropriate, used to drive service improvement and are reported on an annual basis to the Overview Select Committee, including any that have been referred to the Local Government and Social Care Ombudsman.

In August 2018, the Regulator for Social Housing (RSH) determined that the Council had breached the Home Standard, specifically in relation to the failure to meet statutory Health & Safety requirements in respect of fire and water hygiene in relation to the Council's duties as a landlord to tenants and housing schemes. The Regulatory Notice was published by the RSH and advised by the Council to tenants and Members. The Council's senior management and Housing Department agreed an action plan with the Regulator which has been monitored on a monthly basis. This covers a range of H&S aspects, with data being collected / analysed and contractors being engaged to ensure that risks are assessed and appropriate action is taken to address any deficiencies identified. The Council continues to work with the Regulator through regular monthly updates, periodic telephone conversations and is working to agree a voluntary undertaking with them.

B. Ensuring openness and comprehensive stakeholder engagement

The Council's Constitution sets out how the Council operates and the process for policy and decision-making. Certain decisions, identified in the Council's Constitution, can only be taken by the Full Council. The Constitution also sets out what are defined as 'key decisions'. These are currently made by the executive body, being the Leader and Cabinet, with the overall policy and budgetary framework approved by Full Council. Any decisions the executive wishes to take outside of this framework must be referred to the Full Council. Key decisions to be taken over the ensuing months are set out in the Council's Forward Plan, which is published on the Council's website. Reports presented to Cabinet, Committees and Full Council are generally reviewed on a risk / professional basis by Legal Services and Finance before being presented and appropriate Officers attend Committees in order to answer specific queries raised by Members.

The Council aims to ensure that clear channels of communication are established with all areas of the community and other stakeholders, ensuring accountability and

encouraging open communication. The new Council believes that the future change in governance structure will improve the openness and transparency of the Council and its decision making and will also be looking at measures to engage better with the public.

The Council's publication 'Arun Times' is distributed to all residents (currently twice-yearly) and is available on the Council's website. The website contains key published information and has been significantly re-developed to best serve the needs of the public. The Council's 5-year ICT Service Strategy has been supplemented by a new Digital Strategy 2019-2025 agreed in December 2019 and the Council will be looking at the best ways to provide more digital opportunities to make dealing with us easier, to improve customer service and increase efficiency.

Full Council, Cabinet and Committee meetings are held in public, with the press and public only excluded when a report is presented as an 'exempt' item in accordance with Part 1 of Schedule 12A to the Local Government Act 1972. The two Member Working Groups also meet in public under the current scrutiny arrangements. Meeting agenda and public supporting documents are published at least five clear days in advance of meetings and made available at Council offices and on the website. Members of the public are also allowed to speak and ask questions at Full Council and Cabinet meetings, under the Rules of Procedure contained in the Constitution.

As at March 2020, the coronavirus crisis has caused the suspension of face-to-face meetings within the Council. However, decisions taken will continue to be documented to ensure that the requirements of the Council's Constitution are met and processes to allow 'virtual' meetings (e.g. of the Cabinet) are being progressed.

The ModernGov meeting management system was implemented for use by the new Council in 2019 and will assist in the administration and provision of Council papers for Members, staff and the public. This will be developed further in 2020/21 to link into the introduction of the new governance arrangements for the Council in May 2021.

The Council has adopted a Filming and Photographic Policy for key Council meetings, to meet transparency requirements contained in the Local Audit & Accountability Act 2014. Although the Council commenced live webcasting of Full Council and Development Control Committee meetings the existing equipment / service requires replacement and, at present, recordings are only accessible next day via the Council's website.

Various Council activities have, over many years, brought together a wide range of local organisations in all sectors of the Community and there is ongoing engagement with the voluntary and community sector. The Council believes that by engaging with local people and other stakeholders this ensures robust accountability.

Members continue to be engaged with Sussex Police with regard to concerns over policing, crime and anti-social behaviour in the District and the Cabinet Member for Community Wellbeing attends meetings of the Sussex Police & Crime Panel and regularly briefs the OSC. They also consider the provision of health services and wellbeing throughout the District and the OSC received a presentation from the NHS

Coastal West Sussex Clinical Commissioning Group at a special meeting in January 2020.

The Council's priorities and plans contained in 'Your Council 2013-2017' (and now extended for the period 2018-2022) were drawn up with the involvement of a wide range of consultees including staff, Members and the general public. Following the May 2019 District Elections, the new Council has agreed a number of new strategic priorities.

The Council engages in public consultation exercises to inform the decision-making process, with a number undertaken recently in relation to current and future developments e.g. Community Infrastructure Levy draft charging schedule, play areas, tackling anti-social behaviour (resulting in a revised Public Spaces Protection Order from April 2020) and Arun District design guide Supplementary Planning Documents.

Arun gathers views from its residents in a number of ways, which helps to inform the priorities adopted by the Council and to identify the views of residents on proposals for new or changed services, projects and initiatives being considered by the Council. Key 'customer satisfaction' indicators are also included in the Council's Corporate Plan and survey information is published on the Council's website. The survey mechanisms in use continue to evolve and it is intended that more future consultation will be undertaken via the internet.

