

**ARUN DISTRICT COUNCIL**  
**REPORT TO AND DECISION OF**  
**THE CONSTITUTION WORKING PARTY**  
**ON 12 OCTOBER 2020**

**SUBJECT: Consolidated Report on Outstanding Planning Issues**

**REPORT AUTHOR: Nigel Lynn – Chief Executive**

**DATE: 2020**

**EXTN: 37600**

**PORTFOLIO AREA: Corporate Support**

**EXECUTIVE SUMMARY:**

This is a consolidated issues paper dealing with Planning matters which are necessarily spread out across different parts and sections of the Constitution. The section by section approach adopted by the Working Party to review of the Constitution increases the risk of conflict of planning provisions in different parts of the Constitution.

**RECOMMENDATIONS:**

The Working Party recommends Full Council to agree:

- (1) That the Development Control Committee be renamed “Development Committee”;
- (2) The Planning Local Code and the Public Speaking Rules be consolidated as one document be renamed “Planning Local Protocol” as set out in Appendix 1 and referred to Standards Committee for consideration at the same time as the proposed new Model Member Code of Conduct.
- (3) The proposed terms of reference of the Development Committee and that accordingly Council agree to amend Part 3 Responsibility for Functions paragraph 5.2 (Development Control Committee) of the constitution as set out in Appendix 2; and
- (4) Having regard to the Financial Procedure Rules to agree to amend Part 3 Paragraph 11 and 16 (Responsibility for Functions) the terms of reference of the Planning Policy Committee as set out in Appendix 3

**1.BACKGROUND:**

One of the key purposes of the planning system is to regulate the development and use of land in the public interest. Matters relating to Planning are out of necessity spread across different parts of the Constitution. This increases the risk of conflict of planning provisions in different parts of the Constitution. This consolidated approach to the review of all the planning provisions in the Constitution is intended to allow the planning provisions to be dealt with in a coordinated manner as a whole.

Planning decisions are based on balancing competing interests and making an informed judgement against a local and national policy framework. Planning necessarily affects land and property interests and decisions are often highly contentious. In many instances legal challenges are mounted and these can be on substantive grounds as well as on procedural and governance grounds. The following planning issues call for discussion and decision.

### **Name of the Committee dealing with Planning applications.**

Currently this is called the “Development Control Committee”. The proposal is to change the name to “Development Committee”. As the Committee dealing with planning policy is named “Planning Policy Committee”, the alternative is to name it “Planning Applications Committee”

The Planning and Compulsory Purchase Act 2004 signalled a shift of LPA planning role from a reactive “control function” to a more proactive Development Management function. This was tied to the plan making functions where the role of the LPA in plan making and determining applications was to be proactive in developing the area. Thus “control” is now considered an anachronistic way of referring to the functions of the LPA when determining planning applications.

### **Local Code and Public speaking**

The public speaking rules have been moved from the Procedure Rules (Part 5) into a Part 8 (Codes and Protocols). Key changes include clarifying who can speak and the time limits. Clearer guidance on Site Visits and the removal of reference to the Site Visit Panel and similarly the removal of reference to the Briefing Panel. Paragraph 2 of the draft Protocol indicates the close relationship between the Member Code of conduct (currently under review) and this local code - This protocol is intended to supplement the Members Code of Conduct where members are involved in the planning process. As the Member Code of Conduct is under review it is felt appropriate that the local planning protocol being supplementary to the code is dealt with by Standards Committee

### **Delegation to officers and delegation to Development Committee.**

In the new Constitution it is proposed that Full Council will delegate all operational matters relating to determinations and enforcement to the Development Committee and delegate strategic policy matters to the Planning Policy committee. These two Committees will then reserve certain matters to themselves and delegate the rest to Officers through the Group Head of Planning. The proposals are set out in Appendix 2

### **Section 106 moneys**

There is also a question on the role of the Planning Policy committee in relation to section 106 moneys and the way the proposed constitution is worded (see extract para 11 below and also extract paragraph 16). In previous meetings CWP was particularly unhappy with the third bullet point in para 11 and asked that officers come back with proposals to explain why the bullet points need to remain.