The Council also has agreed and published a Petitions Scheme, allowing the public to raise issues of concern with a formal response procedure to be followed by the Council. Details of the use of the scheme and petitions received are published on the Council's website.

C. Defining outcomes in terms of sustainable economic, social and environmental benefits

The Council aims to deliver high quality services that provide value for money and best fit the needs and priorities of the local community.

In 2016, it was agreed to extend use of the existing three themes where the Council had identified that it could make the greatest difference to residents:-

- Your Council Services - delivering you the best we can afford
- Supporting you if you need help
- Your future.

In 2018/19, revised Corporate Plan and Service Delivery Plan indicators to support achievement of these themes was approved for the period 2018-2022.

Within these three themes, the Council will deliver services and progress initiatives for improvement and change to make things better for:-

- our residents and everyone who visits this area
- our businesses
- those people who need the Council to step up and help them when it counts.

Year on year, the Council has faced additional pressure to achieve cost savings without impacting the delivery of important front-line services. Further government funding reductions are anticipated, but the progress of the 2020 Vision initiative and careful financial management have meant the Council is still currently able to present a Budget that is in line with its financial predictions, with the use of its reserves minimised as far as is possible. However, as noted below, the financial situation is being exacerbated by both reductions in income and increases in expenditure due to the current coronavirus crisis.

Value for money continues to be a key factor, with the Council looking to reduce costs and improve efficiency, with significant progress also being made on specific initiatives e.g. by specialist officers in respect of:-

- the identification of empty homes and returning them to permanent use, with the Council benefiting financially from New Homes Bonus provisions and the area from additional housing stock
- the detection of housing fraud, with a number of Council properties being recovered. This benefits the Council in lowering payments for emergency accommodation and restores the properties for allocation to residents in the greatest need
- the Council's Property Investment Strategy, allowing the re-investment of a proportion of funds from land and property sales by the Council. This will enable the Council to consider capital investment in order to create a long-term revenue stream at higher rates of return than traditional investments. (In 2019/20, the sale or redevelopment of several Council-owned sites is under consideration).

The Council also continues to consider the impact on residents of the Welfare Reform Act 2012 and of central government changes to the social housing regime and relevant strategies and policies have been reviewed and updated. Funds have also been allocated by the Council to better address homelessness issues, which includes building / acquiring additional properties in order to provide quality accommodation for emergency cases, with a view to reducing bed and breakfast accommodation costs (although additional funds were provided for this again in 2019/20).

The Council is committed to working with others to bring about real change for the benefit of the community. It already has a number of joint working arrangements in place and will further explore opportunities for partnerships and shared services, where this can be demonstrated to provide the best value. Periodic joint management team meetings are held to discuss issues with Chichester District Council, West Sussex County Council and the University of Chichester. The Council's Chief Executive meets regularly with other CEO's on the West Sussex County Chief Executives Forum and West Sussex Chief Executives & Leaders meet periodically via the West Sussex Leaders Board. There are also regular liaison meetings with the three Town Councils (Arundel, Bognor Regis and Littlehampton) which involve the Chief Executive, the Leader and a senior officer from Arun District Council and officers and Members from the Town Councils.

The Council's CEO also has regular meetings with key business / third sector partners such as Butlins, Rolls Royce, Aldingbourne Trust, Age UK, etc.

The Council continues to work with, and provide support to, Town and Parish Councils wishing to develop a Neighbourhood Development Plan and also maintains a register of 'assets of community value' (introduced as part of the Localism Act 2011).

The Council's overarching priorities are used to drive other key strategies for consultation, agreement and publication. The most significant of these are:-

- Arun Economic Development Strategy 2020-2025 (approved in 2019)
- Local Plan 2011-2031 - following a lengthy review, consultation and examination process, the final Local Plan was adopted by Full Council in July 2018)

However, a review of the Local Plan has been agreed by Full Council as part of its altered priorities

- Customer Access Strategy 2020-25 (reviewed in 2019 and updated version to be progressed for approval in 2020)
- Housing & Homelessness Strategy 2019-2021
- Leisure & Cultural Strategy 2013-2028 (recommendations for the future were agreed, following public consultation in 2012/13, and are currently being progressed):-
 - the leisure contract transferred to Freedom Leisure from April 2016
 - construction of the 'Littlehampton Wave' has been completed, with the new swimming pool and leisure centre opening in late March 2019
 - further enhancements are to be made to the Arun Leisure Centre when funding is available
- Bognor Regis regeneration:-
 - following the District elections in May 2019, the new Cabinet took the decision to terminate work on the existing Hothampton Pavilion Park proposal and to explore alternative options for the 'Sunken Gardens' which are due to be progressed and consulted on in 2020. In addition, new proposals for improvement of Place St Maur are being considered
 - The Council continues to liaise with local partners on improvements (e.g. the University of Chichester's new Tech Park) and to attract new businesses / investment (e.g. the Rolls-Royce technology & logistics centre)
 - West Sussex County Council are soon to open a new Creative & Digital Hub (The Track) at the Town Station.
- Enterprise Bognor Regis – planning permission was secured in 2019 by the landowners of the Saltbox site to provide approximately 30,520 square metres of new mixed-use employment floor-space and between 500 and 1000 new private sector jobs
- £3.5m of funding has been secured to deliver the Littlehampton town centre public realm improvements
- the Council has worked collaboratively with other local councils to progress the delivery of the Gigabit West Sussex project and led by WSCC (in liaison with the Department for Digital, Culture, Media and Sport) to install superfast gigabit fibre broadband to public buildings in the district
- progress of the Arun Growth Deal 2018-2023 – clearly identifying the Arun 'economic growth offer' and contributing the overall West Sussex Growth Plan being developed by WSCC

- the Council has recently become a member of the Greater Brighton Economic Board
- Capital Strategy 2020/21 to 2022/23 – this is a new (from 2019/20) annual document required under CIPFA’s revised Prudential Code and includes a rolling 3-year proposed capital investment programme approved by the Council.

The Council has produced and sustained the Arun Developer & Partner Charter Plus and, in line with the Public Services (Social Value) Act 2012, encourages companies and partners to subscribe to this, to facilitate co-operative working, local employment, training opportunities, procurement and development within the district. The Local Enterprise & Apprenticeship Platform (LEAP) project, which commenced in 2015, offers grants to ‘start-up’ and small business in the Arun district. In addition to this, funding has been obtained in 2018/19 for ‘Journey To Work’ and retail training projects in order to assist both those without employment and independent retailers. In 2020, a Pop-Up Shop initiative is being developed to allow small and start-up companies to trial their products and services in a High Street setting prior to making further commitments into retail, although the Council will need to consider when and how this can progress in light of the coronavirus crisis.

The Council has a key role in a number of local partnerships, working for the benefit of residents and the community to improve the local quality of life, including:-

- Safer Arun Partnership (the statutory community safety partnership)
 - current Council anti-social behaviour initiatives include a revised (from April 2020) Public Spaces Protection Order (PSPO) covering designated areas within the District and an extension of the successful litter and dog fouling enforcement trial
- Arun Wellbeing & Health Partnership
 - Arun Wellbeing has a dedicated website and offers practical advice and events on health and diet to assist in the improvement of the health of residents and to reduce health inequalities within the area
 - it also offers home energy visits and advice

It also participates in national and county-wide partnership initiatives, including:-

- Coast To Capital Local Enterprise Partnership
- Wellbeing Programme
- Think Family Programme (now called Early Help)
- West Sussex Fuel Poverty Partnership
- Coastal West Sussex Partnership
- Rural West Sussex Partnership
- Coastal West Sussex & Greater Brighton Strategic Planning Board
- Greater Brighton Economic Board.

The Council is clear about its responsibilities for services, whether provided directly or through partners / other third parties. We will work closely with partners and influence third parties to make sure they deliver to agreed levels of quality and are accountable for what they do. Now that the Local Plan has been agreed, there will need to be significant infrastructure improvements in the District to support the predicted increase in housing numbers and the Council will continue to liaise with appropriate strategic partners and developers as to the required improvements.

We have a clear commitment to ensure services deliver the most appropriate combination of quality, value and choice to all residents. As part of this process, the Council has let a number of its major contracts in recent years (e.g. Combined Cleansing Services, Greenspace Management, Leisure Management) and continues to provide the best level of service, while achieving both cost savings and also encouraging partner investment in improvements.

Arun (and other Districts in the County) continue to liaise with WSCC in respect of potential changes in its support for waste and recycling initiatives and in a reduction in grant funding for charitable and support organisations. These changes will have a significant impact on the Council, both financially (loss of recycling credits, increased homelessness costs, etc.) and through additional burdens placed upon it.

The Council actively considers environmental issues in its policies / decisions and supports / promotes environmental initiatives for itself and its residents, including carbon management and energy efficiency schemes through its Energy Efficiency & Fuel Poverty Strategy (updated in 2020).

The new Council's strategic priorities now include an increased focus on environment and climate change issues and the Council formally declared a 'climate emergency' in January 2020.

D. Determining the interventions necessary to optimise the achievement of the intended outcomes

The Council publishes its Annual Financial Accounts in accordance with the CIPFA guidelines. The annual Budget is approved by Full Council and regularly monitored and reported on. In the event of significant variation, requiring additional expenditure, a Supplementary Estimate may be raised for Full Council approval.

CIPFA has issued a new Financial Management Code which comes into effect from April 2020. This is designed to support good practice in financial management and to assist local authorities in demonstrating their financial sustainability. An assessment against the new Code has been undertaken to confirm that the Council follows best practice.

The Council has a range of performance indicators, used to measure progress against its key priorities in the annual Corporate Plan. The effectiveness of these indicators is considered annually. In 2017/18, officers and Members considered the performance indicators for inclusion in a revised Corporate Plan to cover the period 2018-2022, linked to the 3 existing Priority themes which the Council has already agreed will continue to be used for this period.

The Council regularly surveys users of its services and this process has been enhanced, with annual customer satisfaction surveys undertaken to assess key elements of the delivery of its new priorities. Results are published and the information provided is used as a resource which informs the Corporate Plan process and future policy decisions. Service and value for money reviews may also be undertaken (both

via internal audits and Member Working Groups) and the Council's external auditors provide a value for money conclusion as part of their annual review of the Council's accounts.