*11. Approving the repayment of money paid to the Council under Planning Obligations in these circumstances:*

- *Where the money is unallocated for any project*

- *Where the money cannot be spent on the previously identified project because the project falls or fails*
- *Where the money is paid subject to a condition that it be spent on a specified project within a specified time. Such clauses are usually avoided by the Council but some developers insist that they be included in Planning Obligations*

And

16. *In line with the limits listed in the Financial Procedure Rules set out in Part 6 of this Constitution approval of:*

- *the virement of monies received in accordance with the terms of any agreement made under Section 106 Town Country Planning Act 1990;*
- *virements of expenditure within relevant service area budgets;*
- *the drawing down of funds; and*
- *the award of grants to organisations, including discretionary rate relief*

## 2. PROPOSAL(S):

Please refer to the recommendations at the start of the report.

## 3. OPTIONS:

1. Do nothing
2. Refer all matters to DCC in January 2021 - this will compromise the timetable for agreeing the new constitution
3. Agree the proposals as recommended
4. Agree the proposals as recommended but with amendments

## 4. CONSULTATION:

Has consultation been undertaken with:	YES	NO
Relevant Town/Parish Council		X
Relevant District Ward Councillors		X
Other groups/persons (please specify)		X
5. ARE THERE ANY IMPLICATIONS IN RELATION TO THE FOLLOWING COUNCIL POLICIES: (Explain in more detail at 6 below)	YES	NO
Financial		X
Legal		X
Human Rights/Equality Impact Assessment		X
Community Safety including Section 17 of Crime & Disorder Act		X

Sustainability		X
Asset Management/Property/Land		X
Technology		X
Other (please explain)		X

**6. IMPLICATIONS:**

This is a policy decision and there are no other implications

**7. REASON FOR THE DECISION:**

To amend the Constitution in line with the change of governance structure.

**8. BACKGROUND PAPERS:**

The Council's Constitution

## APPENDIX 1

Based on Sherwood and Newark District Council Model with Arun Customisation

### **DRAFT PROTOCOL FOR MEMBERS ON DEALING WITH PLANNING MATTERS**

#### 1.0 Introduction

1 One of the key purposes of the planning system is to regulate the development and use of land in the public interest.

1.2 Planning decisions are based on balancing competing interests and making an informed judgement against a local and national policy framework. Planning necessarily affects land and property interests and as a consequence decision can often be highly contentious.

1.3 The risk of controversy and conflict are heightened by the openness of a system which invites public opinion before taking decisions and the legal nature of the development plan and decision notices. Nevertheless it is important that the decision making process is open and transparent.

1.4 The aim of this protocol is to ensure that in the planning process there are no grounds for suggesting that a decision has been biased, partial or not well founded in any way.

1.5 This protocol applies at all times when Members are involved in the planning process. This includes meetings of the Development Committee, meetings of the Council when exercising the functions of the Planning Authority and less formal occasions, such as meetings with officers or the public and consultative meetings. It applies to planning enforcement matters, to site specific policy issues and to the making of compulsory purchase orders on planning grounds.

**If you have any queries or concerns about the application of this protocol to your own circumstances you should seek advice early from the monitoring officer or deputy monitoring officer and preferably well before any meeting takes place**

#### 2.0 Relationship to the Members Code of Conduct

2.1 The Council has adopted a local code of conduct which reflects the principles of selflessness, integrity, objectivity, accountability, openness, honesty and leadership.

2.2 This protocol is intended to supplement the Members Code of Conduct where members are involved in the planning process.

2.3 The rules set out in the Members Code of Conduct must be applied first and must always be complied with.

2.4 Where a member does not abide by the Members Code of Conduct and/or this protocol when involved in the planning process it may put the Council at risk of challenge on the legality of any decision made or at risk of a finding of maladministration.