Performance indicators are in place and regularly monitored, with periodic reports provided to the Corporate Management Team, Overview Select Committee and Cabinet (and published as agenda items on the Council's website).

Via the embedded monitoring and reporting processes that the Council has in place, performance, audit, risk and finance information is used to identify areas of concern and for appropriate interventions to be planned and implemented to optimise the achievement of outcomes.

E. Developing the entity's capacity, including the capability of its leadership and the individuals within it

The Council's Chief Executive (Head of Paid Service) is responsible and accountable to the authority for all aspects of operational management. His objectives are set, and his performance monitored, by a panel of senior Members from the controlling group and also the Leader of the main opposition group.

The Group Head of Corporate Support is the designated Section 151 Officer. The Council's Constitution contains specific details of the overall financial responsibilities of the role and an update of the Council's Financial Regulations was recently performed and the resulting changes included in the Constitution.

The Monitoring Officer (Group Head of Council Advice & Monitoring) has overall responsibility for legal compliance, and she and her staff work closely with Officers and Members to advise on legal issues which affect the Council. Under the Localism Act 2011, local authorities were granted the 'general power of competence', allowing greater freedom to work in partnership and to develop more innovative ways of providing services.

As reported in previous AGS documents, the Council has worked with staff and Members on its 2020 Vision programme in order to ensure that the Council's current agreed outcomes can be delivered and to identify the need for change to best position the Council for the future challenges facing the public sector. In May 2018, the Chief Executive provided Members with a final update on the programme, with the achievement of confirmed annual savings of over £3M.

It is anticipated that there will be further significant funding reductions and additional burdens placed upon local government in the immediate future. There is also ongoing uncertainty regarding the progress / impact of other central government proposals (e.g. business rate retention). The Council has considered these as far as possible when preparing its Medium Term Financial Strategy (MTFS), used to inform its annual budget changes and it is anticipated that further annual cost savings will be required to maintain the Council's financial stability. The Council will continue with its commitment to seek ways to provide quality frontline services with the funds available.

From March 2020, the UK progressed its response at a national level to the global coronavirus crisis. Where possible, key Council services continue to be provided (either directly or remotely) in line with its contingency arrangements.

However, local residents and businesses face significant hardships for an extended period. Through the Budget and other legislation / initiatives, central government has implemented a number of relief measures to assist the worst cases. This will impact upon the Council through cancellation of key meetings affecting decision-making processes, increased uncertainty regarding central funding, less income from key funding sources (e.g. Council Tax, business rates, car parks, etc.), business impact on / support for key partners (e.g. for leisure), an increase in local hardship cases and increased demands on a number of service areas.

There is currently massive uncertainty as to how long the country will be faced with all these issues and the Council is facing huge cashflow issues. This is likely to mean that there will be difficulty in the preparation and audit of the Council's Annual Accounts, an unplanned drain on reserves, delays to key initiatives and a lengthy catch-up process to resolve issues once a more business-as-usual status has been achieved.

Consideration continues to be given to the effective use of corporate properties, to ensure that the Council's offices and facilities are fit for the future provision of services to the public, while incorporating 'cultural' changes such as an increase in home working by staff.

Human Resources procedures are in place to facilitate the recruitment and retention of capable staff. There is an induction and training programme for all staff, including increasing use of e-learning facilities. All staff are subject to an annual corporate appraisal scheme, which will be used to identify personal training and development requirements and for them to be incorporated into a corporate training programme. The Council also provides continuing professional and personal development for the members of the Senior Management Team and continues to offer management development training opportunities for other new and prospective managers (this was enhanced in 2019 to provide opportunities for managers to reach their potential and to improve succession planning within the Council).

Arun Councillors are elected on a 4-year term with the most recent elections held in May 2019. Elected Members to the Council have a Member Induction programme, which was reviewed and updated in advance of the 2019 District Council elections, and this includes specific training for Members in respect of the main quasi-judicial Committees. Members also have ongoing training that incorporates understanding the aims and objectives of the Council, dealing with new legislation, understanding current legislation and developing their personal skills. They also receive training from the Monitoring Officer on the Council's Member Code of Conduct, which is reported to the Standards Committee.

F. Managing risks and performance through robust internal controls and strong public financial management

The system of internal control is based upon an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised, the impact should they be realised and to manage them efficiently, effectively and economically.

The Council has an agreed and published Risk Management Strategy, which includes the Council's risk appetite statement and reflects the roles and responsibilities of Members and all levels of staff in the risk management process. Internal and external audit work will consider and report upon risk management in the area under review. The Council has a Governance & Risk Group of Officers, who regularly consider current issues and the sources of assurance to support the Annual Governance Statement.

The Council's Strategic Risk Register (SRR) is periodically reviewed by the Governance & Risk Group and CMT. The Council recognises that it faces significant financial challenges in the coming years, together with the uncertainty surrounding major reforms proposed / being progressed by central government. Reports are presented to the Audit & Governance Committee, which is also involved in revising the current SRR document and which is published on the Council's website. In addition, all Service areas are required to prepare and maintain Operational Risk Registers, which are reviewed by the Governance & Risk Group.