2.5 The failure is also likely to be a breach of the Members Code of Conduct and may be the subject of a complaint to the Standards Committee. **Members should apply common sense in the interpretation of this protocol.**

### 3.0 The General Role and Conduct of Councillors and Officers

3.1 Councillors and officers have different but complementary roles. Both serve the public but Councillors are responsible to the electorate whilst officers are responsible to the Council as a whole. Officers advise Councillors and the Council and carry out the Council's work. They are employed by the Council, not by individual Councillors. A successful relationship between councillors and officers will be based upon mutual trust, understanding and respect of each other's position. The Council has a protocol giving guidance on relationships between officers and members.

3.2 Both Councillors and Officers are guided by codes of conduct. The Members Code of Conduct and its relationship to this protocol are set out in Part 8, Section 6 of the Constitution.

3.3 Planning Officers who are chartered town planners are subject to the Royal Town Planning Institute (RTPI) Code of Professional Conduct breaches of which may be subject to disciplinary action by the Institute. In addition, the Council has a Code of Conduct for Employees.

3.4 In addition to these Codes, the Council's Procedure Rules govern the conduct of Council business.

3.5 Councillors and officers should view with extreme caution any offer of gifts or hospitality. The Council has adopted separate protocols for Officers and for Members giving guidance on gifts and hospitality.

3.6 Serving councillors who act as agents for people pursuing planning matters within their authority should not be members of the Development Committee.

3.7 Councillors and particularly those serving on the Development Committee must receive training on planning when first appointed to the Development Committee and regularly thereafter.

### 4.0 Registration and Disclosure of Interests

4.1 The Member Code of Conduct sets out detailed requirements for the registration and disclosure of disclosable pecuniary interests. Members should not participate in any decision and should leave the meeting where they have a disclosable pecuniary interest unless they have first obtained a dispensation.

In addition, unless they have obtained a dispensation they should:-

- NOT participate or give the appearance of trying to participate in the making of any decision on the matter by the Council
- NOT get involved in the processing of the application
- NOT use their position to discuss the proposal with officers or members when other members of the public would not have the opportunity to do so or in any other way seek or accept any preferential treatment or give the appearance of so doing.

4.2 In addition, the Member Code of Conduct requires members to consider whether they have a non-disclosable interest or personal interest in any item. Such an interest will arise where the matter may reasonably be regarded as affecting the wellbeing or financial standing of the member concerned, a member of their family or a person with whom they have a close association to a greater extent than the majority of people in their ward. Such an interest will also arise where it would be a disclosable pecuniary interest but relates to a member of the councillor's family or to a close associate rather than to the member themselves or to their spouse or partner.

4.3 In the event that a member considers that they have a non-disclosable pecuniary interest or personal interest in any matter they should disclose the existence and nature of the interest at or before the consideration of that item of business or as soon as the interest becomes apparent.

4.4 The member then needs to consider very carefully whether it would be appropriate to participate in discussion and voting on the matter. They should think about how a reasonable member of the public, with full knowledge of all the relevant facts would view the matter when considering whether their participation would be appropriate.

## 5.0 Predisposition, Predetermination or Bias

5.1 To preserve the integrity of committee decisions, it is vital that members do not make up their minds before they have all relevant materials and arguments before them at the Development Committee meeting. Members must retain an open mind at the time the decision is made and not make up their minds or appear to have made up their minds until they have heard the officer's presentation and evidence at the Development Committee when the matter is considered. This is particularly important if a member is contacted by an external interest or lobby group. If a member has made up their mind prior to the meeting and is not able to reconsider their previously held view, they will not be able to participate in the determination of the matter by the because if they did take part in the discussion or vote it would put the Council at risk in a number of ways. Firstly, it would probably, in the view of the Local Government Ombudsman, constitute maladministration. Secondly, the Authority could be at risk of legal proceedings on a number of possible grounds:-

- That there was a danger of bias on the part of the member; and/or
- Predetermination; and/or

- A failure to take into account all of the factors which would enable the proposal to be considered on its merits

5.2 Members are entitled to feel predisposed towards a particular decision but must still be able to consider and weigh relevant factors before reaching their final decision. Predetermination arises when members' minds are closed, or reasonably perceived to be closed, to the consideration and evaluation of the relevant factors. This risks making the whole decision vulnerable to legal challenge. Section 25 of the Localism Act 2011 provides that a councillor should not be regarded as having a closed mind simply because they previously did or said something that, directly or indirectly, indicated what view they might take in relation to any particular matter. For example, a councillor who states "*wind farms are blots on the landscape and I will oppose each and every wind farm application that comes before committee*" has a closed mind. A councillor who states "*many people find wind farms ugly and noisy and I will need a lot of persuading that any more wind farms should be allowed in our area*" does not have a closed mind although they are predisposed towards opposing such applications.

5.3 Members may take part in the debate on a proposal when acting as part of a consultee body (ie where they are also a member of the county or parish council as well as being a member of the Authority) provided that: they make clear during discussion at the consultee body that-

(i) Their views are expressed on the limited information before them only; and

(ii) They will reserve judgement and the independence to make up their own mind

on each separate proposal when it comes before the District Council's Development Committee and they have heard all the relevant information and

(iii) They will not in any way commit themselves as to how they or others may vote when the proposal comes before the District Council's Development Committee. In the interests of transparency, the member should, in such circumstances, disclose the personal interest regarding their membership of the consultee body when the District Council's Development Committee comes to consider the proposal.

5.4 Where a member has already made up their mind and therefore declines to speak or vote on a proposal, they do not also have to withdraw (unless they have a disclosable pecuniary interest and have not obtained a dispensation) but they may prefer to do so for the sake of appearances.

5.5 If a member decides to stay in the meeting they should explain that they do not intend to speak and vote because they have (or could reasonable be perceived as having) judged the matter elsewhere, so that this may be recorded in the minutes.

5.6 Members who have participated in the development of planning policies and proposals need not and should not normally exclude themselves from decision making on individual applications for that reason.

## 6.0 Development Proposals Submitted by Councillors and Officers and Council Development

6.1 Proposals submitted by serving and former councillors, officers and their close associates and relatives can easily give rise to suspicions of impropriety. Proposals could be planning applications or local plan proposals.

6.2 Such proposals must be handled in a way that gives no grounds for accusations of favouritism. In particular:-

- If a member or officer submits their own proposal to the Authority, they should play no part in its consideration
- The Council's Monitoring Officer should be informed of any proposal submitted by any member or any officer employed by the Authority on the grade of Business Manager or above or any officer who would otherwise have been involved in processing or determining the application
- Such proposals should be reported to the Development Committee and not dealt with by officers under delegated powers

6.3 A member will have a disclosable pecuniary interest in their own application and should not participate in its consideration. They have the same rights as any applicant in seeking to explain their proposal to an officer but the councillor, as applicant, should also not seek to improperly influence the decision.

6.4 Proposals for the Council's own development should be treated with the same transparency and impartiality as those of private developers.

## 7.0 Lobbying of and by Councillors

7.1 Lobbying is a normal part of the planning process. Those who may be affected by a planning decision, whether through an application, a site allocation in a development plan or an emerging policy, will often seek to influence it through an approach to their ward member or to a member of the Development Committee. The Nolan Committee's 1997 report stated: *"it is essential for the proper operation of the planning system that local concerns are adequately ventilated. The most effective and suitable way that this can be done is through the local elected representatives, the councillors themselves"*.

7.2 Lobbying can, however, lead to the impartiality and integrity of a councillor being called into question, unless care and common sense is exercised by all the parties involved.