Proposals for all major IT and business transformation projects incorporate a full risk assessment in the report to the Arun Improvement Programme Board and consideration of risk is also included in the Project Initiation Documents (PIDs) for the projects they approve. The Council has undertaken a substantial amount of work to review its data security policies, processes and staff training in order to meet the requirements of the General Data Protection Regulation (GDPR) / Data Protection Act 2018 and to minimise the risk / impact of cyber-attacks affecting the Council's IT network and systems. In 2018, the Council took part in the Local Government Association's (LGA) 'cybersecurity stocktake' exercise and, as a result, has received consultant assistance in assessing and documenting its cybersecurity risks and in identifying measures to improve its security, resulting in an improved assessment rating.

The Council's policy for managing financial risk is considered on a regular basis. Financial Regulations (including procurement policies), contained in the Constitution, are reviewed by the Section 151 Officer and changes adopted by Full Council.

The Audit & Governance Committee receives regular reports on the Council's Treasury Management function and the Council complies with the CIPFA Code of Practice on Treasury Management and the CIPFA Prudential Code for Capital Finance in Local Authorities (both of which were revised in 2018).

As reported in previous years, the Council is progressing a council house building and development programme to provide additional rented residential accommodation (with the first properties completed in 2017). Although the HRA is ring-fenced (and separate from the Council's General Fund), its future financing has been significantly, adversely impacted by the government's 2015 Budget change to reduce social rents by 1% for each year until 2019/20 and also by the ongoing uncertainty regarding the financial impact of various requirements / proposals from the Housing & Planning Act 2016 and the "Fixing our broken housing market" White Paper in 2017. A Housing Revenue Account (HRA) Business Plan has been agreed for the period 2017-2027 and is reviewed annually, which includes:-

- the planned acquisition of 275 homes over the 10-year period, in order to replace the properties it is expected will be lost through Right To Buy regulations and to provide a net gain in the affordable housing stock over the period (this will be reviewed in line with the Business Plan)
- investment in the Council's sheltered home schemes over the period to ensure they remain fit for purpose.

The Council fully meets the legal requirements for insurance and claims are managed in accordance with the Ministry of Justice protocols. All of the claims are monitored by the Insurance Officer and the results are reviewed.

The Council's financial management arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Chief Finance Officer in Local Government (2016).

G. Implementing good practices in transparency, reporting and audit to deliver effective accountability

The work of the executive body and decisions made are currently monitored by the Council's scrutiny function. This is fulfilled by the Overview Select Committee. In certain circumstances detailed in the Constitution, a Cabinet decision may be subject to 'call-in' for specific scrutiny which is carried out by the members of the Overview Select Committee.

There are also two Member Working Groups, which provide additional challenge and scrutiny to the executive:-

- Housing & Customer Service
- Environment & Leisure.

The work of these groups may be commissioned by, and report to, Full Council, the Cabinet or an Individual Cabinet Member (ICM), as well as the Overview Select Committee.

The Audit & Governance Committee is embedded as part of the Council's overall governance framework. Its terms of reference incorporate the core functions, as identified in the appropriate CIPFA guidance. The Committee is responsible for issues relating to the Council's system of internal control, risk management, financial reporting and counter-fraud, as well as overseeing the arrangements for, and providing a forum for reporting and discussion of issues raised by, both internal and external audit.

The Council has a well-established Internal Audit section, which undertakes regular reviews as part of an agreed programme of audits, to provide assurance on the adequacy and effectiveness of the systems of internal control operating within the Council (including compliance with policies, procedures, legal rules and regulations). The Annual Audit Plan is prepared, and audit work performed, on a risk-based approach and this is approved by the Audit & Governance Committee. Action Plans are raised in each audit, which detail the recommendations which have been agreed with management. Findings and follow-up reports are periodically presented to the Audit & Governance Committee. The Council's internal audit arrangements have regard to the requirements of the CIPFA Statement on the Role of the Head of Internal Audit in Public Sector Organisations (2019).

Internal Audit also carries out key financial audits of the Council's major systems as part of the International Standards on Auditing, in conjunction with the external auditors. The Audit & Governance Committee receive all of the external assurance reports and provide Minutes / reports to Full Council.

The Council chose to opt-in to the sector led body approach for external auditor appointments (with a procurement exercise undertaken by the Government-appointed body Public Sector Audit Appointments Ltd.). As a result of this, the Council's current external auditors (Ernst & Young LLP) have been appointed to perform the audit of the Council's accounts for a 5-year period (covering the accounts from 2018/19 to 2022/23).

The Council operates a Publication Scheme, as required by the Freedom of Information Act 2000, and also publishes information to meet current local government data transparency requirements. Planning matters are also covered in the published annual Authority Monitoring Report, as required by the Localism Act 2011.

Details of payments made under the Members' Allowances Scheme are published on the Council's website. The current scheme (based upon the recommendations of the Independent Remuneration Panel's 8th review) was adopted by Full Council in July 2019. A further review of the scheme will be progressed in 2020 to support the decision of the Council to move to a committees structure from May 2021.