7.3 When being lobbied, councillors and members of the Development Committee in particular, should take care about expressing an opinion that may be taken as indicating that they have already made up their mind on the issue before they have been exposed to all the evidence and arguments.

7.4 In such circumstances, members should consider restricting themselves to giving advice about the process and what can and cannot be taken into account.

7.5 Members can raise issues which have been raised by their constituents with officers.

7.6 If a member does express an opinion to objectors or supporters, it is good practice to make it clear that they will only be in a position to make a final decision after having heard all the relevant arguments and having taken into account all relevant material and planning considerations at committee.

7.7 If any councillor, whether or not a committee member, speaks on behalf of a lobby group at the Development Committee, they should withdraw from the meeting once the opportunity to make representations has been completed in order to counter any suggestions that members of the Committee may have been influenced by their continuing presence.

7.8 In no circumstances should planning decisions be made on a party political basis in response to lobbying. The use of political whips to seek to influence the outcome of a planning application is likely to be regarded as maladministration.

7.9 Development Committee members should in general avoid organising support for or against a planning application and should not lobby other councillors.

7.10 Members should not put pressure on officers for a particular recommendation or decision and should not do anything which compromises, or is likely to compromise, the officer's impartiality or professional integrity.

7.11 Members should pass any lobbying correspondence received by them to the Group Head of Planning at the earliest opportunity.

7.12 Any offers made of planning gain or restraint of development, through a proposed S106 Agreement or otherwise should be referred to the Group Head of Planning.

7.13 Members should not accept gifts or hospitality from any person involved in or affected by a planning proposal.

7.14 Members should inform the Monitoring Officer where they feel that they have been exposed to undue or excessive lobbying or approaches, including inappropriate offers of gifts or hospitality, who will in turn advise the appropriate officers to follow the matter up.

## 8.0 Requests to Refer Items to Committee

8.1 **A request to refer a matter to Committee must be made in accordance with the Scheme of delegation then in operation.** If a Member requests that a matter be referred to committee for determination, where it would otherwise be dealt with by officers acting under delegated powers, they should give written reasons for that request and those reasons should relate solely to matters of material planning concern. The member should also observe any additional rules and requirements set out in the Council's Constitution.

## 9.0 Pre-Application Discussions

9.1 Pre-application discussions between a potential applicant and the Council can benefit both parties and are therefore encouraged. However, it would be easy for such discussions to become, or be seen by objectors to become, part of a lobbying process on the part of the applicant.

9.2 Councillors have an important role to play in pre-application discussions, bringing their local knowledge and expertise, along with an understanding of community views. Involving councillors can help identify issues early on, helps councillors to lead on community issues and helps to ensure that issues do not come to light for the first time at committee. Officers should therefore consider involving the local ward Member(s) particularly in relation to major applications. However, in order to avoid perceptions that councillors might have fettered their discretions, such discussions should take place in accordance with the following guidelines:-

(i) It should be made clear at the outset that the discussions will not bind the Council to making a particular decision and that any views expressed are personal and provisional. By the very nature of such meetings not all relevant information may be at hand, nor will formal consultations with interested parties have taken place.

(ii) It should be acknowledged that consistent advice should be given by officers based upon the development plan and material planning considerations.

(iii) Officers should be present with councillors in pre-application meetings. Councillors should avoid giving separate advice on the development plan or material considerations as they may not be aware of all the issues at an early stage.

(iv) Members should not become drawn into any negotiations which should be done by officers (keeping interested members up to date) to ensure that the Authority's position is co-ordinated.

(v) A written note should be made of all meetings. An officer should make the arrangements for such meetings, attend and write notes. A note should also be taken of any phone conversations, and relevant emails recorded for the file. Notes should record issues raised and advice given. The note(s) should be placed on the file as a public record. If there is a legitimate reason for confidentiality regarding a proposal, a note of the non-confidential issues raised or advice given can still normally be placed on the file to reassure others who are not party to the discussion.

(vi) Care should be taken to ensure that advice is impartial, otherwise the subsequent report or recommendation to Committee could appear to be advocacy.

9.3 Although the term “pre-application discussions” has been used, the same consideration should apply to any discussions which occur before a decision is taken.

9.4 Common sense should be used by members in determining the scale of the proposals to which paragraph 9.2 above will apply. Councillors talk regularly to constituents to gauge their views on matters of local concern. Keeping a register of such conversations would be neither practical nor necessary. If for example a member is approached by an applicant or an objector in respect of what could reasonably be considered to be a minor application it would be more appropriate for the member concerned to give advice on process only and what can and cannot be taken into account (see paragraph 7.4) and to refer the constituent to a planning officer if they need planning or technical advice.

#### 10.0 Officer Reports to Committee

10.1 Officer reports to Committee should be comprehensive and should include the substance of any objections and other responses received to the consultation. Relevant information should include a clear assessment against the relevant development plan policies, relevant parts of the National Planning Policy Framework (NPPF), any local finance considerations and any other material planning considerations.

10.2 Reports should have a written recommendation for a decision to be made.

10.3 Reports should contain technical appraisals which clearly justify the recommendation.

10.4 If the report’s recommendation is contrary to the provisions of the development plan, the material considerations which justify the departure must be clearly stated. This is not only good practice, but also failure to do so may constitute maladministration or give rise to a Judicial Review challenge on the grounds that the decision was not taken in accordance with the provisions of the development plan and the Council’s statutory duty under S38A of the Planning and Compensation Act 2004 and S70 of the Town and Country Planning Act 1990.

10.5 Any oral updates or changes to the report should be recorded.

#### 11.0 Public Speaking at Development Committees

11.1 Members of the public, including any applicant or objector, are not entitled as of right to speak at meetings of the Development Committee and are encouraged to submit any representations in writing during the consultation period.

11.2 All representations received will be reported to committee. Where they are received late, and after publication of the agenda for the Development Committee they will be reported to the Committee by means of a late paper summarising any late representations received in respect of items on the agenda for the Development Committee.

11.3 Any person who has made a written representation on an application and wishes to speak must register their request by 5pm on the Monday before the meeting, by phoning 01903 737512 or by email. It is the responsibility of the individual to check whether the application is to be considered by Development Committee. [ one should be able to register to be automatically notified when the agenda for the committee is published]

11.4 There is a time limit of 3 minutes for each group of speakers i.e. Ward Members, Parish Councils, objectors, applicants/agents or supporters. Objectors & supporters include residents groups, community groups or interest groups. A supporter must be an independent third party such as a local resident, not a relative of the applicant or the applicant themselves if their appointed agent is already speaking.

11.5 A lead speaker can be nominated or agreement reached between speakers about splitting up the 3 minutes between them, otherwise the 3 minutes will be equally divided between all the registered speakers in each group. The order of speaking will be as follows:

**Number/Order of Speakers Table**

<b>Order</b>	<b>SPEAKER</b>	<b>TIME ALLOWED</b>
<b>1.</b>	<b>Planning Officer</b> to present and if necessary, update the report, particularly regarding further written representations received.	
<b>2.</b>	<b>Town or Parish Council/Meeting which the application is sited within or which the application site immediately adjoins</b>  Maximum of two representatives (one per Parish/Town)	3 minutes
<b>3.</b>	<b>Objectors to the Application</b>  Two Representatives only	3 minutes
<b>4.</b>	<b>Applicants/Agents/Supporters</b>  Two Representatives only	3 minutes
<b>5.</b>	<b>Ward Councillors</b> (Councillors representing the Ward in which the application is sited)	In the interest of fairness the Chairman will request Ward Councillors to limit

		their presentation to 3 minutes.
6.	Planning Officer to deal with any errors of fact which have arisen or any necessary clarification of policy or other issues	
7.	Committee to debate and determine the application, involving officers as necessary	
8.	No Further Right for Public Speaking	

11.6 Non-Ward Councillors are also able to speak at meetings of the Development Control Committee with the permission of the Committee, in line with the provisions of Committee Procedure Rule 12 (Attendance by other Members of the Council) as set out in Part 5 of this Constitution.