In June 2018, the Planning Advisory Service undertook a peer review of the Council's planning service and action plan progressed. The Planning section continues to struggle to secure sufficiently experienced planning officers and Members have agreed that a comprehensive external review of the Planning Service should be conducted to ensure that it is fit for the future to meet both statutory requirements and to support strategic priorities and objectives. An independent planning consultant has been appointed to complete the review in 2020.

Review Of Effectiveness

The Council annually reviews the effectiveness of its governance framework, including the system of internal control. The review is informed by the work of the managers who have responsibility for the development and maintenance of the governance process, the Internal Audit Manager's annual report and also by comments made by the external auditor and other appropriate review agencies / inspectorates.

Information to provide assurance to support the content of the Annual Governance Statement is available across the Council in various sources. In preparing the AGS for the Governance & Risk Group, consideration has included:-

- CIPFA guidelines in respect of the production of an Annual Governance Statement (the best practice suggestions identified by CIPFA in their review of the framework included the suggestion that a diagrammatic representation of the systems, processes and documents that contribute to the Council's governance be drawn together on a single sheet. Based on the example provided, this has been prepared and is attached as Appendix 2 at the end of this document)
- CIPFA's 2016 guidelines in respect of the new CIPFA/SOLACE Delivering Good Governance in Local Government: Framework
- review / update of the Council's local Code of Corporate Governance for 2020/21
- an annual assessment of compliance with the local Code (and effectiveness of governance arrangements) performed by Internal Audit
- annual assurance statements from Corporate Management Team members, including input from their service Group Heads
- Service area Operational Risk Registers
- the Council's Strategic Risk Register, including updates for significant and emerging risks, common themes, etc. identified in the Service area ORR's
- assessment of other relevant sources of information that provide assurance
- the Internal Audit Annual Report & Opinion 2019/20 (to be presented to the Audit & Governance Committee on 30th July 2020 in conjunction with this document), which contains an assurance statement regarding internal control
- consideration of the Council's IT governance arrangements, to ensure they continue to be adequate to meet the authority's objectives
- the findings and comments of external audit raised in their annual Audit Results Report.

The arrangements required for gathering assurances for the preparation of the Annual Governance Statement provide an opportunity for the Council to consider the robustness of the governance arrangements in place, affecting all areas of the organisation, and helps to identify those areas where improvement is required.

The Annual Governance Statement has been reviewed by the Governance and Risk Group and the Audit & Governance Committee. The process of preparing the Annual Governance Statement has in itself added value to the corporate governance and internal control framework of the Council.

Governance Issues

While the governance arrangements in place continue to be regarded as fit for purpose in accordance with the current framework, a small number of specific risks have been identified which have been discussed with appropriate management and actions to mitigate them agreed.

The annual compliance review identified a number of issues requiring actions for improvement (some of which had not yet been completed from previous years) and these are identified in the action plan shown on the following pages. These will be considered and monitored by the Governance & Risk Group, with action plans, timescales and a responsible Officer agreed. Progress to address these issues will also be reported to the Audit & Governance Committee.

Governance Risks Identified:-

<u>Issue</u>	<u>Mitigating Action(s)</u>	<u>Responsible Officer</u>	<u>Target Date</u>
--------------	-----------------------------	----------------------------	--------------------

Issues identified in from the review of compliance with the local Code of Corporate Governance:-

<p>The Council has taken the decision to move to a 'committees' structure from May 2021. This will involve agreement as to the governance structure and processes to be implemented and significant revision to the Council's Constitution and decision making processes.</p>	<p>The future governance arrangements for the Council will be considered in line with their decision. Structure and associated changes to the Constitution will be progressed in liaison with Members for agreement by Full Council prior to implementation.</p>	<p>Group Head of Council Advice & Monitoring Officer</p>	<p>May 2021</p>
<p>As at March 2020 the nation became affected by the global coronavirus crisis.</p> <p>This has a significant impact on the finances and the ability of the Council and its key delivery partners to maintain key services with considerable uncertainty as to when a more business-as-usual status can be achieved.</p> <p>Local residents and businesses face significant hardships for an extended period, with the capacity of the health service, support organisations and national infrastructure being stretched.</p>	<p>Where possible, key Council services continue to be provided (either directly or remotely) in line with its contingency arrangements.</p> <p>The Council monitors central Government support initiatives guidance and engages with its key partners to best provide essential services.</p> <p>Council business continuity arrangements have been mobilised for the maximum number of staff to work remotely in accordance with national guidance.</p> <p>There is currently massive uncertainty as to how long the country will be faced with all these issues and the Council is facing huge cashflow issues.</p>	<p>Corporate Management Team / Emergency Management Team</p>	<p>Ongoing</p>

Issues identified in past Annual Governance Statements:-

<p>In August 2018, the Regulator for Social Housing (RSH) determined that the Council had breached the Home Standard, specifically in relation to the failure to meet statutory Health & Safety requirements in respect of fire and water hygiene in relation to the Council's duties as a landlord to tenants and housing schemes. The Regulatory Notice was published by the RSH and advised by the Council to tenants and Members.</p>	<p>The Council's senior management and Housing Department agreed an action plan with the Regulator which has been monitored on a monthly basis. This covers a range of H&S aspects, with data being collected / analysed and contractors being engaged to ensure that risks are assessed and appropriate action is taken to address any deficiencies identified. The Council continues to work with the Regulator through regular monthly updates, periodic telephone conversations and is working to agree a voluntary undertaking with them.</p>	<p>Director of Services</p>	<p>August 2021</p>