11.7 In the event that more than two speakers have registered to speak in categories 2, 3, or 4, the first two registered persons appearing on the register only will be allowed to speak. If one or both of the persons entitled to speak does not attend or confirms that they agree to the next registered person speaking in their place, then the next registered person will be allowed to speak in their place. Prior to the commencement of the meeting, attendance of those who have registered to speak will be listed. The Chairman's discretion shall apply in the event of any dispute in the matter of which persons may speak.

11.8 A speaker can only speak once in respect of an application; in the case applications returning to committee where there has been public speaking previously. a speaker cannot speak at more than one meeting.

11.9 Exceptionally, the Chair may decide during the meeting to increase the time available, for example if an application straddles a parish boundary or if a large number of people wish to speak. In such cases the time will be increased equally for each of the groups.

11.10 New documents should not be circulated to the Committee. Councillors may not be able to give proper consideration to the new information and officers may not be able to check for accuracy or provide considered advice on any material considerations arising. This should be made clear to those who intend to speak. If, in exceptional circumstances and at the Chairman's discretion, new documents are accepted, the meeting may be adjourned for them to be properly considered.

11.11 Messages should never be passed to individual committee members, either from other councillors or from the public. This could be seen as seeking to influence that member improperly and will create a perception of bias that will be difficult to overcome.

## 12.0 Decisions Which Differ From an Officer Recommendation

12.1 The law requires that decisions should be taken in accordance with the development plan, unless material considerations (which specifically include the NPPF) indicate otherwise (S38A Planning and Compensation Act 2004 and S70 of the Town and Country Planning Act 1990).

12.2 This applies to all planning decisions. Any reasons for refusal must be justified against the development plan and other material considerations.

12.3 The courts have expressed the view that the Committee's reasons should be clear and convincing. The personal circumstances of an applicant or any other material or nonmaterial planning considerations which might cause local controversy will rarely satisfy the relevant tests.

12.4 Development Committees can, and often do, make a decision which is different from the officer recommendation. Sometimes this will relate to conditions or terms of a S106 obligation.

Sometimes it will change the outcome from an approval to a refusal or vice versa. This will usually reflect a difference in the assessment of how a policy has been complied with, or different weight ascribed to material considerations.

12.5 The Development Committee should take the following steps before taking a decision which differs from an officer recommendation:-

- (i) Record the detailed reasons as part of the mover's motion
- (ii) If necessary, adjourn for a few minutes for those reasons to be discussed and then agreed by the Committee
- (iii) Where there is concern about the validity of reasons and/or officer concern about a potential award of costs on appeal, consider deferring to another meeting to have the putative reasons tested and discussed.
- (iv) Ensure that a recorded vote is taken, recording the individual names of those present and how they voted

12.6 If the Development Committee makes a decision contrary to the officer's recommendation (whether for approval or refusal or changes to conditions or S106 obligations), minutes of the Committee's reasons should be made and a copy placed on the application file. Councillors should be prepared to explain in full their planning reasons for not agreeing with the officer's recommendation.

12.7 The officer(s) should also be given an opportunity to explain the implications of the contrary decision should one be made.

12.8 All applications that are clearly contrary to the development plan and constitute notifiable departures must be advertised as such and are known as "departure" applications. If it is intended to approve such an application, the material considerations leading to this conclusion must be clearly identified, and

how these considerations justify overriding the development plan must be clearly demonstrated.

12.9 The application may then have to be referred to the relevant Secretary of State, depending upon the type and scale of the development proposed (S77 of the Town and Country Planning Act 1990). If the officer's report recommends approval of such a departure, the justification for this should be included, in full, in that report.

### 13.0 Committee Site Visits

13.1 Committee site visits do not constitute formal meetings of the Council but rather their purpose is to enable members to observe the site and to gain a better understanding of the issues. Non-attendance of a site visit will not preclude a member from discussing and voting on the relevant matter at the Development Committee meeting. Notwithstanding this, members should make every effort to attend where it is considered that a site visit is necessary and appropriate. In addition, any relevant information which members have gained from the site visit will if necessary, be reported back to the Committee so that all members have the same information.

13.2 Site visits should only be conducted where the benefit is clear and substantial. Officers will have visited the site and assessed the scheme against policies and material considerations already. A site visit should not take place unless:

- (i) There are particular site factors which are significant in terms of the weight attached to them relative to other factors if they would be difficult to assess in the absence of a site inspection; or
- (ii) There are specific site factors and/or significant policy or precedent implications that need to be carefully addressed; or
- (iii) The impact of the proposed development is difficult to visualise; or
- (iv) The comments of the applicant and/or objectors cannot be expressed adequately in writing; or
- (v) The proposal is particularly contentious

13.3 A record should be kept of the reasons why a site visit is called.

13.4 Only Members of the Development Committee, the local ward member(s) and officers should participate in site meetings. A Member who is not the local ward member but is able to demonstrate to the satisfaction of the Group Head Planning in consultation with the Chairman of the Development Committee prior to the site meeting taking place that the application will have a significant impact on their ward may be permitted to attend the site meeting.

13.5 The applicant may be present on site but should be kept a discreet distance away from the Development Committee members and officers so that they cannot be a party to any comments or questions raised. Upon the refusal of the applicant to respect this requirement, the Committee shall leave the site immediately.

13.6 Members should not express opinions or views at the site meeting but may ask officers present questions or seek clarification from them on matters which are relevant to the site investigation.

13.7 Under no circumstances should the site visit members hear representations from any party other than the local ward member. Observations of the ward member(s) should be confined to site factors and site issues. If any member present at a site visit is approached by the applicant or a third party, they should advise them that they should make representations in writing to the Authority and should direct them to or inform the officer present.

13.8 Once a councillor becomes aware of a proposal they may wish to visit the site alone. In such a situation, a councillor is only entitled to view the site from public vantage points and they have no individual rights to enter private property.

#### 14.0 Voting at Committee

14.1 Any member who is not present throughout the whole of the presentation and debate on any item shall not be entitled to vote on the matter. A site visit is not a presentation or debate.

#### 15.0 Deferral

15.1 Members should not seek to defer consideration of any item put before the Development Committee unless there are clear and demonstrable reasons for doing so such as a relevant planning issue arising for the first time not having been previously considered and needing further investigation.

15.2 Where a Member might otherwise be minded to seek deferral of an item by reason that they wish to seek clarification on a particular issue, consider that further material information is required on a particular matter or for any other substantial reason, they should seek to obtain such clarification or additional information from the relevant Case Officer at least two hours prior to the commencement of the Development Committee meeting.

#### 16.0 Annual Review of Decisions

16.1 It is good practice for councillors to visit a sample of implemented planning permissions to assess the quality of the decisions and the development. This should improve the quality and consistency of decision making, strengthen public confidence in the planning system, and can help with reviews of planning policy.

16.2 Reviews should include visits to a range of developments such as major and minor schemes; upheld appeals; listed building works and enforcement cases. Briefing notes should be prepared on each case. The Development Committee should formally consider the review and decide whether it gives rise to the need to reconsider any policies or practices.

## 17.0 Complaints

17.1 Complaints relating to planning matters will be dealt with in accordance with the Council's complaints procedures.

17.2 So that complaints may be fully investigated and as general good practice, record keeping should be complete and accurate. Every planning application file should contain an accurate account of events throughout its life. It should be possible for someone not involved in that application to understand what the decision was, and why and how it had been reached. This applies to decisions taken by Committee and under delegated powers, and to applications, enforcement and development plan matters