Governance Risks Identified:-

Issue	Mitigating Action(s)	Responsible Officer	Target Date
	An update on progress was provided to the H&CSWG in July 2020.		
The Council's Equality & Diversity Policy still requires review and update	Mandatory E&D training was provided to all staff in early 2020. The Policy will be reviewed and an updated version presented for adoption by Members later in 2020.	Group Head of Policy	Oct 2020
Partnership working and other innovative practices have been advised as increasingly important for the future, particularly as central government funding is likely to further decrease. Although the Council's major partnerships are known and progressed, there is no formal register of partnerships that enables the wider identification of outcomes, value for money or contribution to Council objectives, to ensure that such arrangements are of benefit.	An internal audit of partnerships, against best practice guidance (e.g. from CIPFA), was completed and reported to the Corporate Management Team and Audit & Governance Committee in 2015. A plan of action was agreed at this time, but progress was delayed by Council restructures and other work priorities. The priority of the Group Head of Policy is the conduct of the various elections required each year. Around this, work is under way to agree a register of 'partnerships' with the various service areas, so that key governance arrangements may then be considered. This work will continue in 2020 and the Audit & Governance Committee received an update on progress and the future workplan at its February 2020 meeting.	Group Head of Policy	Nov 2020
The Council undertook a management and operational restructure in 2016-18 and the Council's operational risk registers (ORR) require review and update. The review will need to ensure that the ORRs are both up-to-date and also cover the whole of the revised structure of the Council.	The format for operational risk registers for use going forwards needs to be agreed to allow them to be reviewed and updated (an external software product is not now to be used). Direction will also be required from corporate management as to how the ORRs should be structured and maintained in order to cover the whole of the Council's revised structure.	Insurance & Risk Officer / Governance & Risk Group	Aug 2020
Further to comments raised in 2010/11, the Council's draft Disaster Recovery Plan (for the provision of IT services) requires completion and a regular programme of testing	As has been advised previously, the Council's IT recovery arrangements have been subject to considerable change in recent years, including the implementation of the Storage	Emergency Management Team / Group Head of Neighbourhood Services / ICT &	Ongoing

<u>Issue</u>	<u>Mitigating Action(s)</u>	<u>Responsible Officer</u>	<u>Target Date</u>
<p>established, to ensure key systems and data can be recovered or restored in an efficient manner.</p> <p>In recent years, Zurich Risk Engineering (ZRE) the risk consultancy arm of the Council's (former) insurers has been assisting the Council in a review of its Corporate Business Continuity Plan (BCP) and the IT Disaster Recovery Plan was to be linked to this exercise.</p>	<p>Area Network (SAN) at the Civic Centre and a back-up SAN at the WSCC site in Chichester, to which regular automated off-site back-ups are being transmitted.</p> <p>The ICT & Service Improvement Manager considered resilience in the ICT Service Strategy 2019-2023 adopted by Members and further consideration of backups and documentation will progress in 2020</p> <p>The ZRE-assisted work on a draft Corporate BCP and desktop testing of the Council's business continuity plans and preparedness continued in 2019/20. Service BCP's continue to be under review and the final version of the Corporate BCP will be progressed.</p> <p>However, this has now been superseded by the need for the Council to work in line with national guidelines in response to the coronavirus crisis. Since mid-March 2020, service business continuity plans have been put into operation with the vast majority of Council staff now working from home. This challenged the capacity of the Council's infrastructure to support this and ICT were required to investigate issues and provide changes to the equipment required, infrastructure and processes as a priority.</p> <p>The situation continues to be monitored by the Council's Emergency Management Team.</p>	<p>Service Improvement Manager</p>	
<p>Issues identified in the 2018/19 Annual Governance Statement that have now been resolved:-</p>			
<p>The Council's published Customer Access Strategy covered the period 2013-2017 and was developed before the Council's 2020 Vision initiative and restructure</p>	<p>A draft Customer Access Strategy 2020-2025 was agreed by the Housing & Customer Services Working Group in 2019 and 2 workshops held to progress this. A final workshop is due to be held and it is intended that the final strategy will then be presented to</p>	<p>Group Head of Neighbourhood Services</p>	<p>Sept 2020</p>

Governance Risks Identified:-

<u>Issue</u>	<u>Mitigating Action(s)</u>	<u>Responsible Officer</u>	<u>Target Date</u>
	Members for adoption later in 2020.		
A number of the Council's other strategies / policies either require review and update or to be developed and progressed	The Council progressed and agreed a number of key strategy documents in 2019/20. These included:- - Arun Economic Development Strategy 2020-2025 - Digital Strategy 2019-2025.	CMT / Group Heads	Complete

Certification

It is our opinion that Corporate Governance, along with supporting controls and procedures, remained strong for the Council through the majority of 2019/20. Where governance risks have been identified, mitigating actions have been advised by appropriate Officers (as documented above).

However, as at March 2020 the global coronavirus pandemic means that the nation faces an unprecedented situation, with no clear exit date. Through this period, the Council will strive to provide its key services to the District, while maintaining appropriate governance arrangements and control, and having regard to the safety and wellbeing of its staff and partners, residents and businesses.

Signed:-

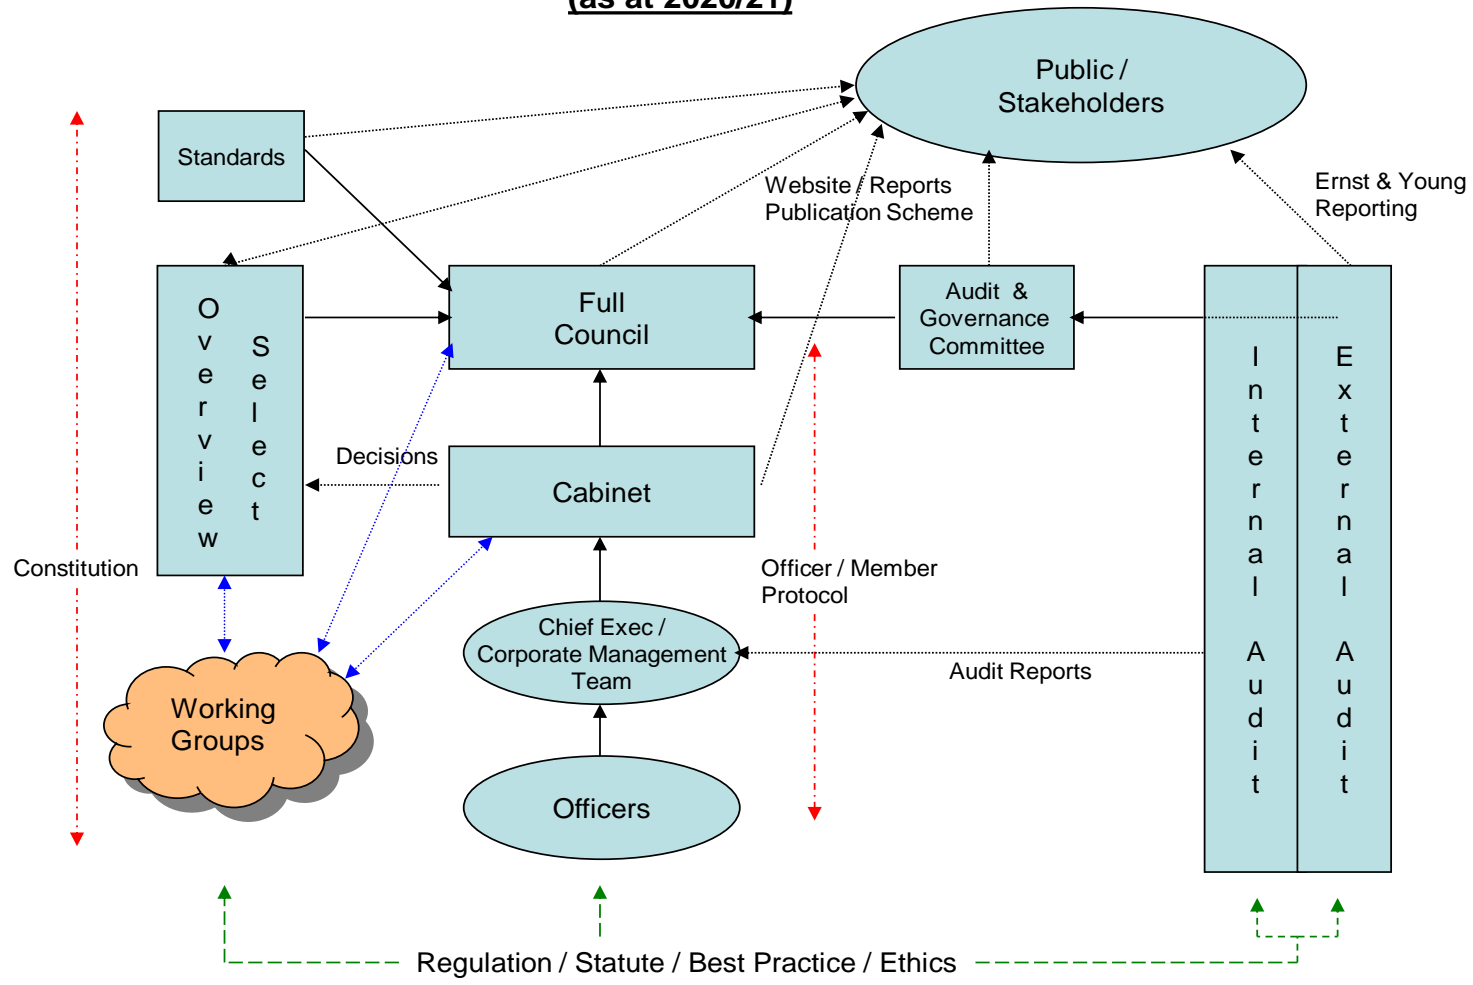

Councillor Dr James Walsh
Leader of Council

Nigel Lynn
Chief Executive

on behalf of the Members and Senior Officers of the Council
